Small Export Trade Dissipates Early Strength of the Wheat Market.

ONLY MODERATE ACTIVITY ON THE BOARD

Corn Advances Fourth of a Cent. Onts Unchanged-Pork Goes Seven and a Half Cents Lower.

CHICAGO, Oct. 27.-Disappointingly small export trade today dissipated an early show of strength in wheat. December left off at 3-825c decline. Corn advanced \$c. oats was unchanged and pork closed 75c

Wheat started tame and during the early part of the day had nothing to stir i into more than moderate activity. However, the firmness of the cash markets in the northwest and a recovery at Liver-pool resulting in '4d advance for the day mbued the crowd here with a desire for the buying side. They accordingly pursued a bull policy during the forenoon, but in onservative way taking moderate quantitles on the soft spots. English consols opened 5-16 per cent higher and made a further 1-8 per cent advance, retaining all about balanced smaller domestic receipts and the closing firmness of the Liverpool market. It was rumored that fifty loads market. It was rumored that lifty loads of wheat had been taken at New York for Europe. Broomhall cabled that the Danublan countries had not secured the good wheat crop credited to them earlier in the season, saying it was now acknowledged to be 20 per cent below an average. Thicago receipts were 200 cars, against 185 expected, and Minneapolis and Duluth reported 760 cars, compared with 837 the same day last week and 839 a year ago. Primary western receipts were 1.28,000 bin, against 1.151,000 bin, the corresponding day last year. Clearances from the principal Atlantic ports were equal in wheat and against 1.151.000 bu, the corresponding day last year. Clearances from the principal Atlantic ports were equal in wheat and flour to \$55.000 bu. Parts reported a decline in flour of from 10g 30c. The buils weakened near the end and bears persisted in selling on all hard spots. New York I telegrams did not come in near the close as they have been doing of late, with relaims of an immense export business, but reported only the fifty loads rumored early in the day. All that was capable of being confirmed was twenty-two boatlonds of which seventeen were for Scalt. December opened \(\frac{1}{2} \) but as \(\frac{1}{2} \) confirmed was twenty-two boatlonds of which seventeen were for Scalt. December opened \(\frac{1}{2} \) but as \(\frac{1}{2} \) capacity for soliding confirmed was twenty-two boatlonds of which seventeen were for Scalt. Large interests favored the buying side and prices showed a good advance the prenter part of the day. The weak closing of the wheat market, however, caused a weakness in corn and the advance was nearly all lost. Receipts were 294 cars. December opened 1-8c higher at 224.632 3-8c, declined to 221-8g 224c buyers, the closing figure.

Outs was quiet, prices being sustained by

Oats was quiet, prices being sustained by

Oats was quiet, prices being sustained by the strength in corn and a good cush demand. Receipts were 185 cars. May began a shade lower at 243-8c, declined to 244-3243-8c, sold up to 244-3245-8c, then reacted to 243-8g-243c at the close.

The heavy run of hogs was a depressing feature in provisions and more than balanced the excellence of the demand for meats. The market ruled dull throughout and the tendency of prices again was eligatly downward. January pork opened 8c lower at \$9.0%, advanced to \$5.10, then declined to \$9.06 sellers, the closing price. Fluctuations in lard and ribs were narrow.

Fow. Estimated receipts for tomorrow: Wheat, 200 cars; corn, 240 cars; oats, 156 cars; hogs, 22,000 head. Leading futures ranged as follows: Articles. Open. | High. | Low. | Close. | Yea'd y

Point of Activity.

NEW YORK, Oct. 27.—The stock market showed a continuation of yesterday's There was not quite such a congestion of trading in Tobacco and Sugar, although those stocks continued to be the leaders in point of activity. They were traded in mearly all day at a level below yesterday's close, though each stock advanced slightly above yesterday's price for a brief intrival. The buying of shorts, which caused yesterday's rise in Sugar, left that stock weak again, and the extreme decline from the high point was 34. A rally at the close left the net loss 14. Tobacco was under pressure on the supposition that the recently incorporated company is destined to be a powerful competitor, and on denials of accessions to the American company of outside plug tobacco companies. The stock was at one time of 24, but closed with a small net gain.

In railroad securities the continued duliness and hesitation on foreign exchanges were without effect. There was a large demand for quite an extensive list of railroad stocks, the grangers leading with treity much all the western and southwestern roads showing a good tone. The eastern roads showing a good tone. The eastern roads showing a good tone. The eastern trunk lines continued to lag on account of the admittedly bad rate situation in that territory, which nullifies the henefit of the exceptionally large tonnage which is being moved. St. Paul was the leader in the tailroad list and the movement of the stock was supposed to foreshadow a good September statement, due tomorrow. The gross increase of that period in earnings is known to be well on toward \$500,000, and it is surmised that the statement will show a reduction in the recent heavy rates of expenditures for improvements charged to operating expenses. There was not quite such a congestion of trading in Tobacco and Sugar, although

expenditures for improvements charged to operating expenses.

The September statement of the Union Pacific, while showing a decrease of over \$14,000 in gross earnings, showed operating expenses so largely reduced as to leave an increase in surplus earnings of \$112,554. The delayed movement of cotton now coming forward and the decrease of yellow fever foreshadow good earnings for southern and southwestern railroads. The easier tone today of sterling exchange was the direct result of the calmer feeling in Paris.

There was a heavy demand for sterling

It is becoming worse and worse every day instead of better. This morning when the market opened there was less than half of the day's receipts in the yards, the balance being still back, with no indication whether it would reach the yards in time for the day's market or not. For several weeks there has been more or less trouble from that cause, but it was expected that the difficulty would soon be remedied. Instead of that the trains are coming still later. The railroad companies have now fallen into the habit of letting anything and everything interfere with the running of stock trains and it will take a good many vigorous protests to get things to running smoothly again. As it is shippers are losing nearly by the delay in getting their stock to market.

CATTLE—The market opened with only sixty cars of cattle in sight, but with sixty-eight reported back. As will be observed from the table of receipts at head of column, the arrivals so far this week have fallen very much below the record of previous weeks.

There were not far from eighteen loads of cornfed cattle in the yard, which was not enough to influence values either one

previous weeks.

Foreign Financial.

LONDON, Oct. 27.—American securities were firm all day on a more buoyant feeling, but business was restricted. The clossing tone was firm. The amount of builton gone into the Bank of England on balance teday was £134,000 it gold and to-day £134,000 it gold and to-day £134,000 it gold. These receipts were largely French payments for heavy purchases of consols and other securities made during the recent drop in prices here. Gold is quoted at Bueion Ayres today at 146,80. Gold at Liebon has declined to 49.

in fact the total for the week to date shows a considerable falling off as compared with previous weeks. Advices from other selling points were far from encouraging, as early reports generally indicated lower values. Still the demand at this point was of very fair proportions, and as the offerings of desirable muttons were rather small the market here was fully steady. Some would say that the market was a little stronger on the ground that some of the same wethers that sold for \$4.25 yesterday brought \$1.30 today. Some pretty fair lambs sold at \$5.25, and all the desirable killers were cleaned up in good season.

The market on feeders and stockers was without notable change. It is a fact, however, that some of the common and trashy stuff that is arriving is not moving off any too fast, but really desirable feeders are good sellers at fully steady prices.

Q.15tations are: Good grass westerns, \$4.054.30; choice yearlings, \$4.254.35; fair to good grass westerns, \$4.004.45; feeder lambs, \$5.1545.30; fair to good lambs, \$4.9965.500; feeder wethers, 2-year-olds and over, \$8.8564.00; feeder yearlings, \$4.0004.25; feeder lambs, \$4.5004.55; cull sheep, \$2.5003.00; cull lambs, \$4.9024.25. Furious Storm on Lake Erie. CLEVELAND, O., Oct. 27.—Since late yesterday afternoon a furious gale has swept over the lower lake region. During the night the wind reached a velocity of fifty miles an hour, accompanied by flurries of gnow. So far as reported the only damage suffered to shipping was to the yacht Cyg-net, which was anchored inside the Cleve-land breakwater. Its anchor chains gave way and it was quickly dashed upon the beach, being pounded to pieces by the waves, No person was aboard the yacht when it went ashore.

Case of Religious Fanaticism LOS ANGELES, Cal., Oct. 27.—A case of fanaticism of the worst type was discovered here when Miss Nell Thompson, colored, I died while being taken from the home of

herself a representative of Christ, and who has been preaching the doctrine of fasting as a means of grace. The Thompson woman practiced this doctrine, having gone with-out food for eight days and sleeping on the river bottom on a piece of matting, in pur-suance of what is said to be Mrs. William's teachings. The matter is to be investigated.
