CASE GOES AGAINST BIXBY

Born, to Mr. and Mrs. Harry Wescott, a Judge Macy Decides the Suit in Favor of

Plaintiff Company.

Court Takes the Case Away from the Jury and Gives Judgment as Asked For, Setting Forth His Reasons Plainly.

According to the decision rendered by afternoon, who took the case away from the jury, Frank A. Bixby, chief of police of Council Bluffs, is indebted to the Sterling Manufacturing company in the sum of \$1,-540, money which he appropriated to his Nora Ingraham of Manhartan, Kan. own use while in the employ of the company as its manager at this point. Judge Macy's decision was also adverse to Bixby's counter claim of \$2,000 for alleged breach of family. contract on the part of the Sterling company in dismissing him from its employ, the court holding that the circumstances and daughter, Edith, of Pierre, S. with Mr. Bixby's services when it did.

At the close of the evidence yesterday the

attorneys for the plaintiff moved the court to direct a verdict for the plaintiff for the full amount of its claim, namely, \$1,540, and against the defendant on his counterclaim for damages. After the motion had been argued pro and con Judge Macy promptly handed down his decision, holding that the evidence showed without any contradiction that the plaintiff had instructed Mr. Bixby, its manager at the time in this city, to keep its money in the bank in the name of the Sterling Manufacturing company, but that he had disregarded these instructions and had kept the money properly belonging to the company in his own name and intermingled it with his own money. This was undoubtedly a breach of his duty as an employe of the plaintiff company and fully warranted the company in discharging him. The court found that as to the \$600 which Bixby claimed he had taken out of the funds for the company in his hands for his own use by its alleged permission, the evidence was plain and uncontradicted that he did not have such permission, but that on the contrary he had received letters from the president of the company, expressly stating that he had not permission to use the company's money.

This, Judge Macy held, was also a violation of the confidence reposed in Bixby by his employers and warranted the company in discharging him from its employment. Thus the evidence showing that the plaint!ff company was justified in discharging him, the defendant Bixby had no grounds for a counter-claim for damages for breach of con-The case of the Scottish Union and National Insurance company against E. Traveling Men Make Day and Night Gay and One Hundred Kutghts of the Grip from Omaha Take a Hand.

SIOUX CITY, Oct. 8 .- (Special Telegram.) Sioux City's carnival week closed in blaze of glory, but not until tired men and women were forced from shere exhaustion to go home. Tonight was a night in which everyone turned loose to parade up and down the streets, threw confetti and otherwise indulged in innocent fun at the expense of others. It was traveling men's day and large delegations came from neighoring cities. The local traveling men were delighted beyond measure with the splendid delegation sent from Omaha. Over 100 mer came in on a special train and it was ac companied by the fine McCook (Neb.) mill tary band. The visitors were met at the union depot by a large number of Sloux Mrs. W. A. Snodgrass of Avenue A has as City knights of the grip and marching to the music of two bands the visitors were taken to the traveling men's headquarters. Here refreshments were served and a warm lunch put all in a good humor. The Omaha boys boosted for their exposition and it was indeed a merry love feast. In the parade Omaha was repeatedly cheered by the waiting thousands. The special train will probably return to Omaha in the morning and it will be a tired lot of fellows who will alight at their home city.
