## COMMERCIAL AND FINANCIAL

Wheat Holds Its Own Against Bear Attacks and Closes a Point Better.

SHORTS AND EASTERNERS SAVE DECLINE

Corn, Oats and Provisions Are Dull and Practically Unchanged-Heavy World's Grain Shipments.

CHICAGO, Oct. 3 .- Wheat today successfully contended against one of the most formidable arrays of bear statistics that has been posted for sometime. Heavy world s shipments, large increase on passage, heavy primary receipts and visible supply increase all worked against the price, but covering by shorts and some eastern buying orders were sufficient to cause the market to recover to a point slightly above yesterday's final figures. December closed 1-8c higher. Corn, oats and provisions were dull and changed but little.

A decline of %c marked the opening trades in wheat, December starting at 61% @61 7-8c, compared with Saturday's closing price of 62@62 1-8c. This slight break was soon followed by a further break to 625-89 62%, then for an hour or more the market kept within 4c range. The news usually affecting the market was extraordinarily bearish and that prices did not decline further was probably due to the almost utter lack of interest displayed by traders, the pit at times being duller even than Saturday, half of the brokers were absent. W shipments of wheat and flour were very heavy, amounting to 8,295,000 bushels, of which Russia contributed 2,536,000 bushels. This was 500,000 bushels in excess of Russia's shipments the week previous and in view of the many discouraging reports re-cently received as to crop conditions in that country, the figures were a disagreeable surprise to bulls. The quantity on ocean passage increased 1,750,600 bushels, compared with 400,000 bushels a year ago. Liverpool was 3-875-84 lower, and London reported a poor demand for foreign wheat at 6d de-cline. Chicago receipts were 447 cars, twenty-six of which were of contract grade. Receipts at Minneapolis and Duluth for two days were 2,448 cars, compared with 1,663 cars last week and 1.518 cars a year ago. Primary receipts exceeded previous records for a day, the total being 2,255,000 bushels, compared with 1,914,000 bushels a year ago. To add to the already heavy burden of the bulls the visible supply showed an increase of 1,455,000 bushels where not more than 750,000 bushels increase was looked for. Bulls derived a grain of comfort from the heavy rains in the northwest, which it was figured would lessen the receipts in that quarter. After the first hour's trading, the market gradually grew weaker, selling in creased in volume though at no time did it assume large proportions. News was alto-gether too bearish to allow of much buying and the light demand resulted in a slow decline, December finally getting down to 61½c. After noon, however, the market firmed up considerably. Influenced by a re-covery at St. Louis, and the receipt of some fair-sized buying orders from New York, shorts and early sellers tried to cover but had a good deal of difficulty in doing so and December was finally bid up to 62 1-8@6214c. The market held steady after that and closed at 621-8@624c for December. Corn was exceedingly dull. A visible in-

crease of 1,754,000 bushels, large receipts and a poor cash demand made a weak market early and a slight decline resulted. Local

early market was steady because of larger decreases in stocks than expected. Yellow fever talk and liberal receipts resulted in a gradual weakening, the market closing eas-Packers sold moderately off ribs. At the close January pork was 5c lower at \$8.97½, January lard 2½c lower at \$4.82½@ 4.85 and January ribs 24c lower at \$4.65. Estimated receipts Tuesday: Wheat, 425 cars; corn, 1,100 cars; oats, 675 cars; hogs.

Lively Operations in Most of the List by Raids of Professionals. NEW YORK, Oct. 3 .- Today's stock market furnished a striking exhibition of the

solidated Gas figured for 5 points and Tobacco 5 points, the latter touching 113. The bulls then started in to retrieve some of the ground lost last week, and after jump-ing from one stock to another, finally singled out Tobacco se a leader. The strength developed here soon permeatal the entire list and prices forged steadily upwards on animated dealings. Interests which had been responsible for the late demoralization in the specialties also changed front and operated for the long account. The action was taken in order to shake off an undestrable follow-ing, the market showing signs of having been oversold. This circumstance rendered manipulative tactics profitable and vigorous efforts were made to squeeze the shorts. The traders were quick to take advantage of the change of program and any effort to cover a large line was followed by vigorous bid-ding with sharp changes between transaclong. Contributory favorable influences deeloped as the day progressed to strengthen the market. Arbitrage houses executed heavy purchasing orders and a decline in money rates induced more general buying for

the long account. The market in detail presented many strik ing features and while realizations were extensive as the rise assumed headway, the undercurrent of strength was not affected and final prices were well above Saturday's level. Some hesitancy was noted at the inception of the rise and the market became semi-stagnant, the traders apparently holding aloof until the disposition of the leaders became more clearly defined. Extreme recoveries from the low point were 10 points

soon changed the current of prices and sharp gains followed. The reorganization plan of the latter company was issued today and the drastic treatment accorded the common stock caused a decline in its price to 4. Total cales of bonds, \$2,000,000. Govern-ment bonds showed heaviness, the new da vielding 1-8 per cept.

Lawyer Clark Gets the Limit. HUTCHINSON, Kan., Oct. 3 .- Judge on has sentenced Lawyer E. G. Clark to five years' hard labor in the penitentiary for complicity in the murder of W. C. Boyd, over a month ago. Before receiving his sentence, which was the highest that could be tence, which was the highest that could be imposed for the crime, Clark made a long speech to the judge. It was a striking scene, the gray-haired defendant pleading for leniency from the judge before whom he had but recently been practicing. ago a verdict of manslaughter in the second degree had been rendered. Mrs. A. L. Pos-tlewait, charged with being an accomplice in the murder, and her son, who has confessed to the killing, are yet to be tried.

Railroad Projector Sails for China. SEATTLE, Oct. 3.-A. W. Bash, general agent of the American-Chinese Development company, sails on October 10, with W. Bar-clay Parsons, chief engineer of the company, for China, to start work on one of the greatest railroads to be bulit in China. The company, which is headed by ex-Senator Calvin S. Brice, has obtained a concession to build a reilroad from Hankow to Canton and the sea opposite Hong Kong, traversing one of the richest districts of the empire. The company is capitalized at \$40,000,000 It will obtain most of its material on this

Order Cruiser to Chinese Waters. NEW YORK, Oct. 3.—A special from Washington to the Herald says instructions have been issued by Secretary Long to Rear Admiral Dewey, directing him to send the protected cruiser Baltimore at once to Tien Tsin, China. This action shows conclusively the concern felt by the administration at the existing condition of affairs in the celestial empire. It would seem to indicate that more sensational information had been re-ceived from Minister Conger than the authorities have made public.

SAN PRANCISCO, Oct. 3.—The Pacific Mail steamer City of Pekin, which started for Oriental ports Saturday afternoon, but broke down off Lime Point, just as it was started under full speed, is anchored off Mission Rock, waiting until repairs can be made. The piston leader of one of the cylinders of her engines snapped when the full pressure of the steam was turned on, but no other damage was done. It is thought that the steamer will be got to sea by to-

CATTLE—There was a good big run of 85 cattle today, large even for a Monday, but 68 the most of the offerings consisted of feeders, so that the supply of killing cattle was not especially large. The general market might be summed up as fairly active on good kinds and slow on all others.

Only about a half dozen loads of corn fed beeves were on sale and none of them were very good, the best being only fair. There was a demand for a few good cattle and buyers were willing to pay steady prices, so that there was no quotable change in the market for corn feds. Quite a good many grass westerns and Texas were offered for sale that were good enough for the killers, but advices from both Chicago and Kansas City were indicating weak markets on that Besides buyers were claiming that this market last week was too high as com-pared with other markets. The result was that buyers started out talking lower prices and wherever they were able they forced the market lower, so that the cattle sold all

the way from steady to a dime lower. Cows and heifers were not in very large supply in spite of the large run of other kinds of cattle and consequently the market sale. The market opened strong on desirable killers in spite of the reported weak did not show any material change, values opening at other selling points. Considerbeing just about steady. was an active demand for choice kinds of stockers and feeders and it would be safe to call good cattle steady at least. Quotations are: Good grass westerns \$4.00@4.15; fair to good grass westerns There was quite an outside demand, coupled with a good local speculative demand, which \$3.50@4.00; good yearlings, \$4.15@4.25; good

made the market active. Some good feeders lambs, \$4.90@5.00; feeder wethers, 2-year-sold at \$4.20@4.35 and as high as \$5.00 was olds and over, \$3.75@4.00; feeder yearlings sold at \$4.20@4.35 and as high as \$5.00 was olds and over, \$3.75@4.00; feeder ye paid for some fancy dehorned yearlings. \$4.00@4.15; feeder lambs, \$4.25@4.85. The common kinds were not only lower No. but no one appeared to want them and the market was slow, so that it was late before the holders of such cattle were able to close out. Representative sales;

Sales were made on a basis of \$4.000 4.75 for common to fair grades of native beef steers, up to \$5.5005.85 for choice to extra shipping lots, the bulk of the sales being at \$4.850 5.60. Stocker and feeder prices were unchanged. Canning and butchering natives were fairly active at recent quotations. About 500 straight Texas cattle were received and disposed of at former prices. Range cattle were in good demand at about last week's prices and a car of prime 1.450 lb. steers brought \$4.75.

Trade in hogs was fairly active, sales being made at the closing prices of last Saturday. Sales were at an extreme range of \$3.45073.85, the bulk going for \$2.7063.90. Pigs were in good demand and sold largely at \$3.4063.70. A few fancy selected hogs were sold to butchers at \$4.90.

White the supply of both sheep and lambs was liberal, there was a correspondingly large demand from slaughterers and feeders and prices were steady. Native sheep were wanted at \$2.50674.50 for the commonest lots, up to \$4.4064.70 for choice to prime flocks, and western range sheep were in demand at \$3.5074.35. Mutton sheep sold largely at \$3.904.25 and feeders sold freely at \$3.904.25 and feeders sold freely at \$3.504.400. Lambs were in active demand at \$3.5074.50 for the commonest grades, to \$5.7576.00 for choice natives.

the arrivals were noted loads from ship-

pers who have not been coming here for some time, which would indicate that this

was decidedly against the selling interests

and bear arguments were numerous. Chi-

cago was reporting a steady market, but it was steady with Saturday's late market, which was far from good. Then, too, it

was known among buyers that the string of packing hogs bought by a heavy packer here

on Saturday cost 1c more than a string of about the same weights cost in Chicago.

Besides that buyers were all anticipating

large receipts on Tuesday and a lower mar

ering the late opening. Representative

Getting Rendy for a Struggle. COLUMBUS, O., Oct. 3.—November 1 is the date set by the local Typographical union for the concerted movement looking to a nine-hour day in book and job offices. It is hardly thought that a general strike HOGS-Today's receipts of hogs were will result, but in anticipation of the unlarger than usual on a Monday and among expected an assessment of 1 per cent is being levied on the printers' earnings as a de-

market was pretty high as compared with other selling points. The general situation Commodore Watson Enroute West. CHICAGO, Oct. 5.—Commodore J. C. Wat-son, U. S. N., recently commander of the Cuban blockading fleet, arrived in Chicago today. He is on his way to San Francisco to take command at the Mare Island navy yard. the post made vacant by the recent death of Admiral Kirkland. Commodore Warson will leave for San Francisco some time to-
