Mrs. Brewer's Humane Work.

A well-to-do Rhode Island lady, who looks after the sick of her city, writes to Dr. Hartman of her practical experience with Pe-r-u-na.

Mrs. LIZZIE M. BREWER.

I am blessed with some good samaritans. Mrs. Lizzie M. Brewer, of 196 High St., Westery, R. I., is a noble woman who devotes a great deal of time and money to caring for the sick of Westery. She has been for several years one of Pe-r-u-na's strongest friends, and under date of March 17, 1898, she writes the following letter to Dr. Hartman, Columbus, O., the originator of Pe-r-u-na:

"Your welcome advice is at hand, and my gratitude is unbounded for the privilege I enjoy of consulting so renowned a physician as yourself, always receiving such prompt and satisfactory replies to my questions. And what amazes me most is that, this can be done year after year, with unflinching certainty, free of charge. I have learned that you have become to thousands and thousands of households the same beneficent guide and adviser that you are to my household.

"As for your free books, I read them everyone, and treasure their contents as the choicest wisdom. I have used Pe-r-u-na in my family for over four years, and find it a sure cure for all catarrhal affections so common in this part of the country. It acts as a cold at once; there is no cough medicine that can at all equal Pe-r-u-na; as for a gripe there is no other remedy that can at all compare with Pe-r-u-na. I notice in medical journals and from the testimony of my neighbors that the doctor's remedy is successful in removing the after-effects of a gripe. From personal observation in many cases I know that Pe-r-u-na is a sure specific for these cases. I am among the sick a great deal in our city, and have supplied many invalids with Pe-r-u-na, simply because I am enthusiastic in my faith as to its results. I have never known it to fail to give relief, and permanently remove that demoralized state of the human system which follows a gripe.
