

MONEY GOES TO MISSOURI

State Funds Expended for Benefit of the Kansas City Manufacturer.

ONE BEAUTY OF POPOCRATIC ECONOMY

Not Only Has the State Board "Saved" Money, but It Has Kept Nebraska People from Handling What It Did Spend.

LINCOLN, Sept. 20.—(Special.)—The Bee's exposure of the state butter and oleomargarine contracts has caused a great deal of comment, especially among the farmers, dairymen and creamery men, who are most directly interested in the butter-making industry, and a large number of inquiries have come in for exact details of this new scheme of the popocratic officials to "save money." To satisfy these inquirers that there is no guesswork about this matter, the vouchers in the auditor's office have been gone over in detail, the Hastings Asylum for the Incurable Insane being taken as a sample institution. In the table below, showing the amount of artificial butter purchased for this institution during the past fourteen months, the number of 50-pound tubs, the brand of grease and the voucher numbers are given as they appear on the vouchers. The purchases shown below were from one firm at Kansas City. No search has yet been made to find if buttermilk was also purchased from local dealers, or if more than one firm was bought for the use of the officials of the asylum. It will be noticed that the Kansas City dealers worked off on the Hastings Institution an average of about 1,000 pounds of "oleo" per month. The figures compiled from the official vouchers are as follows:
Date and No. of Voucher. Amount paid.
Sept. 13, 14,221-10 tubs May sold. 47.50
Oct. 13, 14,221-10 tubs May sold. 47.50
Nov. 14, 14,221-10 tubs May sold. 47.50
Dec. 9, 17,041-20 tubs May sold. 95.00
Jan. 22, 18,176-20 tubs May sold. 95.00
Feb. 9, 18,176-20 tubs May sold. 95.00
March 14, 18,176-20 tubs special. 100.00
April 9, 18,176-20 tubs special. 100.00
May 19, 20,776-20 tubs special. 100.00
June 17, 22,721-20 tubs special. 100.00
August 8, 22,721-20 tubs special. 100.00
Sept. 12, 23,381-20 tubs special. 100.00
Total paid for Kansas City oleo. \$1,140.00
Total number of pounds. 11,500

Good Thing for Missouri

Using the Hastings asylum as a basis to figure from, it will be found that an equal amount of butter per capita for all institutions in the state would foot up to 51,825 pounds. This immense amount of artificial butter, at 10 cents per pound, the ordinary price paid, would cost \$5,182.50. But it takes the place of at least 31,829 pounds of Nebraska butter which ought to bring the people \$31,829. It seems that the butter makers of Nebraska are not only deprived of the chance to market this amount of their product, but that the sum of \$5,182 has been taken out of circulation here and sent to Missouri. This is calculated to make the average farmer or dairyman wonder where it is that the state officials "stand up for Nebraska."

In the face of these figures the "reform" state officials may denounce and claim that part of the time some of the state's wards were fed on real butter, or that the figures are a few dollars too high, because the little blind girls at Nebraska City, not being heavy eaters, do not consume their full share of the butter in their buttering. But this can be met by the assertion that the industrial school boys are naturally large eaters and very wasteful, and that the inmates of the Soldiers' home have been known to surreptitiously steal their butter with the buttering net before them. So that would more than offset the saving made on account of the poor appetites of the blind girls.

The butterine used by the state institutions is only a small item in the enormous amount consumed by the people in the institutions, and if the same method is followed in the purchase of other supplies, using cheap, artificial and adulterated food, the saving ought to be much larger than the "reformers" have reported, and there is no chance that some of the funds are being jugged instead of being used for legitimate purposes.

The requisition of the governor of Iowa has been honored for the return of W. M. Ferguson, who was captured at Caldwell, in Scott's Greely county. Ferguson is charged with having embezzled and converted to his own use a horse, buggy and harness belonging to R. C. Menary and E. W. Menary of Council Bluffs.

The ready-made suit company of Omaha, with a capital of \$50,000, filed articles of incorporation today. The officers are Charles L. Wright, president; John Wright, vice president; George B. Lasbury, secretary and treasurer.

Drunk and Sulphuric Acid. Mrs. R. A. Aveline, a street musician who came here during the reunion, committed suicide by drinking sulphuric acid last night. Since coming to the city she has acted strangely and yesterday was arrested and taken before the insanity board on complaint of the woman with whom she and two little girls lodged. She was released, however, and on going back down town got the poison and drank it. The suffering woman was taken to the police station and the city physician summoned, but the acid had so badly burned the flesh of both throat and stomach that she died after several hours of intense agony. It developed that the two little girls belong to a woman in St. Louis, but they were leaving with the woman to make money. Mrs. Aveline's husband left her while they were in Omaha last week and his threat of returning to Paris seemed to have unsettled her mind. Yesterday before taking the poison she sent telegrams advising that she was dying. A letter was received from St. Louis signed L. Francineux, asking for further explanation. In reply to a telegram sent from the police department later the same party asked to have the body buried and made inquiry about the children, who bear the same name as that signed to both messages.

A large number of Woodmen from all of

the camps in and around Lincoln are preparing to go to Omaha on Thursday to take part in the celebration of Woodman day at the exposition.

Dr. Haines, who has been the pastor of St. Paul's Methodist church for the last two years, tendered his resignation some time ago to take effect at the close of the conference year. He was tendered a reception by members of the church last night and today went to Fairbury. Dr. Haines expects to secure from the conference a year's leave of absence, which he will spend at his old home in Indiana in the hope of regaining his health before again taking up his ministerial work.

At the Lincoln-T. R. Andrews, W. A. Wyatt, John A. Krug.

COLLISION ON UNION PACIFIC

One Freight Car Hit by Another—Engineer Killed Seriously—If Not Fatally Injured.

GRAND ISLAND, Neb., Sept. 20.—(Special Telegram.)—The third section of freight train No. 18, on the Union Pacific, ran into the rear of the second section at Alda at 9:20 a. m. today morning. Conductor Hansen took a siding to let a passenger train, No. 5, pass. The third section, Conductor Kirsh, was under the impression he would run to the rear of the second section soon enough. A rear-end collision resulted. Six cars were demolished; also the engine of the third section. Engineer Roddy of the third section was badly injured. He was brought to the hospital in this city this morning. His leg must be amputated, and some fears are entertained that his injuries are fatal. The wrecking train is now clearing the tracks. Train No. 5 is still here waiting clearance.

The official reports received at headquarters here show that locomotive No. 721, which was pulling the third section of the freight, is badly demolished. The caboose, two box cars, loaded with bullion, and one car filled with cattle are also wrecked, and their contents scattered over the right of way.

The track was cleared at 9:20 o'clock this morning, and traffic was delayed but slightly. Train No. 4, the eastbound morning express, came into Omaha on time.

The latest reports from Engineer J. Roddy, who was taken to the Grand Island hospital with one leg broken and his body badly scalded, are that his condition is serious.

Hog Cholera in Nebraska

COLUMBUS, Neb., Sept. 20.—(Special.)—The old time hog cholera has again made its appearance in Platte county. O. B. Butler, a farmer, living within a few miles of town, has lost some forty head recently, and he says it affects both the old hogs and the pigs and no remedy seems to check its ravages. Several others have lost some. Those who have seen the hogs say it is the real old thing.

About two weeks ago John Foreman, a farmer living in Burrows township, had all of his stacks destroyed by fire just after he had commenced threshing. He only saved about forty bushels of oats, which they had just threshed. The fire caught by sparks from the engine. He at once brought suit against the owners of the machine—Stineholz & Potters—for the amount of his loss. It is believed that Justice Fuller's court recovered a judgment for the full amount. It is believed that the judgment will stand and that no appeal will be taken.

Something over two years ago George Smith of this city ran a calf horn into the eye of a right eye. Physicians at the time reported that the calf horn had been the bone, but the foot always gave him trouble and at times he could scarcely walk. Yesterday he went to a physician and applied the X-rays to the foot and the calf horn was found. An incision was made and the bone removed, which was just one and a quarter inches in length. He thinks he will have no further trouble.

Military Academy Opens

KEARNEY, Neb., Sept. 19.—(Special.)—The Kearney Military academy was formally opened this morning by the principal, Rev. F. P. Chittenden, Ph. D. The opening exercises were attended by quite a large number of citizens and many addresses were made by Rev. Burling, pastor of the Congregational church; Rev. Nelson, pastor of the Christian church; Rev. Hayden, pastor of the Presbyterian church; Rev. Montgomery, pastor of the Episcopal church; Rev. Wood, pastor of the Baptist church; A. Brown, editor Daily Hub; G. E. Haase, ex-captain of the Nebraska National Guard, and other citizens. The school starts out with an enrollment of thirty-nine, coming from all parts of the state, and many more are expected during the week. Dr. Chittenden will be assisting in his work by Prof. Russell, who had charge of the school last year, and a corps of four or five other teachers.

Reunion at Superior

SUPERIOR, Neb., Sept. 20.—(Special.)—The inter-state reunion opened here this morning. The crowd surpasses anything the reunion has ever seen for the opening day. Beyond that the program was held in the local camp Lincoln, which is in gala day attire. The women have spared nothing in decorating the grounds.

The program for tomorrow is: Congressmen, 10 a. m., turning the camp into the hands of the national guard; 12 m., dinner; 1:30 p. m., addresses by Hon. R. D. Sutherland, Hon. J. B. Stode and Hon. W. R. Turner; 3:30 p. m., base ball, Athletics, Kan. against Superior; 5:30, balloon ascension and high wire performance; 7:30, camp fire conducted by Captain W. P. Henry.

Political Pointers

HEBRON, Neb., Sept. 20.—(Special.)—The three silver parties of this county met in separate conventions Saturday afternoon and by means of conference committees nominated the same candidates, as follows: For representative, J. R. Morrison of Byrnesford; for county attorney, O. H. Scott of Hebron; and for county commissioner for the first district, the present incumbent, Gottfried Schmidt of Deshar.

Public Schools Open

EDGAR, Neb., Sept. 20.—(Special.)—The Edgar public schools opened yesterday with full attendance in all departments. The following changes have been made in the corps of teachers from last year: Principal, Prof. F. E. Mullen, in the place of Prof. C. A. Fulmer; Mrs. Cramer, intermediate department, in the place of Miss Lewington; Mrs. Headland, second primary, in the place of Miss Jaret.

Bellevue College Opens

BELLEVUE, Neb., Sept. 20.—(Special.)—Bellevue college opened today under very favorable conditions. Over seventy-five students were enrolled and it is expected the attendance will reach the hundred mark by the 1st of October. There have been no changes in the faculty except in the Greek department, where Prof. C. R. Mitchell succeeds Prof. C. K. Hoyt.

Marta His Foot

GENEVA, Neb., Sept. 20.—(Special Telegram.)—Henry Deming, Chelsea precinct, president of the County Agricultural association, went out to the fair grounds yesterday to superintend a general clearing up. He struck at a stake with his axe and hit his foot, bruising it so badly that he became quite sick during the afternoon and was taken home.

Brakeman Dies of His Injuries

CEDAR RAPIDS, Neb., Sept. 20.—(Special Telegram.)—Charles G. Beckley, a Milwaukee brakeman, who was run down by a switch engine in the Milwaukee yards at

Marion yesterday and had one limb and the abdomen terribly mangled, died at the hospital this morning from the effect of the injuries.

A fellow giving the name of George Connor and claiming to be from Chicago was captured this morning while in the act of attempting to gain an entrance to the house of Major M. A. Nigley. The fellow was handcuffed and carried a two-bladed axe, which he was using as a jimmy. When searched he had \$25 in his pockets. A number of burglaries have been committed of late and it is believed that Connor is the one who has been doing the work.

LANCASTER JUDICIAL NOMINATION

Lincoln Frost Nominated to Succeed Judge Hall on the Bench.

LINCOLN, Neb., Sept. 20.—(Special.)—The judicial convention of Lancaster county held their biennial convention this afternoon to nominate a candidate for the place lately occupied by Judge C. L. Hall. The convention was held at the Oliver theater and there was a full attendance of all precincts in the county. Great interest was manifested in the hall and well filled by those who were not delegates, drawn there by reason of the news that Judge Hayward would make a speech on the issues in the state campaign.

There was some delay in the proceedings of the convention on account of a contest in Little Salt precinct, and pending the settlement of this difficulty Chairman M. B. Hesse introduced Judge Hayward, who has great popularity in Lancaster county. Judge Hayward then delivered a speech of an hour's duration, which was replete with facts and figures and to which the audience listened with the closest attention. After adopting resolutions of respect to the memory of Judge Hall, the convention proceeded to a ballot. Lincoln Frost was elected with the largest number of votes, with Tyrrell next and enough scattering to prevent a nomination. On the fifteenth ballot Frost was nominated.

The nominee is a young man of good legal ability and with a wide acquaintance over the county. It is the general impression that he is a good vote-getter and will make a good judge.

Old Soldiers' Reunion

SIDNEY, Neb., Sept. 20.—(Special Telegram.)—Old glory waves once more over the old Fort Sidney reservation and has gathered beneath it scores of the old veterans of western Nebraska. The regular and semi-regular officers' quarters have been thoroughly cleaned and turned over to the incoming veterans, who proceeded at once to make themselves comfortable. The auditorium to be used for speakers is a massive affair over 100 feet long by forty wide, capable of seating 1,000 persons. The interior is a mass of flowers and bunting, the national colors being extensively used in decorating the hall. One company quarters has been reserved for the use of visitors. A large kitchen 100 by 30 feet has been inaugurated, with three large stoves going into full blast from which the food will be served army ration in the old style. The large parade ground has been prepared for the evolution of the old soldiers, some of the veterans, Hamilton cadets of North Platte and other orders. Large campfires will be the order every night. The grounds promise to be a blaze of light, among the speakers are Judge Hayward, W. A. Poynter, John L. Webster, Superintendent Jackson, Superintendent Taylor, Congressman Greene, Norris Brown, J. T. Cornell, C. Davis, E. Rosewater, C. J. Smythe and T. L. Matthews. A salute to the three orders which the given Admiral Dewey on Wednesday, twenty-one guns for McKinley on Thursday and thirteen guns for Sampson and Schley on Saturday.

Legislative Nominations

SUPERIOR, Neb., Sept. 20.—(Special Telegram.)—The twenty-sixth republican senatorial district convention met at the city of Superior today. Hon. James Hanthorn secretary L. E. Montgomery was present and nominated Isaac Shepperdson of Riverton by acclamation. Mr. Shepperdson, in his speech of acceptance, said: "I am no speechmaker, I am not schooled in talking to the public, but there is one thing I know, this country wants fair play for all classes and must have it. If I am elected they will get it so far as my vote goes."

CRAWFORD, Neb., Sept. 20.—(Special Telegram.)—J. H. Jones of Rushville received the unanimous nomination for representative of this district at the republican convention.

GRAND ISLAND, Neb., Sept. 20.—(Special Telegram.)—The populists held an adjourned convention today with seventy delegates in attendance. Fusion was completed by the nomination of J. B. Stode as candidate, Jacob Lorenson, a populist, Lorenson was later nominated by the democratic convention of thirteen delegates. Candidate Poynter, Regent Porell and Congressman Greene were listened to this afternoon by 150 people.

Victim of Typhoid

GENEVA, Neb., Sept. 20.—(Special.)—Miss Dora Otis, whose funeral was held today at 2 p. m. from the Lutheran church, eight miles southwest of the city, is the first victim of typhoid fever in or near Geneva. She was taken home from town, where she has been living for the few months past. She was unconscious on Friday and expired Sunday night.

Soldier's Funeral

SHELTON, Neb., Sept. 20.—(Special.)—As large a funeral as was ever held in Shelton was held from the Methodist Episcopal church at 2 p. m. today, being that of Frank V. Colby of Company I, Third regiment Nebraska volunteers, of which he was bugler. He was 21 years of age and leaves many friends here.

Big Fair in Prospect

WOOD RIVER, Neb., Sept. 20.—(Special.)—Wood River is preparing to have a big agricultural fair October 4, 5, 6 and 7. The managers here to have a joint debate between the gubernatorial candidates, Hayward and Poynter, during the fair.

Webster County District Court

RED CLOUD, Neb., Sept. 20.—(Special.)—The fall term of the district court for Webster county opened yesterday, with Judge Hale in attendance. There are about 100 cases on the docket. It will be a quiet session, as there are no criminal cases.

Boy Killed

CHAPPELL, Neb., Sept. 20.—(Special.)—A boy of William McIntosh's, living twenty-eight miles north of this place, was instantly killed last evening while playing in a sand bank near the house. The boy was caving in on him. He was 19 years old.

Improvements in Flying Machines

Inventors are plenty who can make a machine that will rise and float in air, but no improvement which none has succeeded in making is an apparatus that will guide the machine through the many treacherous currents of air. In this respect humanity is fortunate in having Hoster's Stomach Bitters, which acts as a safe guide by curing treacherous stomach, liver and blood diseases, giving a good appetite, a strong constitution and nerves like steel.

Odd Fellows Sovereign Lodge Election

BOSTON, Sept. 20.—Alfred S. Pinkerton of Worcester was unanimously elected grand master of the sovereign grand lodge, I. O. O. F.

The Supreme grand lodge of Independent Order of Odd Fellows has voted to hold the next annual session in Detroit, Mich.

For deputy grand master, O. H. Scott was placed in nomination. For A. C. Cable of Ohio, G. J. Otis of Illinois, G. W. Johnson of Tennessee and G. W.

G. Nye of Minnesota. G. Cable received ninety-three votes and was elected. J. Frank Grant of Baltimore was re-elected grand secretary and Richard Muckle of Philadelphia grand treasurer, by the casting of one ballot each. The session then adjourned.

COMING FOR THE BEE

(Continued from First Page.)

territory was before congress and said that he was then frequently asked what this Nebraska was. Since then he has been a pretty vigorous and demonstrating himself and the whole world is familiar with his achievements. What marvels had been wrought and are still working out by the men and women of our race and of other stocks that are being brought to this territory and trade is a spectacle that kindles genius, awakens the memory, inspires the imagination and gives man a vantage ground to survey what has been done, what is still doing and what is yet to do. It is denied to me to look on such a scene as this, which is a triumph, through the eye, but it comes through the ear and I too draw an inspiration from its beauty. Dr. Millburn closed with an eloquent benediction and after another selection by the band the visitors adjourned to the cafe where lunch was served.

SHAM BATTLE A GREAT SUCCESS

Another Startlingly Realistic Exhibition Given by the Indians.

Not less than 10,000 people witnessed the sham battle between the Indians yesterday afternoon and when it was over and the spectators had dispersed the exhibition was pronounced a great success. It was fought along substantially the same lines as some of the others that have been put on and was carried out in every detail. In addition to those who occupied seats in the reserved sections and the visitors who came around ropes there was the senatorial party and a number of the exposition directors.

The great fight of the afternoon was started off by Captain Mercer marching all of his Indians up in front of the reviewing stand. The first detachment was composed of the interpreters who clad in their new suits consisting of brown corduroy trousers, blue flannel shirts and light brown slouch hats made a very neat appearance. Then came the squaws of the different tribes, each band coming up separately. They in turn were followed by the warriors, dressed in the same order, after which the horsemen appeared on the scene, tribe after tribe riding up at full gallop and yelling their war whoops. Behind each band rode its chief and as they reached the seats, the name of the tribe as well as the name of the leader was announced. Old Geronimo appeared to be the lion of the occasion and was cheered from the time he started until he halted his animal in front of the stand. The old man rode like a general and evidently appreciated the occasion, as he doffed his hat and bowed as gracefully as a Chesterfield. This part of the program having been carried out, the Indians fled off over the field toward the east and back to the starting place, from which the horsemen rode in a manly and the Indians made some of the timid white people feel like taking to the wood. After the sounds of the yells had died away, a volley was fired and everything was ready for the fight.

What the Fight Was About

As the story goes, a Sioux Indian, Grass, had been over in the territory of the Blackfoot and had been hunting for a long time. He had been hunting for a long time and had been hunting for a long time. He had been hunting for a long time and had been hunting for a long time.

At the Dairy Building

The Dairy building is again attracting the attention of the butter producers as the September scoring of the butter is about to take place. The scoring is set for Thursday and some of the butter is on hand and in the refrigerating cases. Minnesota is on hand and will make another attempt to take the lead, as it did at the scoring last month. The butter producers of that state have sent in 2,500 pounds and have it arranged on the scale.

At the Dairymen's Building

The dairymen are showing the kind of stuff of which they are made and instead of loitering about their tents they are making the necessary preparations for the great cream cheese from Holt county. It came from the sand hill district of the county and is from milk of cows that were fed on the native blue grass.

Pueblo Indians at Work

The Pueblo Indians are showing the kind of stuff of which they are made and instead of loitering about their tents they are making the necessary preparations for the great cream cheese from Holt county. It came from the sand hill district of the county and is from milk of cows that were fed on the native blue grass.

After the parade the Sioux and their allies, under command of Goo-to-War, took up a position on the east side of the grounds, while the Blackfoot and their allies, led by Big Brave, went out into the space at the west end of the grounds. Then everything was ready for business. In from the country were the first of the war and a horse, on which was mounted Mr. Grass. He looked and his every action indicated that he was ready to expect almost anything. It was not more than a few minutes that the Sioux were out in the brush taking observations. Big Brave and his men were out in the brush and sent them out to bring in the two men that they might be roasted with Grass. The Sioux got wind of the proceedings and scudded over the prairie, but one of them was not swift enough and was captured and scalped by his captives. The scalp was brought to his camp. When the scalp was brought to the Blackfoot and their allies proceeded to have a justification and then started a fire around Grass. Their fun, however, was short lived, for about this time the Sioux came down upon them pell-mell, firing their rifles and knocking out a dozen of the best men. The Blackfeet were routed and driven off, after which the Sioux had their fun. They brought in ten prisoners and after releasing Grass, bound them all to the same electric light pole. Then there was a Sioux war song and a lance that went with it and for a hot time in the camp for several men and undoubtedly there would have been had not the Blackfeet gathered up a lot of reinforcements and returned to the camp. They came in like the wind and engaged the Sioux. They had but one motto and that was: "When you see a head hit it." The hitting process worked with both sides and for a time it was hard to tell which side would carry the day.

Horiculturists Are Ready

The horticulture building was in shape yesterday, everybody doing their best to make the exhibits attractive for Iowa day. The horticulturists are ready to show their tables with peaches and grapes and filled all of the available space with apples. Superintendent Collman of the Iowa exhibit furnished up everything in his exhibit and has it looking as fine as silk. It doesn't please the Iowa people it will not be his fault.

Organ Recital

Following is the organ recital program for today: Nocturne—Midsummer Night's Dream. Mendelssohn. Wedding March. Mendelssohn. Adoration. Lemmens. Marche. Havre, part. Chauv. Grand Marche. Large. Serenade. Star Spangled Banner. (arranged).

Indian Program for Today

This afternoon at 4 o'clock the Wichita will give a horn dance and at 8 o'clock the PECULIAR POISONS.

GENERATED IN THE HUMAN BODY.

The Result of Imperfect Digestion of Food. Every living thing, plant or animal, contains within itself the germs of certain decay and death. In the human body these germs of disease and death (called by scientists Ptoimaines), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the process of decay) poisoning the blood, making it thick, weak, and lacking in red corpuscles; poisoning the brain causing headaches and pain in the head.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ. Poor digestion poisons the kidneys, causing Bright's disease and diabetes. And this is so because every organ, every nerve depends upon the stomach for its nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant manner all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach. They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Wholely all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package, or by mail by enclosing price to Dr. C. Marshall, Mich., but ask your druggist first. A little book on stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

that their leader was dead the Sioux retreated in bad order and the battle was over. Then it was that attention was given to the prisoners who had been bound to the stake, but this was unnecessary, as they had broken their bonds and had escaped.

Takes Charge of Fruit Express

T. M. Schumacher, general agent of the freight department of the Union Pacific, has resigned his position to accept the vice presidency of the Continental Fruit Express, with headquarters at Los Angeles, Cal. His successor on the Union Pacific has not been appointed. It will not be any one connected with the company at present.

Dr. Schumacher, who is familiarly known here, was formerly chief clerk of the general freight department of the Union Pacific in this city. He is well known and liked here, and his many friends congratulate him on his success. His new position is an important one. He is to be in charge of the operating and traffic departments of the big fruit express, and will to all intents and purposes act as general manager. The Continental Fruit Express handles the great bulk of the fruit shipments out of the state of California. It is owned by the Carter Brothers, fruit men of that state, and in addition to having a good amount of capital, is well equipped with a large number of special freight cars for transporting fruit. It operates over a number of railroad lines, but sends most of its traffic east over the Southern Railway and the Union Pacific roads. The new vice president will assume active charge of the company at once.

At the German Village

The German Village is the most popular resort on the Midway and very good reasons there are for the fact. In the first place the location and arrangement of grounds are delightful and the entertainment offered is of a superior character. The famous Tyrolean Quartette, who sing old time German songs, delight the hearts of all. The vaudeville cast this week is composed of all headliners. Charles Hooker, the king of the wing, singing the country; Ma Belle Davis, the French song and dance artist; Tjette, the wonderful contortionist; La Parita, the Mascot; Kittle Leslie, the charming soubrette; Amoreo, the mystifying juggler; Pantomoni, the king of the ring; and the famous musical specialist, and the famous Kirchue Lady Orchestra. All together the entertainment offered is in every sense equal, if not superior to any vaudeville performance presented anywhere. The restaurant in connection with the village is conducted on the popular price plan and the excellent German cooking is much appreciated by every one who has tried it.

At the Dairy Building

The Dairy building is again attracting the attention of the butter producers as the September scoring of the butter is about to take place. The scoring is set for Thursday and some of the butter is on hand and in the refrigerating cases. Minnesota is on hand and will make another attempt to take the lead, as it did at the scoring last month. The butter producers of that state have sent in 2,500 pounds and have it arranged on the scale.

At the Dairymen's Building

Then there was a Sioux war song and a lance that went with it and for a hot time in the camp for several men and undoubtedly there would have been had not the Blackfeet gathered up a lot of reinforcements and returned to the camp. They came in like the wind and engaged the Sioux. They had but one motto and that was: "When you see a head hit it." The hitting process worked with both sides and for a time it was hard to tell which side would carry the day.

Horiculturists Are Ready

The horticulture building was in shape yesterday, everybody doing their best to make the exhibits attractive for Iowa day. The horticulturists are ready to show their tables with peaches and grapes and filled all of the available space with apples. Superintendent Collman of the Iowa exhibit furnished up everything in his exhibit and has it looking as fine as silk. It doesn't please the Iowa people it will not be his fault.

GENERATED IN THE HUMAN BODY.

The Result of Imperfect Digestion of Food. Every living thing, plant or animal, contains within itself the germs of certain decay and death. In the human body these germs of disease and death (called by scientists Ptoimaines), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not
