ing of Washington Avenue. The city council finally came to a deision regarding the paving of Washington wenue at the adjourned meeting held last night. It was decided to pave that portion of the avenue from the center of the interection of Harrison street to the west line of Frank street, this embracing all that part that has never been paved. This action was taken on the understanding with the property owners that contracts would

not be let or the work commenced until next spring unless a majority of the interested wners petitioned for the paving to be laid this fall. The action of the council appeared to settle the matter to the satisfaction of both the property owners, who wanted paving and those who filed remonstrances

against it. Tenth avenue from the west line of Main street to the east line of South Sixth street

was also ordered paved.

Platform Adopted. . DUBUQUE, Ia., Sept. 1 .- (Special Tele-

gram.)-Today's republican state convention approved the national administration in the strongest terms. The speeches and platform were full of this approval and the sentiment of the convention was unanimously that way. While Major Lacey, temporary chairman, sounded the keynote, Senator Allison, permanent chairman, in hi speech, undoubtedly voiced the views of the administration. The platform did not go as far in the matter of annexation and policy toward conquered territory, but no open objection was made to the resolutions as presented and they were unanimously adopted. The only exciting event was in the contest for railroad commissioner, J. U. Sammis of Plymouth undoubtedly had a

majority when the roll call was finished but before the result was announced the friends of Welcome Mowry of Tama county succeeded in stampeding the convention and captured the nomination. Charles T. Hancock of Dubuque was elected chairman of the state central committee without opposition. The convention of 1899 will be held at Des Moines.

## Associated Press Story.

DUBUQUE, Ia., Sept. 1 .- The republican state convention today met in Sangerbund been affected by the heat and tumbled from hall with an average attendance and the greatest enthusiasm. Senators Allison and Genr. Congressmen Henderson, Dolliver, Cousins, Lacey, Hepburn, Updegraff, Gover-

nor Shaw and ex-Governor Drake were or Wanted-Several carriers for routes on the stage and each was given a warm reception. Before the convention district caucuses

were held and members of the various committees selected. In the Fourth district only was there any serious rupture. Here Blythe and Updegraff forces contested for committeeman, the congressman losing at every point.

Convention hall was a mass of flags and sentiment patriotic in proportion. Singing of "Battle of Manila" created immense enthusiasm

Hon. John F. Lacey, temporary chairman, said, in part: Not since the "era of good feeling" in the early days of the century has party feeling run so low and national patrictism risen so high. Never in all our history have the American people been so sincerely

and thoroughly united in the bonds of brotherhood. There is too much honor in being a citizen of the republic for any one to wish to leave the union. Never has there been a more earnest and honest pride than that which is shown today when one of our people says: "I am an American citizen." Now is an era of good will and general reconciliation, the past is remem-bered only with gratitude and pride. All its bitterness is buried and every man, with-

out regard to politics, may cheer an adminis-tration that is strong and respected alike

### Allison Made Chairman.

At the afternoon session Senator Allison was chosen permanent chairman. There was much cheering when the senator arose, the demonstration exceeding that of any before. The senator said in part:

Two years ago this fall we elected Hon William McKinley as president; (long con-tinued applause). I have heard of no man in this state who is sorry of that. The af-fairs in this country of ours during those years have been managed by him and his cabinet with a facility and with a single purpose of patriotic efforts in a way to fully meet the approbation of the American people. We have seen what I have never seen before in a long service in the councils of my country, vote after vote cast during the last session of congress giving the unan-imous support of the representatives of the country to this great and good man and his administration. We have trusted the president and his advisers. We have trusted the congress of the United States in this emergency and they have met every require-ment with a patriotism that should receive the thanks of the country.
