DEMOCRATS PICK A TICKET

Bourbons Name Prospective Sacrificial Lamb with Little Effort. ONLY CONTEST COMES ON SUPERVISOR

Major Candidates Are Selected by Acclamation on the First Ballot—Populists Also Name a County Ticket.

Clerk of District Court, H. O. OUREN County Auditor, H. O. PLUMER County Attorney, T. E. CASADY County Coroner, J. M. FISHER AND County Supervisors, JOHN CURRIE A. W. WYMAN

The democrats of Pottawattamie county named the above ticket at the county convention held here last night. The convention was held at the Grand Hotel and attracted but little interest and outside of the delegates, nearly all of whom were present, there was but a very small attendance at the convention. The entire proceedings were of the tamest kind and about the only nomination that developed any kind of a genuine contest were those for members of the Board of County Supervisors, no less than ten candidates being presented to the convention for the two nominations.

The delegates were a little tardy in taking their seats and it was nearly half an hour after the appointed time that the convention was called to order by Brooks Reed, chairman of the county central committee. Paul Aylesworth, secretary of the central committee, read the call. The delegates moved that the meeting of the Kane township delegates, which had been set for last evening to name a township ticket, be postponed until Saturday evening. The reason given was that a number of the delegates wanted to attend the Woodman day exercises at the exposition yesterday afternoon and evening. The motion carried without dissent. These preliminaries out of the way, Chairman Reed started to make a little speech, during which he said he was awfully glad to see such a good crowd of delegates and such an intelligent looking lot of men and it made him feel that something was going to be done. He expressed the hope that the issues which have been indicated at a previous democratic convention would not be repeated and that all candidates would be given fair treatment. He then named Riley Clark of Neola as temporary chairman, who was received with considerable applause. Mr. Clark also made a little speech and among other things said he thought he could see the "radiant bow of promise" for the democratic party this year. He hoped to see Colonel William Hoonan in the hall, but what else he said was drowned in the cheers that greeted the mention of Bryan's name.

Completing the Machinery. John Mulqueen was then selected as secretary and Charles Walters as reading clerk and on motion of A. T. Whittlesy the temporary organization was made permanent. Later in the proceeding Sergeant Thomas Comte of the police force was made assistant secretary to Mulqueen to keep tab of the balloting.

Boyer from the Sixth ward moved that a committee of five be appointed. Ex-Sheriff Hazen moved an amendment to the effect that the committee consist of one from each township and precinct and A. T. Whittlesy took on another amendment. Mr. Clark also made a motion of the Second ward, where a contest existed, to be excepted from the committee. The motion as amended carried and the committee was duly named. This brought the proceedings close to noon and an adjournment was taken until 1:30 in the afternoon. On reconvening in the afternoon Chairman Clark announced that the congressional candidate, Captain J. Lyons, would deliver speeches at Neola Friday of next week and at Council Bluffs on Saturday. He also stated that he hoped the nominations of the convention would be properly certified to so that none of the candidates would be "lost." The committee on credentials presented its report, which was that all townships and precincts were represented and recommended that both delegations from the Second ward be accorded seats in the convention and that each be permitted to make a speech. The report and recommendation were adopted.

S. B. Wadsworth then took the floor and said he wanted to know if it was the desire of the delegates to place the candidates before the convention with speeches or by taking informal ballots. A motion then to take an informal ballot in the case of each nomination was lost and nominations for county officers were called for. Wadsworth placed Thomas E. Casady in nomination with a view to the nomination of the ex-city democrat in Pottawattamie county. The name of Riley Clark, chairman of the convention, was presented, but Mr. Clark stated he had given his word to the other candidates that he would not be nominated and that therefore to be nominated and that he would not be nominated. Wadsworth then moved that the nomination of Casady be made by acclamation, but it did not go. There was another candidate in the field and the name of A. T. Whittlesy was presented. The first ballot gave Casady 219 votes and Ware but 64 and then on motion the nomination of Casady was made unanimous.

Two Without Opposition. On motion of ex-Sheriff Hazen, the nomination of John H. Plumer for county auditor was made by acclamation. City Attorney Wadsworth then placed Harvey O. Ouren in nomination for clerk and on motion of the same gentleman a convention that the candidate "was of respectable family" and, with a view to catch the country vote, mentioned the fact that he had been born and reared in Silver Creek township. A motion then to place Ouren to Council Bluffs. Thereafter the nomination will be offered up as a lamb for sacrifice. Ouren's nomination was made by acclamation. Three candidates were presented for the nomination for county coroner. Alonzo H. McCandless of Avoca, U. K. Laid of Macedonia and W. D. Fisher of Council Bluffs. Fisher's name was presented to the convention by Jefferson Dietrich, clerk of the superior court, who said he put Fisher in nomination in behalf of the young men in the city and in the name of the young men who worked for their living. Mr. Fisher is a printer. Before the roll was called Fisher asked that the nomination of McCandless be made by acclamation, but it being in the field the chair ruled it could not be done. Then Lial took the floor and withdrew his name and the nomination of McCandless followed. When the nominations for coroner were called Emil Schurz presented the name of "Doctor" Dan Graham, whom he said had the physical ability to cope with any corpse that he might be called upon to sit upon. This little attempt at pleasantry fell flat, however, and Graham's name was not seri-

ously considered. Dr. F. B. Bellinger and Dr. J. C. Waterman were then presented and on the first ballot Waterman was nominated by 180 votes to Bellinger's 77.

One Little Contest. The selection of two candidates for members of the Board of County Supervisors developed the only contest of the afternoon. It was decided to make the nominations separately and select one candidate from the country and the other from the city. For the member from the country the names of Lee Jones of Rockford township, John Currie of Norfolk, Lewis Smith of Garner, George L. Thomas of Boomer and John W. Crowe of Minden were presented. The first ballot gave Jones 13, Smith 13, Currie, 122, Thomas 22 and Crowe 1. The second ballot gave the nomination to Currie with a vote of 145, Thomas receiving 37, Smith 11, Crowe 67 and Jones 1.

For the city member M. F. Rohrer, Sam Underwood, A. W. Wyman and D. B. Dentler were placed in nomination, which fell to Wyman on the first ballot with a vote of 141, Underwood receiving 60, Rohrer 2 and Dentler 50.

T. E. Casady, the nominee for county attorney, then passed around a box of cigars, while Colonel Whittlesy was trying to secure the attention of the delegates with a motion that the convention endorse both the Chicago and state convention platforms. The motion failed, but the delegates, except Comte stood on his chair and waving his hat called for three cheers for William Jennings Bryan, and the convention was over.

POPULISTS NAME THEIR TICKET. Fusion for County Offices Falls at the Hands of the Democrats.

Contrary to expectations the populists named a county ticket yesterday of their own and did not fuse with the democrats as they had done on the congressional and judicial candidates. The plan of the fusionists was to have a meeting at the residence of A. W. Ricker of Iowa City, secretary of the populist state central committee, who at the opening of the convention made a strong speech against fusion and urging the delegates to remain in Pottawattamie county to maintain the party organization and not permit themselves to be swallowed up body and soul by the democracy. His speech had the desired effect and the delegates, after a long session, decided to name a ticket of their own. The names of the ticket were: For county auditor, C. C. Green of Garner township; for county recorder, David Evans of Council Bluffs; for county clerk, H. J. Clark of Council Bluffs; for county attorney, W. F. Travis of Council Bluffs; for county auditor, C. C. Green of Garner township; for county recorder, David Evans of Council Bluffs; for county clerk, H. J. Clark of Council Bluffs; for county attorney, W. F. Travis of Council Bluffs.

The convention was called to order by L. Kinehan, chairman of the county central committee. The first speaker was the chairman, while H. J. Clark of Garner acted as secretary. Resolutions endorsing the several populist national platforms and calling for direct legislation and direct nomination of officers as calculated to cure all political evils were adopted. The naming of a township ticket was postponed to a later date to be fixed by the chairman of the county central committee.

Doings of the Courts. A suit of more than usual interest was transferred yesterday from the district court of Fremont county to the United States circuit court here. The title of the suit is J. R. Faubion against Jacob McKisick and it is the plaintiff's claim for \$25,000 damages for alleged personal injuries received by the plaintiff over five years ago. In 1845 Faubion and McKisick were residing in Fremont county on farms. On July 1, 1846, some one fired through the window of Faubion in the grove and making him a cripple for life. In August of that year McKisick went to California, where he has since resided and become very wealthy. Faubion in the meantime moved to Phillipsburg, Kan. and after a year McKisick returned to Fremont county and in talking of the old pioneer days in 1846 in Fremont county told persons of the shooting back in 1846. Last April, through some way, the story reached Phillipsburg, Mo. McKisick and he at once learning that McKisick was now a wealthy man, brought suit against him, attaching property of McKisick in Hamburg and other places in Fremont county. According to his petition filed in the suit, Faubion claims that at the time he was shot it was not known who did it.

The trial of the suit of J. S. Davis against Mrs. Mary West was commenced in the district court yesterday. West, who is the second wife of George West, a wealthy land owner living near Loveland, went to Missouri, where he secured a divorce and having had experience in managing a district campaign, has confidence in the success of his plan. It will certainly do away with any suspicion of the operations of the state headquarters growing out of ignorance of its plans. This is entirely untrue and the committee is enthusiastic about it.

After Offending Democrats. DES MOINES, Sept. 22.—(Special.)—State Deputy Commissioner L. S. Gates was taken advantage of a recent construction of the Iowa dairy laws by the attorney general and fined two farmers living near Fontanelle for having framed milk. Not long ago the dairy commission sent a circular to the attorney general which stated that under the laws of Iowa the dairy department might punish any milk dealer found guilty of adulterating the milk they sold.

Heretofore it has been necessary for the department to find the party in the act of committing the crime. Under the new construction of the law Mr. Gates prepared a circular which was which had been passed upon by the proper authorities, and then he started after the bogus milk dealers. The first place he struck was Fontanelle in Adair county and last week he brought two farmers of that locality before a justice, for making a thorough test of the milk they were selling to the Fontanelle creamery, tried, convicted and fined them \$25 and costs. The men were J. Campbell and H. Warnick.

The entire county has been working in the same way, the citizens of Iowa throughout the various cities and villages, also liberal contributions from the country. The work of this commission has been done quietly and thoroughly, and the chain letter has brought in over \$800.

H. Craig against John P. Kennedy. Mr. P. Kennedy has offered the peace commissioner's use of the foreign office for their meetings, which commence on October 1.

COURTS-MARTIAL FOR TWO Captain Olinsted Files Charges Against a Brace of Volunteers.

THEY REFUSE TO DO HOSPITAL DUTY Ordered on Detail to Look After the Sick at Camp McKinley They Bolt and Are Now Under Arrest.

DES MOINES, Sept. 22.—(Special Telegram.)—Captain Olinsted, in charge of Camp McKinley, has filed charges against two members of Company E of the Fifthth Infantry and the camp property and officers of the Fifthth return to the city to form a court. It takes at least seven officers and anywhere from seven to fifteen to constitute a court. The men are George Chuck and Frank E. Baron. They are charged with conduct "to the prejudice of the good order and military discipline" of the regiment. The conduct consists of refusal to serve on the detail ordered to the hospital to care for the sick soldiers. When ordered to do this work when ordered to do it on Wednesday morning and on Thursday morning the charges were filed. To all practical purposes the men are under arrest. There are no other volunteers in the company, but they are in charge of the kitchen police.

Six more men of the Fifthth detail of sixty left at Camp McKinley by Colonel Olinsted before registering and to serve in the hospital disappeared yesterday. The colonel claimed to have had sixty men detailed for this duty; only forty-three reported on Wednesday morning. No record of detail of the returned soldiers, with the missing seventeen men were. Captain Olinsted has directed that company commanders be notified that orders must be issued to these men to appear here and report to the regimental committee. Any discharge from the army as deserters and it has been ordered also that the muster roll shall show the days they were absent from the camp and they will not receive pay for such time. Captain Olinsted says he is not satisfied with a critical condition in his charge as representative of the federal government, military regulations and discipline shall be enforced to the letter. Governor Shaw and Adjutant Byers are out of the city.

Dr. Littig is held in ill favor by the medical of the State university at Iowa City is evidenced by a communication to Governor Shaw, just received, asking his removal. There has been friction for some time between the State university and the Iowa State Normal school, and as a result of his retention a large number of sophomores went because to school this year. It was because of this refusal to return to Iowa City that Dr. Littig is held in ill favor. "Governor" Shaw's own to the opposition to Dr. Littig only twenty-five out of sixty-one late sophomore medics have returned and they insist on the removal of Dr. Littig, according to their petition to the State university.

Democrats to Take Convention. SIOUX CITY, Sept. 22.—(Special Telegram.)—An important meeting of the democratic central committee of the Fourth judicial district of Iowa will be held at Lemars tomorrow. It is to decide upon the advisability of placing judicial candidates in the field for the fall elections. Wakefield and John P. Oliver, republicans, which F. R. Gaynor, democrat. The democratic convention was called, but it adjourned without making any nominations. Strange Disease Among Children. Although the disease has run rampant over this city there has so far been no deaths and the strange nature of the disease is causing a feeling to cause the little sufferers much pain.

FIT MEMORIAL TO LAFAYETTE President Endorses the Plan to Have School Children Erect a Monument. WASHINGTON, Sept. 23.—The following is the president's letter in reply to a letter from Alexander H. Revell, vice president of the Lafayette Memorial Commission: "WASHINGTON, Sept. 23.—My Dear Sir: Your letter written in behalf of the Lafayette Memorial Commission has been received and I have read with much interest the plans already outlined for the proposed monument to the memory of a great soldier and statesman. The undertaking is one which I am sure it will be considered a privilege to participate in. The idea that the students in the schools, colleges and universities shall take a prominent part in this tribute will not only be of vast educational value as to one of the most important epochs in history, but will keep prominently before them the inspiration of a high idea of devotion to great principles and of the public recognition of the day to lofty purposes. General Lafayette was but a young man when he espoused the cause of liberty and independence, overcoming with high insurmountable obstacles to do so. It is another fitting tribute, therefore, that the youth of America should have a part in this testimony to his goodness of heart and his noble character. I am glad to note that your committee has fixed a date when our people, in every part of the country, may testify their interest in this proposed monument, and their determination that the movement already begun shall achieve the greatest success. Very sincerely yours, WILLIAM McKINLEY.

Improvements in Flying Machines. Inventors are plenty who can make a machine that will rise and float in air, but the one improvement which none has succeeded in making is an apparatus that will guide the machine through the many treacherous currents of air. In this respect humanity is fortunate in having Hottel's Stomach Bitters, which acts as a safe guide by curing treacherous stomach, liver and blood diseases, giving a good appetite, a strong constitution and nerves like steel.

QUEEN OF TOPEKA CARNIVAL. Hawaiian Girl Chosen for the Purpose Arrives at San Francisco on the Alameda. SAN FRANCISCO, Sept. 22.—Miss Annie Rose of Hilo, Hawaiian Islands, now here on her way to Topeka, where she is to reign as "queen of the carnival," has created a decidedly favorable impression. She is typical of her race, her mother being a native Hawaiian of the full blood and her father a German. Like most of the part-Hawaiians, she resembles her mother's side, and is a decidedly handsome girl, tall and large, with a skin between cream and olive and black curling hair. Her eyes are long and sweeping and they also curl. Her eyes are dark and expressive, and the charm of her face lies in her peculiarly sweet smile. In manner she is gracious and charming. Her English is perfect and without the slightest accent. Only in the tones of her voice and in her swinging step does the hint betray her ancestry. After her arrival on the Alameda she visited the Presidio and witnessed a dress parade given in her honor by the Kansas regiment. She has already been measured for her state robes, and on Friday will start for Topeka, stopping only at Sacramento and Hutchinson, Kan. She is only 19 years old and has never before been outside of her native islands. Hurricane Lashed Three Days.
