an Insurrection.

WASHINGTON, Sept. 5 .- General Nunez f the Cuban army has returned to Washington, having been on an expedition which took supplies to the Cubans. He left this ountry before the war was closed and landed at several points and delivered his

supplies. General Nunez reports a great deal of distress among the Cubans and says it will be still greater on account of the inability of the Cubans to forage and raid various places where they formerly obtained supplies. The Spaniards are making it difficult to supply food to the Cubans. It is done so that they will compel the latter to take the provisions by force and stir up trouble between the Cubans and Americans, which will tend to discredit them. The Spaniards are willing food shall be given to their immediate people, but do not want it taken to the Cubans

## TROUBLE FOR CHAPLAIN MINTYRE

To Be Court-Martialed for Utterances Concerning Fight at Santiago. WASHINGTON, Sept. 5 .- Ever since the wrinted reports of the sensational utterees of the naval chaptain, Joseph R. Mctyre, reached the Navy department, the efficials have been making a quiet inquiry to the accuracy of the newspaper publictions. The chaplain, who was attached to the Oregon and was on board when the battle of July 3 was fought, was accredited with some savage criticism of Admiral Sampson, Captain Evans and various other officers of the American fleet, insisting that to the officers and men of the Oregon belonged the victory achieved over the Spanish quadron. He was particularly nevere or Captain Evans, whom he charged with owardice. Apparently the Navy departent has now satisfied itself that the chaplain really uttered the language ascribed to him, for it has ordered his trial by court martial on charges of conduct to the prejudice of good order and discipline and unbeoming an officer. The chaplain is now on cave of absence in Denver.

SPANIARDS CURIOUS AND FRIENDLY

At Calgues, Where a Thousand Spanish Regulars Are Stationed, the Americans Are Greeted with Pretentious Ceremony.

SAN JUAN, Porto Rico, Sept. 5 .- Major Jeneral John R. Brooke, his staff and escort have completed two-thirds of their four ex across the island toward this city. The march has been like a march through a friendly territory. On Saturday General Brooke stopped at Cayey. Yesterday he reached Caguas, twenty miles from here. This afternoon he enters Rio Pedras, one of the aristocratic suburbs of San Juan, where he will establish his headquarters. General Brooke has accepted the hossitality of Captain General Macias, who graciously offered him the use of his private

As it wound ts way over stately mountains, covered to their summits with coffee and tobacco plantations and through broad savannabs and valleys. At Calgues, where 1,000 Spanish regulars are stationed under command of Colonel Rodrigues, the ceremony was pretentious. DETROIT, Sept. 5.-Some sixty men and women postoffice clerks were present at the ninth annual convention of the National Association of Postoffice Clerks, which began its sessions in the Hotel Cadillac today. Heretofore the tailroads have provided free transportation to delegates, but two days ago the Postoffice department gave notice that it would not approve such action this year. Postmaster F. B. LITLE ROCK, Ark., Sept. 5 .- Arkansas today elected a full corps of state officers. one hundred members of the lower house of the legislature, sixteen state senators, local officers in each of the seventy-five counties and voted on the adoption of two important constitutional amendments, as well as the question of the liquor license in the different counties. The democratic state ticket, headed by Dan W. Jones, is undoubtedly elected, the only question of loubt being the size of the democratic plurality.

The vote on the two constitutional amendments is in doubt. One of these provides for the creation by the legislature of a railroad commission and the other for the levying of a tax of 3 mills for road purposes. At the opening of the senate the secretary read a letter from Senor Rodrigues, senator from by no means anxious to remain in the mil- Porto Rica, refusing to ebey the summons mary service. The complaint is not so within the stipulations of the peace premuch against the camp conditions as liminaries. The president of the Senate proposed a secret discussion of the decree and despite the protests of some senators ordered that the galleries be closed, which was done smid loud murmurs of disapprovat.

The chamber then became involved in a discussion of press censorship and a deptity inquired the motive underlying a circular which General Chinchilla, captain general of Madrid, had addressed to news papers, regulating their reports of the sessions of the Cortes. He declared that the censorship was inconsistently applied and the effect of the circular was to punish possible errors in advance.
