MATTERS IN DISTRICT COURT

Contempt Case Against Exposition People Comes On for Hearing.

DEFENDANTS ALL PLEAD NOT GUILTY

Portion of the Documentary Evidence is Submitted and a Continuance Taken Until Saturday Morning to Secure a Witness.

The contempt case against the concessionaires of the Streets of All Nations, the directors of the Exposition, Chief of Guards Llewellyn and General Counsel Montgomery, arising out of the suit of the Oriental Exhibition Company (Streets of Cairo), came up for trial before Judge Scott yesterday morning.

President Wattles was arraigned and entered the same plea as the others, not guilty. Mr. Bruce being sick, his name is left out of the present proceedings.

For the defendants Attorney R. S. Hall requested the court to allow him to make a motion to quash the information without withdrawing their pleas, and Mr. Montgomery made the same request for Mr. Wattles. The judge ruled that such a motion could be entertained only upon withdrawal of the pleas unless otherwise insisted upon as a matter of right. This being consented to under a supposed agreement of Mr. Hall two days previous the motion was formally made without any withdrawal of pleas. It attacked the information on the grounds of its failure to show that the defendants had violated any provision of the act or to state clearly and distinctly the offense charged. "When this is overruled what will you file next?" asked the judge.

"Demurrers for each of the defendants severally" replied Mr. Hall, quietly.

Accordingly demurrers were entered for each and recorded, settling up practically the same grounds as the motion to quash, and like it, they were overruled without argument.

Documentary Evidence Offered.

Mr. Mahoney for the informant then demanded that the pleas of the defendants be renewed, which was done, and the offering of evidence began. Such evidence as was of a documentary nature covering the incorporation of the exposition and other incidental matters was first submitted and John A. Wakefield was put upon the stand by Mahoney to testify as secretary of the exposition company to the articles of incorporation, etc. It was then discovered that the most essential witnesses for the prosecution were not present and an adjournment was taken until 9 o'clock Saturday morning.

The judge promised to give Mr. Hall a day in which to examine the information and properly prepare his case, but did not designate any day. He was not disposed to allow Mr. Hall Saturday, as that would give him Sunday also, notwithstanding the law does not recognize Sunday as a business day. It depends upon how the case drops on what day it will be allowed Mr. Hall. The court remarked that if Monday was given to him Tuesday would be election day, and that the defendant would also have the advantage of two days.

Concessionaires Get Away.

Under the arrangement between the proprietors of the Moorish village and the exposition 20 per cent of its receipts was to be turned over to the exposition. Owing to the lack of collectors the percentage for Saturday, Sunday and Monday was not collected.

According to A. B. Reed, the manager, and S. B. Wadley, the superintendent of the Department of Concessions, the amount which the Moorish village is delinquent is \$1,000. An attempt was therefore made to hold the exhibit, including also the Cooper picture of "Ethiopia," until the amount was paid. Lincoln, the owner of the picture, was on the Moorish village band with Morris. But the attorney for gang of about twenty men and they forced their way through the gates and took forcible possession of the staff of the Moorish village and also the picture, resisting the exhibition guards to carry their point. As soon as the team left the grounds Mr. Reed and M. A. Hall got out an attachment for the picture. The officer secured possession of four boxes. Stricker, however, says the picture is not in either of the boxes, but is several hundreds of miles away from the city by this time.

Judgment on Replevin Bond.

Judge Baker has awarded to D. M. Steele & Co., a judgment for \$7,786.66 against Walter Selby on a replevin bond, growing out of the failure of the Hetzel grocery, Twenty-fourth and Cumis streets, August, 1892. Frank J. Hetzel brought a replevin suit against Sheriff Bennett. The court finds that the service by Bennett's executor was proper and all the other acts of the sheriff's office regular. Selby was on Hetzel's bond. There has been a great deal of litigation over this case.

Omaha lodge, No. 2, Independent Order of Odd Fellows, brought a suit against the county to contest the taxes on the Odd Fellows' block for 1895, 1896 and 1897, because of the character of the premises and the further reason that the taxes for 1896 and 1897 were excessive.

The case of George Bailey, charged with criminal assault on Clara Blue, a 16-year-old girl, is on trial before Judge Slabaugh. The defense is that the girl was formerly unchaste to the knowledge of the prisoner.

Judge Keyser has allowed Jacob Goldgraber a judgment of default against Samuel Bros., amounting to \$12,738.70.

David E. sues Maria Burnett for divorce on the ground of cruelty. He charges that she threatened to stab him with a potato knife. They were married in Pottawatomie county in 1893.

William Kelley of Garrow, Kelley & Co., South Omaha, obtained a restraining order yesterday from Judge Scott against the South Omaha Live Stock exchange and John G. Sullivan from transferring his membership in the exchange to John Nelson. In his petition he represented that he had paid \$70 to Sullivan on a promissory note owed by John T. Blair to Sullivan, which he had endorsed, this payment being according to an arrangement entered into with Sullivan, but that Sullivan secretly obtained an execution and levied upon his stock in the exchange, valued at \$500, and bid it in for \$25, proposing now to turn it over to Blair, Judge Scott set the hearing for November 12, at 9 a. m.

Judge Fawcett granted several divorces yesterday afternoon. The first was Carrie B. against Ralph Rodick, for cruelty and drunkenness; Tillie against William S. Clark, for non-support; Sallie Havens Bell against William J. Bell, for non-support; Rosa against William N. Sini, for non-support, and Oscar against Ethel Peterson, for infidelity.

Judge Scott granted a divorce in the South Omaha case of Mary E. against James P. Hayes, on the grounds of cruelty and drunkenness. The defendant is restrained from interfering with her property rights. It was alleged that Hayes had not obeyed the judge's order and a contempt proceeding was threatened by the court.

Suit for divorce has been commenced by Amanda against Charles P. Davis for infidelity, non-support and desertion. Plaintiff lives in South Omaha, where she says they own a homestead and several lots. She

asks for alimony and the custody of a 14-year-old boy and 12-year-old girl.

Transcripts on appeal in the Anthony J. Drexel estate case decided by County Judge Baxter in favor of the Reeds have been filed with the clerk of the district court. The three judgments, including interest at 5 per cent from January 1, 1896, make a total of \$296,145.72, as follows: In favor of Abraham L. Reed, \$88,714.89; in favor of the Rochester Loan and Banking company, \$88,715.94; in favor of Julia A. Perkins Williams Wallace and R. S. Hall, as trustees for Mary E. Reed, \$88,714.89.

STATE STANDS BEHIND HIM

Vote Outside of New York's Metropolis is Relted On to Elect Theodore Roosevelt.

NEW YORK, Nov. 4.—Chairman Odell of the republican state committee has given out the following statement:

The campaign which is so rapidly drawing to a close from every indication points to a republican victory. The closing of a careful canvass of the up-state counties convinces me that a plurality large enough to more than meet and offset any possible plurality that can be made in Greater New York by Tammany Hall is assured.

I find that the constant talk by Tammany Hall leaders of their certainty of carrying the state has been a bluff. There is no possibility of their securing in the city of New York a plurality that would insure the election of Van Wyck, and they are now seeking with false bits to bluster up what they know to be a losing cause. Their bits the republicans are calling, and we are met with the information at their bedside that there is no mere Van Wyck money in sight. On the contrary, I am in receipt of information from hundreds of democrats within the city of New York who propose to vote for Roosevelt, and I believe that there is a surprise in store for democrats as well as for republicans, only that the surprise for the republicans will be in the nature of a pleasing one.

I claim the state of New York without any question for Roosevelt by at least 40,000. His magnificent record has awakened enthusiasm throughout the state, and the many and courageous utterances and his reputation for honesty have brought to him the support of the people.

Richard Croker, in a statement to the public says: "I am confident that Judge Van Wyck will be elected by a handsome plurality. He will have from 75,000 to 80,000 plurality in these two boroughs, and the rest of Greater New York will increase the total to 100,000."

'FRISCO PRESSMEN ON STRIKE

Papers Refuse to Accept Proposition for New Wage Schedule and Afternoon Papers Are Struck.

SAN FRANCISCO, Nov. 4.—The pressmen employed in the San Francisco newspaper offices declared a strike at noon today and as a result the first editions of the afternoon papers did not appear. The pressmen employed by the Post and Bulletin declined to obey the order to strike, but the Report pressmen, walked out. The other papers, acting upon an agreement to stand by each other, refused to publish unless the Report could.

The morning papers will probably be able to publish, as all their men will not obey the order to strike. The pressmen demand an increase of wages and have submitted a schedule which the papers decline to accept. The increased wages would amount to about \$40,000 a year to the newspapers. About seventy-five men are employed in the newspapers' pressrooms in this city.

Constipation prevents the body from ridding itself of waste matter. Dr. Williams' Little Early Risers will remove the trouble and cure sick headache, biliousness, inactive liver, and clear the complexion. Inactive liver, and clear the complexion.

NAMES NOT YET ON THE LIST

Quest of the Campaign Committees Has Become Very Vigorous.

VOTERS WHO HAVE NOT REGISTERED

Present Plan is to Get Out the Full Voting Strength of the City if Hard Work and Persuasion Can Do It.

Unless the best efforts of the local campaign committee come to naught, the registration today will be a record-breaker. Especially will this be true if the weather shall at all be favorable. All of the committees are lending every energy to get out a full registration, and with the aroused interest in the campaign since the close of the exposition, taken with the increased number of political meetings, there is every reason to believe that the greater portion of the unregistered voters will be brought out tomorrow. The local committees look for a big registration, the number being variously estimated from 5,000 to 8,000 for the day. If the registration shall reach the latter number it will bring the total nearly up to that of two years ago.

The republican committee has sent out nearly 100 men to work up interest among those who have not registered and try to get them out. These men will be sent to every voting precinct in this city and South Omaha, and each man is furnished a list of the republicans in his territory who have not performed this essential adjunct to their franchise as American citizens. He is expected to personally see each of the recalcitrants, and urge upon him the importance of having his name registered. In great haste this committee has sent notices to all of those who have failed to register.

The fusion committees are likewise busy. The three branches of the fusion agreement have each been furnished a list of those who have registered, and this has been carefully checked up with the list of the followers of the respective divisions, and the unregistered voter noted. The work of getting out this unregistered vote has been divided among the three sections. The democrats furnish about two-thirds of the workers in this line, and the populists the other third, while the task of looking after the distinguished silver republicans will be assumed by these two parties. Particular attention will be paid to South Omaha, as there is where the fusionists expect their big vote.

ADDRESS TO REPUBLICAN VOTERS.

Chairman of City Republican Committee Urges Earnest Work.

A. C. Troup, chairman of the republican city central committee, has issued the following address to the voters of the city of Omaha in behalf of the republican candidates for the school board:

To the Parents and Voters of the City of Omaha: The officers to be elected upon the city ticket at the election to be held on the 4th day of November next, this year, are confined simply to five members of the Board of Education.

At the republican city convention, held October 28th of this body, after a most careful and earnest investigation into their merits, placed in nomination for those offices the following named gentlemen and earnestly recommended them to the voters of this city: Charles E. Black, Arthur M. Cowie, Charles S. Hayward, George G. Irey, Frederick P. Teal, all of whom are men of educational attainments and of splendid practical business qualifications.

Probably at no time in the history of Omaha have there been so many men of our public school affairs of greater importance than those which are likely to arise during the next one or two years.

Not only may there be occasion within

the time stated to create important changes in the present system of our graded schools, but plans and measures are also likely soon to be adopted looking to some radical alteration of our present High school system.

This school board also has the expenditure and disbursement of a large amount of money annually, already reaching nearly, if not more than, \$500,000 yearly, and this sum is likely to be much greater within the near future.

It is apparent therefore that every voter, every tax payer and every patron of the public schools has a direct interest in seeing that such men are chosen to these offices who will not only act wisely and well in the adoption or rejection of anticipated innovations, but who will administer the whole of our public school affairs with that strict honesty and fidelity which we have a right to expect from faithful servants. Such do we recommend the above named gentlemen to be and we believe that no one who has any interest in our public schools can afford to fail or neglect to vote for these men.

Under our laws every woman who has resided in the city forty days and is 21 years of age and who owns real property in the city or personal property that was assessed in the city in her name at the last annual assessment; or who has children of school age residing in the city is also entitled to vote for school officers, and no previous registration is required for this purpose.

It is expected and urged that the women of the city shall take a lively interest in this matter and not only vote themselves but see that those among their friends who are eligible have less interest in this matter than themselves shall also vote and vote right on this question.

If every one but does his duty in regard to these gentlemen above named will be triumphantly elected and the administration of our public school affairs will be placed into honest and competent hands.

CITY PREPARES FOR ELECTION.

Number of Issues Presented Will Be Comparatively Few.

City Clerk Higby and Secretary Gillan of the Board of Education are busily engaged in preparing the poll books and other necessary supplies for the city's coming election. Each department has a separate set of books and boxes for the ballots, but this year neither is very extensive, as the Board of Education has only five candidates, together with the High school board, while the city proper is only interested in the single proposition of whether or not sewer and paving bonds shall be voted.

The arrangements for the distribution of the election supplies will be practically the same as in past years. On the morning of election day the supplies will be all ready and wagons will be prepared to carry them to the booths. It is expected that every booth will be supplied at some time between 7:15 and 7:30, so that everything can be ready for the opening of booths to voters at 8 o'clock.

PORTO RICANS DISSATISFIED

Their Wish is to Be Taken In as Part of the United States—Want Free Trade.

NEW YORK, Nov. 4.—General Roy Stone, who has just returned from Porto Rico, says:

"The people of Porto Rico are not at all satisfied with American rule. What the Porto Ricans want is to be taken in as a part of the United States. They do not expect to enter the union as a state, but as a people in training to be advanced to statehood. In addition to this they want free trade with the United States and there is no reason that I can see why they should not have it. At present they are forced to pay duty on all imported goods, Spanish goods included, which were free before. Overcome evil with good. Overcome your coughs and colds with One Minute Cough Cure. It is so good children cry for it. It cures cough, bronchitis, pneumonia, grippe and all throat and lung diseases.

PITIFUL PLIGHT OF CUBANS

Patriots Are Starving in Sight of Bountiful Harvest Fields.

RESPECT AMERICAN ORDER FOR PEACE

Condition of Utter Wretchedness and Heroic Resistance Reported to War Department and Situation Will Be Looked Into.

WASHINGTON, Nov. 4.—The following letter from Lieutenant Colonel Carbone of the Cuban army, now at Havana, has been received by Secretary Quesada of the Cuban legation in Havana, and the Cuban secretary Alger, with an urgent request that steps be taken to relieve the extreme distress it sets forth. Lieutenant Colonel Carbone is the inventor of the explosive known as carbonite, and is regarded as the representative of Havana in the Cuban legation and forces in the field. He writes as follows, the letter bearing date, Havana, October 29:

I am just back from the camp of General Menocal, chief of our army in this province, and to think that these men were in such a true state of our poor and suffering army and the consequences that may come to the country if we do not act in a short time a remedy which will save us.

The Cuban army is dying of hunger. Such terrible words in no way exaggerate the actual conditions. General Menocal's tool me to see his weak, tottering and squalid soldiers; made so on account of the want of food and of the actual necessities of life; and to think that these men were in such a state by reason of obeying their chiefs, who desire first of all to respect the orders of the American government. The Cuban legation in camp told me to tell you that they will maintain resignation and patience, and above all, faith in the American government and the worthy president, Mr. McKinley, but, at the same time, let it be understood that we are hungry, that we have in the towns and fields of Cuba all that is needed in the way of food, but that we are forbidden to touch it by reason of the peace order.

They do not get from Havana one-fourth of what they need and our soldiers are dying and the gates to the city for lack of food. What shall we do? The time will come when we cannot bear it any longer, and then what will be the result? I returned disconsolate to Havana and tried to get success, but the people are already so poor that I obtained nothing. We went to the American commission, which received us very well and offered us much, but up to the present time it has given us nothing. If by misfortune we are driven by the necessities of our army to get by force what we need, so as not to die of hunger, will the people of the United States condemn us, or will the nations of the world, which do not know what it happens to us, on account of the sympathy of the American people? We very happy to hear your assurances as to our republic. We have never doubted the good faith and generosity of the United States. To it we owe the complete liberty which we have been unable in many years to establish for ourselves.

Secretary Alger said that he would look into the matter and telegraph the commission at Havana such instructions as were appropriate to the case.

DISCUSSING ISLAND PROBLEMS.

Christian Citizenship Convention Called for the Purpose.

WASHINGTON, Nov. 4.—A call has been issued for a national christian citizenship convention to be held here December 12 to 15 next. The subjects to be discussed are: "Should Suffrage be Limited by Educational Tests or Otherwise in the New Island Territories?" "Should Civil Service Reform be Extended to the New Island Offices?" "Should the National Laws Prohibiting

Prize Fights, Bull Fights, Restricting Divorce and Prohibiting Bigamy and Related Evils be Extended to Our New Island Territories?" "Should the American Civil Sabbath be Also Extended to These Islands?" "Should Cantons be Abolished?" "Should the Policy of Prohibition be Maintained in Alaska and the Indian Territory and be Extended to Our New Island Territories?"

The call is signed by Josiah Strong, president of the Society for Social Service, New York; Anthony Comstock, secretary of the Society for the Prevention of Vice, New York; Mrs. Mary H. Hunt, Women's Christian Temperance Union, Boston; Mrs. M. D. Ellis, Women's Christian Temperance Union, Newark, and others.

PREPARING TO MOVE THE TROOPS.

Facilities for Landing in North of Cuba Being Sought of the West.

WASHINGTON, Nov. 4.—The Quartermasters' department of the army has begun making arrangements for the shipment of General Carpenter's brigade to the province of Puerto Principe. The ports along the north coast of Cuba, where troops must be landed for this province, are not the best. It is probable that Neuvitas will be selected as the place of landing, but the transports will not be able to get within ten miles of the port and the troops and supplies must be landed with lighters. The troops are to be landed in Puerto Principe on the 22d, and it will be necessary to have the transports ready for some days in advance of that date. It is intended to have the troops embark at Savannah.

Fourth Ohio Arrives in New York.

WASHINGTON, Nov. 4.—Colonel Clark, Fourth Ohio volunteers, has telegraphed the War department announcing his arrival in New York. Private Avery L. Burtner, Company K, died here and was buried at sea. Two other men are sick and the remainder of the command is in excellent health. The Fourth will disembark today, leaving New York at midnight, will arrive here tomorrow and be reviewed by the president.

Not Ordered to Wilmington.

WASHINGTON, Nov. 4.—Adjutant General Corbin said today that no orders have been issued to the batteries of artillery at Fort Cassell, N. C., to go to Wilmington or to stop over there election day. No one at the War department knows anything concerning this report.

Marsh May Get Bonds.

PHILADELPHIA, Nov. 4.—Judge Butler of the United States district court this afternoon ordered application of counsel for Gideon W. Marsh, the fugitive bank president who surrendered yesterday, fixed \$25,000 as the amount of bail required for the release of the prisoner. Marsh was not present. His counsel was seen after 10:30 Butler's order was announced, and said that he could not state who the bailsmen would be, although admitting that satisfactory security would be entered with the clerk of the court by tomorrow morning. Meantime Marsh remains in prison in the official custody of the United States marshal.
