

LAST OF THE EXPOSITION

Greatest Opportunity Ever Offered Piano Purchasers.

A. HOSPE, 1513 DOUGLAS STREET

The immense stock of the finest instruments ever placed in our salesrooms now being sold at factory cost.

They must be sold and will be sacrificed at especially low prices. We have no room to accommodate the many pianos now at our booth in the Liberal Arts building and the many pianos we have rented out on the Midway which will be moved to our warehouse after the exposition closes.

Therefore our floors are at present covered with the enormous over-purchased stock which we bought especially for the increased exhibition trade.

We have cut prices down to factory cost, every instrument will be guaranteed to be as represented. They are all new and latest designs, some being especially made for our exhibition exhibit, but came too late to be installed in our booth.

Only one price—no more will be asked, no less will be taken—every buyer has an equal chance at these piano bargains.

This stock comprises the leading makes in all the various solid and veneered cases. There are Knabe's, Kimball's, Kranch's, Bach's, Hallett & Davis' Co's, Kroll's, Hospe's, Howard's, Schirmer & Co's, Lindell's, Wheeler's, United Makers' and Knickerbocker's grand and upright pianos.

Instruments that sold for \$250 go at \$272. Pianos that retailed for \$500 will be sold for \$335.

Those for \$450 will go at \$314. Those \$600 pianos will be offered for \$298. Again \$850 pianos cut to \$283.

\$500 pianos sold at \$248. \$250 pianos selling at \$198, \$165 and \$145 on terms that are the lowest—\$25 cash and \$10 a month.

Remember we advertise only what we have and do as reliability is part of our stock in trade—furthermore this rousing cut price sale closes with the exposition.

No trade or commissions during this sale. A. HOSPE, 1513 Douglas St.

An Example of Fine Printing. Representing the top-notch attainment of the printer's craft, the Bee Peace Jubilee souvenir edition was a triumph of typography and reflects unusual credit upon the printing establishment of which it is a product.

The work was done by A. I. Root 1609 Howard street. His office is equipped with two Miehle rotary printing presses, machines recently invented and qualified to do the highest grade of half-tone printing, while the skill of the pressmen employed is attested to by the excellence of the typography of the souvenir edition.

The Grand Court of the Exposition is wonderfully beautified at night. No picture of it is so good as The Bee Photogravure. Stop at The Bee office for one and some others. Three for ten cents.

DO YOU SING?

If so your voice is sometimes "husky"—and needs "clearing." You should know about LA GRIPPE COUGH SYRUP. ONE DOSE of this medicine will do more to clarify the voice than will a whole box of the best cough lozenges ever made. The LA GRIPPE COUGH SYRUP clears out the bronchial passages, makes it easier to breathe, relieves the "tightness" about the chest. It will keep you from annoying an audience with your "hacking cough" if you go to concert, theater or church. An ORDINARY COUGH is easily cured by a teaspoonful every hour or two, and rapidly a JIMPSON WEEED plaster on the chest. The treatment will cure you speedily.

If you have a PAIN in the chest which threatens pneumonia get a 25c bottle of LA GRIPPE COUGH SYRUP and take a teaspoonful every hour or two, and apply a JIMPSON WEEED plaster on the chest. The treatment will cure you speedily.

The Injurious Effects

produced on the stomach by constantly swallowing bacteria and gas from decayed teeth and diseased mouths, together with the food passing through the same, is recognized by scientific men as the frequent cause of serious disease. There are in all parts of the country people who consider fresh air as the great foundation for health and whose mouths are neglected to such a degree that the air passing through is more vitiated than that found in the most crowded tenement house, and from which every mouthful of food carries millions of bacteria into the stomach.
