Pointing to Quartermaster Ludington, General Wainwright said: "These men cannot say it was somebody else's fault. It was the fault of Quartermaster Lee and it was the fault of Quartermaster Ludington, who is standing right there."

Ludington made no reply to Wainwright, as Sternberg had done to Sanger.

CASE OF YELLOW FEVER ABOARD.

Transport Arrives at Montauk with Sick from Cuba. CAMP WIKOFF, MONTAUK POINT, L. I. Sept. 21.—The transport Segurana arrived today from Cuba with what was said to be one unmistakable case of yellow fever.

The transport brought sick and convalescent soldiers from the hospitals at Siboney. The boarding officer, Dr. Magruder, had been ordered back to Washington in the absence of anticipation of the receipt of any more yellow fever cases.

General Wheeler decided to send one of the camp surgeons to inspect the Segurana and to arrange for the removal of the sick to the detention hospital, which will now have to be reopened.

The yellow fever patient on board the Segurana is isolated and will be kept on the vessel for the present. The Segurana brought forty men who were not able to care for themselves and thirty-five convalescents.

All these men will be transferred to the detention camp. The City of Mexico also arrived at the camp today with Troop M of the Tenth cavalry, which was left behind in Cuba to care for the belongings of the regiment.

There were seventy-six men in all, eighteen of whom are sick.

There were 496 patients in the general hospital today. Three hundred and fifty of the men in the hospital are seriously ill. There were two deaths reported today. Lieutenant Alfred J. Roberts of Company E, Seventy-first New York volunteers, and Charles George of Troop A, Sixth cavalry.

The Third cavalry and the men of the Eighth Maine volunteer signal corps departed from camp today.

CALLS THE ARMY SURGEONS DOWN.

General Breckinridge Desires to Have Their Status Finally Settled. CINCINNATI, Sept. 21.—The Times-Star's special from Lexington, Ky., says: General Breckinridge, who is in command of Camp Hamilton here, and Surgeon General Sternberg had a long conference just before the surgeon general left here with Secretary Alger.

General Breckinridge wanted to know just what he had the right to command the hospital surgeons. He said at Chickamauga these individuals were a sort of "do-as-you-please" fellows, under nobody's command.

General Wilson had requested certain things to be done in the hospital at Chickamauga and no attention had been given his demands. Investigation, General Breckinridge said, showed that the surgeons considered themselves subject only to the orders of General Sternberg.

General Breckinridge said that the general should have found the same trouble at Camp Hamilton and he wanted to have a distinct understanding regarding the matter. General Sternberg said that the surgeons at Chickamauga were subject to the orders of General Wilson and that the general should have found the same trouble at Camp Hamilton.

up of people all over the country who have lost relatives or friends who had enlisted in the regular army for service in the Philippines. The organization is a large and influential one and I believe it will be able to accomplish the object for which it was formed."

Mr. Metcalf recently returned from San Francisco, where he went to bring home the remains of his son. He stated that he investigated the conditions at Camp Merritt and that a more unhealthful spot for a camp could not have been found on the Pacific coast.

SPANISH SAILORS REACH HOME.

Crowd Cheers for Cervera, but Admiration for the Boat. SANTIAGO, Spain, Sept. 21.—The Anchor line steamer City of Rome, chartered by Admiral Cervera to transport to Spain the Spanish sailors captured at the battle of Santiago, who were recently released by the United States authorities, arrived here today from Portsmouth, N. H., whence it sailed on September 12.

Captain Eulate, the former commander of the Spanish cruiser Vizcaya, and the other Spanish naval officers landed and were mistaken for a party of which Admiral Cervera was a member. The latter, however, was still on board the City of Rome, but a crowd of people followed the officers and cheered for Admiral Cervera. Captain Eulate refused to make any statement for publication, declaring he reserved what he had to say for the court-martial.

Chaplain McIntyre Ill. DENVER, Sept. 21.—Chaplain J. P. McIntyre of the battleship Oregon has been stricken with nervous prostration, and the physician who is attending him says that he may be confined to his bed for some time. It is probable that the court-martial which has been ordered to convene in Denver next week for the trial of Chaplain McIntyre on the charge of having infamously criticized the actions of Admiral Sampson and Captain Evans in the Santiago naval battle will be obliged to postpone proceedings for several weeks on account of the chaplain's illness.

Mr. McIntyre says he has not been officially notified of the nature of the charges against him, but he is attending him and he seemed to worry him considerably. He is staying at the house of Attorney Thomas J. Dunn, a friend, in this city.

General Miller Goes to Philippines. WASHINGTON, Sept. 21.—General Miller, now in command at San Francisco, will command the reinforcements ordered to Manila. Batteries A and D of the California artillery will go with the expedition. General Miller has made application to have his troops which accompany him armed with the Krags-Jorgensen rifle. The department will stand upon the order recently issued respecting arms and the commanding general at Manila will decide what regiments, if any, shall be armed with the Krags-Jorgensen.

General Miller's departure from San Francisco yesterday from Honolulu, has telegraphed the War department of his arrival and says he will send his report by mail. This report is on the subject of camping grounds and military matters in general at Honolulu.

Health Conditions Improving. WASHINGTON, Sept. 21.—General Lawton's report of the health condition of the troops of Santiago tonight indicates a distinct improvement. The number of sick has been reduced more than 400 during the past two days and only one death is reported. General Lawton's dispatch follows:

Adjutant General, Washington: Sick, 75; deaths, 29; cause of death, typhoid fever, 28; returned to duty, 85.

Deaths: Private Frederick William, Company K, Ninth United States volunteer infantry, September 19, cause not known.

Report received from Fifth United States infantry and Ninth United States volunteer cavalry.

General Jackson May Accept. NASHVILLE, Tenn., Sept. 21.—General H. Jackson received a telegram today from President McKinley inviting him to act as a member of the board to investigate the work of the regiment in the Santiago campaign, saying that he was pleased to have the opportunity on his own behalf and on behalf of the country at large to thank the regiment, through the present delegation, for the work it had done.

"Your record is one," he said, "of which the entire nation is proud. I tell people who talk with me about the Rough Riders that you left the boats in squads of twenty or thirty, mounting the way to Santiago, and that you hardly stopped until you arrived there."

"You have not only done well," he concluded, "but I have no doubt you would all be willing to again serve the country in an emergency."

Prefers Charges Against Otis. CLEVELAND, O., Sept. 21.—C. W. Metcalf, living at Eastwood street, this city, whose son, Burton Metcalf, died recently in San Francisco of typhoid pneumonia, contracted while at Camp Merritt and a member of the United States regulars, will take steps to have charges preferred against General Otis, now with the American forces in the Philippines. Mr. Metcalf said today: "I am a member of an organization made

BEGIN TO LEAVE PORTO RICO.

Repatriation of Spanish Troops Begins at San Juan. SAN JUAN, Porto Rico, Sept. 20.—(Delayed in Transmission.)—The repatriation of the Spanish soldiers who were captured at the battle of Santiago is well advanced. Some 200 were sick and 200 belonged to the engineer corps, sailed for Havre on board the French steamer Chateau la Fette. Eight hundred infantry, belonging to the Austria battalion, will sail tomorrow on board the steamer San Francisco.

The water front was crowded with thousands of people when the Spanish engineers marched down to the music of a Spanish quickstep, to the wharf, where they were received by Captain General Macias and General Ortega. The captain general did not make a speech, but he shook hands with the officers and men. There was no demonstration made by the people. Some Spanish field pieces are already on board the San Francisco, but a question has arisen in the commission concerning the disposition of some of the guns and it was not settled when this dispatch was filed.

The captain general today gave notice to the Spanish troops to retire from Abontia, Baranquitas and Barros on Sunday, and from Humacao, Guaiman and Cayey on Monday. Our troops will move up and occupy those towns as soon as they are evacuated, and the Spanish troops in position will enter the city, in order to be ready to embark on the arrival of the transports here.

The residents of Porto Rico and some of the Americans here are alarmed because the Spanish ships returning from Cuba stop at this port. They believe there is danger of the introduction of yellow fever in the island from the Spanish steamer City of Cadiz, as some of the men sick on board were too ill to proceed ashore, and they are afraid our commissioners will protest if there is a repetition of this.

The volunteers have all been disbanded and the Spanish soldiers are engaged in dismantling the armories, and in boxing the guns and ammunitions. They are rejoicing over the prospect of an early return to their homes. Real Admiral Schley has refused to purchase the coal stored here, and it may be purchased for the use of the United States army.

The city is in holiday attire and the enthusiasm of 7,000 citizens is being let out. A grand procession, speaking and a banquet are the leading features.

MAKE NO FIGHT ON PINGREE

Michigan Republicans Come Together in Unity and Endorse Him and His Taxation Principles. DETROIT, Mich., Sept. 21.—Governor Pingree was unanimously nominated by acclamation this afternoon by the republican state convention. Many members of the party who have not heretofore been in accord with the governor joined in the cheering when he appeared and made a characteristic speech of acceptance.

For lieutenant governor O. W. Robinson of Houghton, an ardent Pingree supporter, was nominated after a close contest with Gerrit J. Dick, ex-president of the house. The following candidates of the state ticket were nominated at the night session: For secretary of state, J. S. Stearns of Ludington; auditor, Roscoe F. Dix of Berrien; treasurer, Horace M. Orf of Sault Ste. Marie; treasurer, George Steele of St. Johns; commissioner of land office, William A. French of Presque Isle; superintendent of public instruction, Jason J. Hammond of Hillsdale; regents of State university, E. H. R. Sutton of Detroit and J. Byron Judkins of Grand Rapids; members of State Board of Education, Prof. E. P. Johnson of Ann Arbor and F. M. Platt of Flint.

The convention elected General Marsh of Allen for chairman of the state central committee. The convention completed its work at midnight.

Gold Men Win in the First Round. Majority of Committee in Connecticut Favors Chicago Platform. BRIDGEPORT, Conn., Sept. 21.—The democrats of Connecticut assembled today in biennial state convention for the purpose of placing in nomination candidates for the various offices on the state ticket. William Kennedy of Middletown, temporary chairman, made a long speech, in the course of which he advocated bimetalism, the independent of other nations.

The fight over the Twelfth district representation was very acrimonious. E. C. Benedict and Homer Cummings leading the two factions. The credentials committee settled the contest by seating both sets of committeemen and giving each half a vote. The committee on resolutions, finding itself unable to reach an agreement, has voted to present to the convention itself two resolutions, one reaffirming the Chicago platform, the other eliminating the chief justice and the president of the municipal council of Apia, have formed themselves into a board of control, pending the election of a successor to King Malietoa of the Samoan group.

"Matafa" was reported by the powers some years ago to the Union (Tokelau) islands, to the northwest of Samoa, owing to his presence in Samoa being a disturbing political element. He was induced to surrender himself to the powers, on the understanding that it was for the good of his people that he should go to Hawaii. The exiled chief was conveyed to the Union group in a German man-of-war, together with several of his relatives and friends. A recent cablegram from Europe announced the likelihood of Matafa's being returned to Samoa and the settlement of the German claims, the chief justice and the president of the municipal council of Apia, have formed themselves into a board of control, pending the election of a successor to King Malietoa of the Samoan group.

There are several opposing sections among the Samoan natives, one of the largest being headed by Tamaeae, and it is said that each party has a nominee for the kingship. In view of the conflicting opinions, it will be seen that the position of affairs in Samoa has become very serious and that active war may be likely as a result between the rival parties.

"During the war of 1888-9 the German authorities nominated the chief Tamaeae as king, but the only authority he exercised was that backed by the German guns. Tamaeae is still in Samoa, living at A'Ana, amongst the disaffected sections of which he is the head."

NATIVE HAWAIIANS DIVIDED

One Faction Petitions for Restoration of Monarchy and the Other for Rights Under New Government. SAN FRANCISCO, Sept. 21.—The steamship Alameda arrived today from Honolulu. The Hawaiian delegation, which is now in San Francisco, is divided into two factions. One faction is in favor of the restoration of the monarchy, while the other accepts the new order of affairs and asks for certain rights under the new form of government. The natives who favor restoration held a mass meeting on September 12, and adopted a memorial which was presented to the commissioners. The memorial alleges that the annexation treaty has failed and the joint resolution is ineffective because it was not passed by the people. The memorial concludes by asking that the constitutional government of January 16, 1896, be restored under the protection of the United States of America.

Among the speakers at the mass meeting was Robert W. Wilcox, the revolutionist who a few weeks ago took the oath of allegiance in order to qualify himself for a full pardon for past misdeeds. Pointing to the United States flag over the government building he said: "It is useless to say that the flag over there will not come down again. It was up before and it came down. It will be shown that the annexation vote was carried through by a handful of foreigners. If America loves us, why were not Hawaii placed on the commission? We are not represented there. The next thing we shall not be able to vote."

The other faction of Hawaiians has also presented a memorial to the commission. It memorializes for a territorial form of government, with full rights for the natives and permission to make appropriations for ex-Queen Liliuokalani, Princess Kaiulani and Queen Dowager Kapiohahi.

"HANKSON, S. D., Sept. 21.—(Special.)—Ward has been received in this city from Henry Wagner, who is now in Chicago, having left for that place last week, after learning that his daughter, Bertha, had been deserted in New York City by her husband, the alleged 'Baron' Gustav van Grotz. He said he had been a bride of but a few days. After Mr. Wagner left here for the east vague rumors were afloat concerning Mr. Wagner. It was stated that Gotthardt was suspected of having inveigled from Mr. Wagner. It was stated that Gotthardt had presented seemingly negotiable paper, and that Mr. Wagner had bitten to amounts ranging from \$4,000 to \$10,000, having endorsed a draft for \$4,000, and purchased worthless Northern Pacific bonds to the extent of \$5,000. It is believed that Mr. Wagner desires these rumors most emphatically.

DISCONTENT AMONG SAMOANS

Anxiety Prevails Over Successor to the Late King Malietoa. SAN FRANCISCO, Sept. 21.—The steamship Alameda, from Sydney, Auckland, Apia and Honolulu, brought particulars concerning the death of King Malietoa. The king's death was due to typhoid fever. He died on Monday, August 22, and was buried on the 24th, a large number of natives and whites attending the funeral.

Shortly before his death the king was stricken with typhoid fever, the residence of the late Robert Louis Stevenson, which is at a considerable elevation on the slopes of Mount Vaea. The change from the sea beach to the more salubrious locality of Vailima was expected to improve the old king's health, but he gradually sank and died. The aged monarch of Samoa was notified that his time had come and he accordingly resigned himself to his end, with the fatalism characteristic of the Polynesian races. In appearance Malietoa was a fine looking stalwart man, with a gray, grizzled moustache.

German Would Have Promptly Annexed Island Had It Not Been for the Presence of British Gunboat. According to a report received it is believed that Samoa had not been at Apia the Germans would have hoisted the German flag there on Malietoa's death and have proclaimed the annexation of Samoa. Malietoa leaves a daughter, an attractive girl named Faimoa, who is 17 or 18 years of age, and who was educated at the London Missionaries' society school at Apia, which is near Apia. He also leaves a brother, an elderly chief, who lives at Apia.

ROUGH RIDERS AT WHITE HOUSE.

Delegation is Presented to the President, Who Speaks of Their Record. WASHINGTON, Sept. 21.—President McKinley today, informally received a delegation of about a dozen members of the Roosevelt Rough Riders' regiment. A majority of the delegation are from New Mexico and are en route home. They were all presented by Delegate Ferguson of that territory, who stated that New Mexico had furnished four of the captains and 400 of the men constituting the regiment.

Each of the callers was presented individually to the president who, after greeting them personally, talked with them and to them as a body in an informal manner. He spoke with earnest enthusiasm of the work of the regiment in the Santiago campaign, saying that he was pleased to have the opportunity on his own behalf and on behalf of the country at large to thank the regiment, through the present delegation, for the work it had done.

"Your record is one," he said, "of which the entire nation is proud. I tell people who talk with me about the Rough Riders that you left the boats in squads of twenty or thirty, mounting the way to Santiago, and that you hardly stopped until you arrived there."

Mr. Metcalf recently returned from San Francisco, where he went to bring home the remains of his son. He stated that he investigated the conditions at Camp Merritt and that a more unhealthful spot for a camp could not have been found on the Pacific coast.

SPANISH SAILORS REACH HOME. Crowd Cheers for Cervera, but Admiration for the Boat. SANTIAGO, Spain, Sept. 21.—The Anchor line steamer City of Rome, chartered by Admiral Cervera to transport to Spain the Spanish sailors captured at the battle of Santiago, who were recently released by the United States authorities, arrived here today from Portsmouth, N. H., whence it sailed on September 12.

Captain Eulate, the former commander of the Spanish cruiser Vizcaya, and the other Spanish naval officers landed and were mistaken for a party of which Admiral Cervera was a member. The latter, however, was still on board the City of Rome, but a crowd of people followed the officers and cheered for Admiral Cervera. Captain Eulate refused to make any statement for publication, declaring he reserved what he had to say for the court-martial.

Chaplain McIntyre Ill. DENVER, Sept. 21.—Chaplain J. P. McIntyre of the battleship Oregon has been stricken with nervous prostration, and the physician who is attending him says that he may be confined to his bed for some time. It is probable that the court-martial which has been ordered to convene in Denver next week for the trial of Chaplain McIntyre on the charge of having infamously criticized the actions of Admiral Sampson and Captain Evans in the Santiago naval battle will be obliged to postpone proceedings for several weeks on account of the chaplain's illness.

Mr. McIntyre says he has not been officially notified of the nature of the charges against him, but he is attending him and he seemed to worry him considerably. He is staying at the house of Attorney Thomas J. Dunn, a friend, in this city.

General Miller Goes to Philippines. WASHINGTON, Sept. 21.—General Miller, now in command at San Francisco, will command the reinforcements ordered to Manila. Batteries A and D of the California artillery will go with the expedition. General Miller has made application to have his troops which accompany him armed with the Krags-Jorgensen rifle. The department will stand upon the order recently issued respecting arms and the commanding general at Manila will decide what regiments, if any, shall be armed with the Krags-Jorgensen.

General Miller's departure from San Francisco yesterday from Honolulu, has telegraphed the War department of his arrival and says he will send his report by mail. This report is on the subject of camping grounds and military matters in general at Honolulu.
