

ONLY ONE DAY MORE

Transmississippi and International Exposition Ends Its Existence Tonight.

PREPARATIONS FOR ITS CLOSING COMPLETE

Managers and the People Will Join in Formal Winding Up Ceremonies.

EXERCISES WILL BE BRIEF AND SIMPLE

No Demonstration or Pageantry Possible to Add to the Fair's Glory.

SUNDAY DRAWS A SPLENDID CROWD

Many People from Nearby Cities Come to See the Splendor of the White City Once More Before It Vanishes.

Total admissions yesterday, 30,000. Total to date, 2,552,308.

Just half an hour after midnight tonight the Transmississippi Exposition will exist only in the recollection of the multitudes it has interested and educated and inspired.

The last day of the enterprise will be celebrated in a manner befitting its magnitude. Aside from the immense crowd that has seen the fair, there will be nothing spectacular or elaborate.

As the last day of the show promises to register the largest attendance in its history the last Sunday very appropriately fell in line with one of the largest Sunday crowds that has ever been seen on the grounds.

Everybody hopes to make it a record-breaking success. Today is Omaha day, and its citizens, through the generosity of the city, the exposition has been made the achievement of the world.

Prospects for Omaha Day. Everybody hopes to make it a record-breaking success. Today is Omaha day, and its citizens, through the generosity of the city, the exposition has been made the achievement of the world.

SIZING UP THE SITUATION

Bird's Eye View of the Political Contest in Nebraska.

REPUBLICAN OUTLOOK APPEARS BRIGHT

General Apathy Is in Command of the Populists and Fusion Falls to Fuse the Discontent Elements.

BROKEN BOW, Neb., Oct. 30.—(Special.)—As the day of election draws near interest in political circles increases.

With the close of the exposition the indications are that the organization that has managed the big show during the last summer will find itself with several law suits upon its hands.

Probably the most important suit that the exposition will have upon its hands is that to be brought by the Streets of Cairo. This company will sue the exposition association for \$50,000 and will file its petition within the next day or two.

The proprietors of the Wild West show are contemplating a damage suit and if it is brought they will ask that they be awarded \$50,000 on a violation of contract.

Even the Solon Springs Water company men feel that they are entitled to equitable relief. They allege that prior to the opening of the exposition they were given a good deal bigger the capacity of the water works than they are actually capable of.

Medals ready to be handed out. Exhibitors will receive their insignia of merit at once.

For governing the island. Porto Rican delegates hold significant meeting at San Juan and deliberate on their rights.

San Juan, Oct. 29.—The principal theater of the effort is expected to be the public meeting of delegates from the chief towns of the island to consider and draft recommendations regarding the necessities of the island for the use of the special commission.

American Commission Will Demand Cession of Philippine Group.

INSTRUCTIONS SENT FROM WASHINGTON

President McKinley Directs His Agents Exactly What to Do.

SPAIN'S REPRESENTATIVES WILL RESIST

Ultimate Decision Rests on Disposal of Philippine Debt.

SUCCESS OR FAILURE HINGES ON THIS

Facts Concerning the Debt Obtained from High Trustworthy and Official Sources—Money Used Simply to Subdue the Natives.

(Copyright, 1898, by Press Publishing Co.) PARIS, Oct. 30.—(New York World Cablegram—Special Telegram.)—President McKinley has instructed the American commission to demand tomorrow the cession of the Philippine group.

The commission is to demand the cession of the Philippine group, though the American commission itself has not been asked to do so.

Tomorrow will be the crucial session of the joint peace commission. It appears to be assumed here that the American commission will demand the whole of the Philippine group.

The Spanish will resist the method already explained by cable, but the ultimate decision will be determined by the manner in which the United States proposes to deal with the Philippine debt.

From the highest official sources the following facts have been obtained concerning this, the pivotal question on which success or failure of the peace commission depends.

The Philippine debt was created by law June 10, 1897, which authorized the Spanish government to grant a general guarantee of the nation to operations considered necessary to a release for the Philippine treasury.

Disturbances which had not been an ordinary disturbance could not be covered by the ordinary resources of the Philippine budget.

Then the royal decree of June 18, 1897, was authorized to issue \$400,000 in bonds of \$100 each, bearing 6 per cent interest, redeemable in forty years, with a sinking fund of 25 per cent.
