Movement of 1,800,000 Bushels of Wheat for Day Preaks Records.
 NEW YORK, Oct. 19.—The export transactions at all scaboard points today footed up 255 loads, or 1,800,000 bushels. This represents one of the heaviest day's business ever done, even during the Leiter activity last year. Of the amount taken today New York alone furnished 135 loads. The business, heavy as it was, caused no particular to the trade, as it is well known that Europe must draw heavily upon this year, and today's dealings were only in line with the active trade which has been in progress now for about a month. The speculative market was naturally stimulated by the news and advanced 12 for the day. December selling from 75 7:160
 About 90 loads of corn were also taken for export.

Wool Market.

Wool Market, BOSTON, Oct. 19.—The American Wool and Cotton Reporter will say: There has been more activity in the wool market in the last week than for the previ-ous two months, the sales being larger than in August. As we go to press hergo-tlations are in progress which will result in considerable business later on. There is a comparatively fair number of manu-facturers in the market, who have taken quite an amount of territory wools. Since the cold snap set in there has been a more spirited inquiry for heavy weights. The features of the week's business have been the transactions in the territories, three-eighths and quarter-blood fleecers, washed and unwashed, and in Montevideo and Australian wools. just what is wanted. It acts at once, ago. The killing was mysterious, but it has developed that the crime was committed for revenge. The alleged connection of Woods with it is due to a very clever detective. Men armed with rifles and accompanied by

bloodhounds are now hunting for two others who are believed to have been associated Australian wools. The sales of the week in Boston amount with Woods. The sales of the week in Boston amount to 1.756,000 lbs. domestic and 1.273,000 lbs. foreign, making a total of 3.029,000 lbs, against a total of 1.199,000 lbs. for the previ-ous week and a total of 3.043,000 lbs. for the corresponding week last year. Sales since January 1, 1858, amount to 91.111,000 lbs. against 322,861,100 lbs, last year at the name time.
