EVENTS ON THE RUNNING TRACKS.

Tyrian, Henvily Backed Favorite, is Left at the Post in Second Race. NEW YORK, Oct. 5.-There was a great, attendance at Morris park in spite of threatening weather. In the second race It was largely a kicking game, with little line bucking. The most remarkable thing about it was perhaps the uselessness of the University of Pennsylvania tactics which Amherst used. The new ends-in trick was ripped to pieces by Yale's line and the guardsback formation made no impression on the Yale rushers. The line-up:

In the course of an interview on the same subject Chris Von Der Ahe, who is still connected with the St. Louis Browns, said: "Robison and Brush are bluffing when they say they will put the Cleveland team in here whether I like it or not. I am willing the Clevelands should come in here and make Sportsmen's park their home, but when they come it must be on the equal sharing terms or not at all. We are perfectly willing to divide the earnings of the club and plant with the owners of the Cleveland club, but we are not willing to let them come in here and run things as they please. The Cleveland team is today without a home. Its owners have had a sreat deal of trouble there with the labor unions and that is why the team has not been patronized there. It is not wanted in Cleveland. Robison knows this and he will not attempt to play any more games with it there."

His examination piece when he was graduated was "Mary, the Egyptian," pronounced in European salons as a masterpiece in its way. After his graduation he went to Paris and received instruction from Munkacsy and Meissonier. Ten years ago he returned to this country. His portrait of Sir Joseph Monteflore adorns the Corcoran Art gallery at Washington. Among the Americans who have sat for his facile brush have been Chief Justice Waite, whose picture he painted for the Ohio society of New York: Justice Lamar, Dr. Smith, the author of "America;" Chancellor W. The artist has headquarters on the Rue Langier, Paris, with Jules Cheret, the great cartoonist, as his next door neighbor. Every woman should realize that her health is like a bank account. At the out-set she has so much deposited to her credit in the bank of health. If she draws out more than she puts in she will soon over-draw her account. An over-drawn account in the bank of health means one of two things, a life of hopeless suffering or an early death. The woman who neglects her health in a

womanly way is making big drafts on her account with the bank of health and will soon be a physical bankrupt. Disorders of this description wreck a woman's general health quicker than anything else in the world. They soon transform a healthy, happy, amiable woman into a weak, sickly, fretful and despondent invalid. They ut-terly unfit a woman for wifehood or motherhood. For all disorders of this nature Dr. Pierce's Favorite Prescription is the best of all medicines. It acts directly on the delicate and important organs concerned delicate and important organs concerned in maternity, giving them health, strength, vigor and elasticity. It relieves pain, allays inflammation, checks debilitating drains, and quickly subdues all other symptoms. It at once stops the dragging pains and sinking spells, the nervousness, the digestive disturbances and other complications that arise from the same cause. Taken during the months of expectant maternite. during the months of expectant maternity, it banishes the usual discomforts and makes baby's advent easy and almost painless. It insures the new-comer's health and a plentiful supply of nourishment. Thousands of women have testified to its marvelous merits. An honest dealer will not suggest an inferior substitute for the sake of extra profit.
