CONFERENCE SUSTAINS ALL CHARGES

He is Held to Have Unaccounted for \$30,000 of University Funds and His Arrest Is

Reported.

FAIRBURY, Neb., Sept. 24.-(Special Telegram.)-The committee of the Methodist Episcopal conference, after three days investigation against C. W. Ellenwood, late chancellor of Wesleyan university at Lincoln, reported this afternoon, sustaining all charges against Prof. Ellenwood and recommending that he be expelled from the ministry and church. The report was accepted the conference. The committee found that Ellenwood had failed to account for \$30,600 of university funds, and while the defense set up a counter claim for \$18,000, the committee would not admit it. It is stated by members of the conference that

Ellenwood was arrested at Lincoln this Thursday morning's session of the Methodist Episcopal conference was taken up with routine work. In the afternoon the Women's Foreign Missionary society held an anniversary meeting and was addressed by Miss Wilkeron of Fu Chow, China, and Mrs. F. L. Parker of Finland. The evening evercises were conducted by members of the Freedmen's Aid society, Dr. Reese delivering the main address. The treasurer's report showed a total receipt of \$550, as against (

\$600 the preceding year.

The Friday morning session was taken up with reports of the presiding elders and in the afternoon Rev. R. Pearson of Crete preached the conference sermon. Resolutions were adopted commendatory of the course of President McKinley in regard to the conduct of the late war with Spain and protesting against any settlement of the disposition of the Philippines and other islands that do not grant to their people absolute religious freedom. In the evening the educational anniversary exercises were held, addresses being delivered by Dr. J. S. W. Dean and Chancellor Huntington of Wesleyan university.

The following transfers into this conference have been announced: W. B. War ren from Northwest Indiana; F. L. Harmon from Missouri, and A. G. Farnam and B. W. Marsh from West Nebraska conference. It is stated, although not officially an nounced, that Dr. Fletcher Wharton of Toledo, O., has been transferred to this conference and will take charge of St. Paul's | Private Jarmin of Company F. MANIPULATE STATEMENT OF TAXES PAID

Counties Actually Paid More in 189 Than Refore in Spite of Populist Statement to the Contrary.

LINCOLN, Sept. 24.-(Special.)-About month ago the state officials compiled and published a statement the patriotic object of which was to show that instead of taxes coming in faster than ever, that the delinquent list in the state was growing Like their bureau organized to tice. Dr. larger. that the people of the state are unable to pay their taxes.

This calamity statement was published in the "reform press" under the caption; "Delinquent Taxes Grow-Increase in School Moneys Not Due to Payment of Taxes, but to Honest Government-The Facts from the State Records,'

Then this popocratic compilation went on to show that during the year 1897 the total state tax levied against the counties was \$1.181.919.76 and that the total tax paid during the same year was only \$1.173, 232.17, making an increase in the delinquent list of \$8,687.59. This fact was ex-

the state. In the column showing the "total tax paid in 1897" the payment of interest tax paid in 1897" the payment of interest on delinquent taxes was left out and the Prompt Results showing of the amount of money paid by the counties was just \$31,759.76 less than the records actually show.

The correct figures are taken from the county treasurers' reports on file in the office of the state auditor and are shown below. The first column shows the pay ments made according to the calamity com pilation. The second column shows the total payments that were made as shown by the records. The third column shows the total amount paid the state by the counties during the year 1897, including tax, interest and funds derived from the lease and sale of school lands:

One of the Best Planned Train Holdups Ever Perpetrated Near Kan-

KANSAS CITY, Sept. 24.—Seven masked men held up the westbound Missouri Pacific passenger train, known as the Little Rock and Wichita express, at a point in the woods between Leeds and Dawson' seven miles from Kansas City, at 9:40 o'clock last night. To prevent interference they first smashed the telegraph instruments at the Belt line station, the junction of the Belt | a roar. I fell to the ground stunned. When holdup, and marched the operator, D. M. Hisey, before them to a point half a mile down the track toward the rest of the train east. While two men covered Hisey the others flagged the train as it approached, quickly covered Engineer Slocum and Fireman Weston and compelled them to dismount, and detaching the engine and the Pacific express car, ran them down the track a mile and a half toward Dawson. The passengers were unmolested, but the porter, who attempted to interfere, was quickly sent to cover by a shot directed by one of the roadmen. At a desolate spot up the road the baggage car was quickly broken into, great quantities of dynamite placed upon the through safe, and the local safe placed on top of it. So much explosive was used that the car was literally blown to splinters and the safes thrown way to one side of the track. This morning nothing but fragments of the local safe could be found, and the through box was a wreck, the top hav ing been blown off and the door wrenched and otherwise damaged. The explosion, which was of such force as to have been heard distinctly in Kansas City, undoubtedly destroyed any valuables in the safe and that the robbers themselves were not blown to atoms seems strange, so terrific was the blast. The express officials examined their one remaining strong box this morning They absolutely refused to make a statement of their loss, saying simply that it was

REV. E. W. WILCOX, PASTOR OF THE Medothist Eposcopal Church, Elgin, Neb., writes Dr. Shepard as follows, under date of August 20th, 1898; "I believe it is in line with my duty to my fellow men to recommend your treatment for catarrh and deafness. I will say what merely I know from personal experience. For a number of years I suffered from a catarrhal disease in my head, ears and throat. After public speaking or singing for a few minutes I would become hoarse with a feeling of fullness and irritation in the throat and bronchial tubes. My nostrils became stopped up, giving a masal tone to my voice and causing continual headaches. I had not breathed through the left nostril for two years. Marked deafness came on with other symptoms until my hearing was very dull. This was the worst affliction of all.

"After waiting for some time to see what the result of Dr. Shepard's treatment has been I can now state that it is curative. My whole system has been thoroughly restored to good health and the local catarrhal symptoms have been mastered. The throat and masal symptoms have disappeared and my hearing is excellent."

money there was in the safes. I lied to them good and plenty. The mask of one of the men slipped and I tried to get a good look at him. Quick as a flash he hit me on the head with the butt of his revolver. They put seven sticks of dynamite on the big combination safe and set the portable safe on top of the dynamite. The car finally stopped and they set a fuse. I saw a match struck. They jumped out leaving me in the car. I pleaded with them and they finally let me jump down. We all moved up on the other side of the road. It seemed an age as we waited. The fuse had apparently refused to work, and they sent me to uncouple the engine from the baggage car. I recovered and regained my feet some one said, 'Git quick, git.' I started on a run while the rest of the robbers who had come up by this time made for the express car.' During the day a liveryman in the southern portion of the city reported to the police that a horse and buggy that had been hired from his stable by an unknown man late last night returned alone this morning. In the buggy there was a gun case and gun. The liveryman was unable to give good description of the man who had hired the vehicle. The police prefer to believe that John Kennedy, whose connection with several train rebberies in this vicinity is suspected. and who was but recently released on bail pending trial for the murder of Miss Schumacher, a grocery woman, was connected with last night's holdup. To the officers today Operator Hisey gave a card which he asserts was handed to him by one of the two men who entered his office last night.

The card read: "We, the masked knights of the road, robbed the M. P. at the Belt Junction tenight. The supply of quaits was good. With much love, we remain "JOHN KENNEDY. BILL RYAN. BILL ANDERSON,

"JIM REDMOND." Redmond is wanted for complicity with Kennedy in the Schumaker murder.

People in the vicinity of Dawson early this morning claim to have seen five men drive furiously away from the scene of the robbery in the direction of Kennedy's house in the Cracker-neck district. Kennedy's car was carried down the telegraph whereabouts today are not known.
