PROVISION MARKET GAINS STRENGTH

Corn Loses One-Eighth of a Cent Oats One-Fourth of a Cent -Ribs Up Twenty-One Cents.

CHICAGO, Nov. 3 .- More peaceful news from abroad today and a slack export demand, together with a heavy increase for October in European stocks, caused a de-cline in wheat. December closed 1-95-80 lower. Corn lost 1-8c. Oats advanced 4c Pork left off 21/2c higher, lard 21/266c and

Wheat opened weak enough to suggest that an era of universal peace had sud-denly supplanted the late protracted period of belligerancy. English government securities, however, opened somewhat lower than they closed the day before and according to rumors floating around the pit, England appeared to be spolling for an immediate tussic with Russia as well as France. An inkling of what subsequent cablegrams revealed must, however, have cablegrams revealed must, however, have been known to some traders, who at the start had December wheat for sale at from \$4.63-8c below last night's close. Some of the early selling was doubtless due also to the appearance of the weather and the probable effect on prolonging the time of heavy deliveries by farmers. Chicago receipts were 313 cars, compared with 116 the corresponding day of last year, while Minneapolis and Duiath got 1,201 cars, against 1,007 a year ago, Primary western market 1,007 a year ago. Primary western market receipts aggregated 1,536,000 bu. against 1,423,000 bu a year ago and 1,285,000 bu, for the same day last week. The Atlantic and guif port clearances of wheat and flour were equal to 500,000 bu. New York rewere equal to 500,000 bu. New York reported foreign acceptances comparatively light both from the United Kingdom and the continent. The opening prices here permitted the working of 56,000 bu. No. 1 northern for shipment to London.

A Liverpool cablegram reporting Odessa stocks of wheat officially to be over 6,000,000 bu., instead of only 3,400,000 bu. as reported at the end of October, had a considerable boorish influence. Another depressing features in the control of the control o

bu, instead of only 3,499,690 bu, as reported at the end of October, had a considerable bearish influence. Another depressing feature of the day's news was Bearbohm's statement, which made European and on passage stocks of wheat and flour 9,709,600 bu, larger than estimated October 1. December opened 1462-8c lower at 665467 486, declined to 665-8c, advanced to 67c, then reacted to 665-8c. At this low figure holders of put privileges had a profit and in trying to secure profits, advanced the price to 604-665-8c sellers at the close.

Trading in corn was not of an important character and although the feeling was rather heavy at times on account of the decline in wheat, the loss for the day was all accomplished at the start. The fine weather was suggestive of increased offerings from the country in the near future and the estimated number of carloads for inspection favored the same idea. The shipping demand was light, but the strength displayed by oats maintained prices. Receipts were 48 cars. December opened 4c lower at 324-8c, declined to 3247 324c, advanced to 323-8c, and closed at 324c buyers.

Outside the country active and decid-

Oats was particularly active and decid-Oats was particularly active and decidedly strong at times. Continued light receipts and a good general cash demand inspired heavy buying of futures. Receipts were 215 cars, or considerably less than estimated. May began a shade lower at 245-86244c, advanced to 251-8c, and closed at 25c sellers.

Liberal hog receipts and the weakness in trains started provisions week. There were

Liberal hog receipts and the weakness in grains started provisions weak. There were more buyers for the offerings, however, than could be supplied at the lower figures with which the market began. Buying on a moderate scale continued even when prices January pork opened 5c lower at \$9.00, advanced to \$9.12\frac{1}{2}, then reacted to \$9.07 buyers. January lard started a shade lower at \$4.67\frac{1}{2}, declined to \$1.95, then advanced to \$5.02\frac{1}{2}, buyers, the closing price. January ribs began 2\frac{1}{2}c lower at \$1.67\frac{1}{2}, rose to \$4.67\frac{1}{2}64.70, and closed at \$4.67\frac{1}{2}, buyers.

Estimated receipts for tomorrow: Wheat, 500 cars; corn, 576 cars; oats, 215 cars; hogs, \$1.000 head. Leading futures ranged as follows:

OPERATIONS IN STOCKS AND BONDS.

Lively Trading Near Close Retrieves
Losses of Last Few Days.

NEW YORK, Nov. 2.—The market practically retrieved today the losses of the last two days, the majority of railroad stocks closing within a small fraction of the prices of last Monday. There was considerable irregularity at the opening, due to the depression in London. There was a good deal of activity during the first hour, mainly contered in the specialties and changes in the railroad list were almost unappreciable, although the market held a very hard surface. Drafts, sight, 1762; telegraph, 20c.

New York Mining Quotations.

NEW YORK, Nov. 3.—The following at the closing quotations on mining stocks:

face.

Trading was dul, almost to the point of stagnation until the last fifteen minutes, when the most notable gains were made. The movement started with a sudden advance of nearly 5 points in Metropolitan Railway, and Consolidated Gas followed with an almost equal gain. St. Paul sold at 1625, a new high record, and Great Northern preferred jumped over a point, Other railroad stocks which extended their net gains to a point or over were Omaha. net gains to a point or over were Omaha. Northwest and Denver preferred. Gains in the grangers and Northern Pacific and or two other stocks approximated a

point.

The market was held throughout the early dealings by the strength of Sugar, which rose above 115 and closed 14 above this point after various fluctuations. To-bacco and Federal Steel preferred also showed a hardening tendency, but were much less active than of late. The recovery in stocks was attributed to relief over the more peaceful prospects abroad, as indicated by the recovery in British consois, the easing of the discount rate in London and the weakness of the wheat market. London bought in this market for the first time in several days. In view of these developments and the continued ease of the local money market the advance in sterling and continental exchange is difficult to ac-

count for.

An incident of the outside market was the declaration of Standard Oll "assignments" of what is, in spite of circumlocution employed in announcing it, a dividend of 3 per cent regular quarterly and 4 per cent extra, bringing the dividends for the year up to 30 per cent, against 33 per cent last year and 31 per cent the year before. The traffic statement of St. Paul, showing an increase for the fourth week in October of \$114444 was a sustaining force through. an increase for the fourth week in October of \$414.464, was a sustaining force throughout the railroad list.

There was a good business done in bonds, especially in reorganization 4s, which showed a tendency to advance. The liquidation of some heavy blocks of Atchison advances corridate the proceedings of the control of ustments carried the price down 3-8, with a subsequent recovery. Southern Railway 5s tose to par. Total sales were \$2,045,000 United States old 4s coupon advanced 1-8 and the new 4s coupon declined 14 in the latteries. United States old is coupon advanced 1-8 and the new 4s coupon declined is in the bid price.

The Evening Post's London financial cablegram says: The stock markets here opened dull today, but closed strong on the better political outlook. Consols and other markets closed quiet at the best. If tonight's political rumors are confirmed tomorrow the markets will look better than for some time past Americans were

Foreign Financial.

LONDON, Nov. 3.—American securities opened dull and lower on New York selling, but later reacted and closed steady. The amount of bullion gone into the Bank of England on balance today was £170,000. Spanish is closed at 414. Gold is quoted at Buenos Ayres at 142.80.

BERLIN, Nov. 3.—Prices on the bourse today opened weak, owing to the activity displayed in British naval circles, and although subsequently there was a recovery resulting from the firmness of consols in London the market closed with a general decline. Americans were weak, but they closed above the worst prices of the day owing to the improved demand for money. Private discount was quoted at 43-8. Exchange on London, 20 marks 47 pfgs. for cheeks.

PARIS, Nov. 2.—Prices on the bourse to-PARIS, Nov. 2.—Prices on the bourse today were firm throughout, operators being
reassured by more favorable English advices and the more cheerful view taken of
the Fashoda question. International securities generally advanced. Turks reacted
slightly. Three per cent rentes, 101f 95c for
the account. Exchange on London, 25f 32c
for checks. Spanish 4s closed at 41.55.

MADRID, Nov. 3.—Spanish 4s closed today at 60.85. Gold closed at 48.50.

Statement of Bank of France. PARIS, Nov. 3.—The weekly statement of changes, as compared with the previous account: Net circulation, increase, 114,875,000 francs; treasury notes current, decrease, 27,025,000 francs; gold in hand, decrease, 8,200,000 francs; bills discounted, increase, 81,150,000 francs; silver in hand, decrease, 5,875,000 francs;

New York Dry Goods Market.

NEW YORK, Nov. 3.—The dry goods market was quiet today. Staple cottons showed no new features. Export business was quieter, owing to the stiffness of holders. Mail order business was of about average proportion. The demand for print cloth continues quite indifferent, while odd goods were taken in moderate quantities. The tone was steady and prices were unchanged on the basis of 2c for regulars. Woolen and worsted dress goods divisions of the market show rather more business doing in seasonable lines, but the demand was not have been the cause mained that the feeder mark flat for the want of buyers would pick out a few cattle pened to suit them and that the feeder mark good kinds was lower, while and inferior cattle were practically and inferior cattl New York Dry Goods Market. was not satisfactory to sellers.

OH Market. OIL CITY. Nov. 3.—Credit balances, \$1.18. Certificates opined at \$1.19, highest, \$1.194, sed at \$1.19 bid; no sales; shipments, 89,closed at \$1.18 bid: no sales; shipments, \$9,297 bbls; runs, \$4,874 bbls.

BAR SILVER—Steady at 2814d.

MONEY—3 per cent.

The discount in the open market for short bills is 3.5-8 per cent; for three months bills, 3.11-169334, per cent.

OMAHA, Nov. 2—Clearings today were \$13,396,900.10; balances, \$127,726.16. For the same day last year cloarings were \$813,-177.11; balances, \$118,887.77. Increase in clearings, \$183,202.99, WASHINGTON Nov. 2—Todayis.

The disposition of the day's receipts as follows, each buyer purchasing number of head indicated:

CATTLE—There were all told 159 fresh cars of cattle reported in the yards, as against 138 cars one week ago, 257 cars two weeks ago and 202 cars three weeks ago. In addition to the fresh receipts there was a large number carried over from yesterday, 1,500 head being reported as left in the yards last night. day, 1,500 head being reported as left in the yards last night.

The marks on beef cattle was in fair shape, though there was no great amount of activity visible in any quarter. Cornfed cattle went at about the same prices as yesterday and the desirable loads for the most part sold in good season. There seemed to be a pretty good demand for grass beef steers and anything among the western rangers that would do for killers sold readily at fully steady prices.

There was quite a string of western cowstuff in the yards and the market on anything good enough for the dressed beef men thing good enough for the dressed beef men was fairly active and fully steady. Feeder cows and helfers naturally felt the effect of the decline in the market for feeder

As was the case yesterday, the big end of the days receipts consisted of feeders As was the case yesterday, the big end of the days receipts consisted of feeders and the general situation in the feeder market was about as unfavorable for the sellers as could be imagined. In addition to the large fresh arrivals speculators' pensioned for the sellers are few and far between. There were still cattle, and good cattle, too, in first hands this morning when the market has been light, which has allowed the cattle to accumulate in the hands of speculators' specific to accumulate in the hands of speculators' specific they feel that they have as high to accumulate in the hands of speculators until they feel that they have as big a load as they are willing to carry. It is said that the farmers are busy getting their corn out and will not take the time to come in after feeding cattle. Others explain the small country demand as due to a widesmall country demand as due to a widespread feeling among farmers that feeding
cattle are too high and that the market
will be lower later on. Whatever may or
may not have been the cause, the fact remained that the feeder market today was
flat for the want of buyers. Speculators
would pick out a few cattle that just happened to suit them and that they thought
they could use, but the market even on the
good kinds was lower, while the common
and inferior cattle were practically unsalable. The forenoon dragged along with few
cattle selling in comparison to the offerings. Representative sales:

MEXICO.

HOGS—At the opening of the market there were only sixty-five loads of hogs in sight, but enough more were reported back to make a total of eighty-three cars. A week ago the receipts footed up 117 cars, two weeks ago, 131 cars, and three weeks ago ninety-three cars. With only on exception it was the lightest run for a Thursday in over two months.

The market opened a little stronger than yesterday's close, or about like yesterday morning, and was fairly active at prevailing prices, so much so that the most of the early arrivals changed hands in good season. A few loads of right good light hogs brought \$3.55, with good mixed loads largely at \$1.47-25.59 and heavy loads largely at \$1.47-25.59 and heavy loads largely at \$1.48. The demand was good and the later arrivals kept selling, so that a clearance was effected some time before midday. The close was a little easier than the early market.

It will be noted from the table of average

SHEEP—Totay's arrivals were the largest since Monday, but among all the sheep and lambs here there was not very much mutten. The market as a whole was slow and weak. Heavy runs at Chicago have weakened the eastern market, and while there has been no over-supply at this point the market here could hardly avoid being influenced to some extent at least. The trade opened rather slow this morning under the influence of weak advices from other selling points, and was at no time

under the influence of weak advices from other selling points, and was at no time very active.
