BERLIN, Nov. 8 .- Max Alvary, the popular German operatic tenor, who sang during many seasons in the United States, is dead. He expired at Tabarz, Thuringia.

Max Alvary was impoverished and suffering from cancer of the stomach at his home in Thuringia: Business losses, two years enforced idleness and the cost of medical attendance, it was said, has swept away his fortune, even his life insurance being mortgaged to save the home he had been holding for his wife and children. It was further asserted that friends in this country subscribed to a fund in his behalf to save for Alvary's wife and children the home he had planned for them in happier days.

The figures referred to by Mr. Babcock were contained in his prediction that the republicans would have a majority over all of about twenty-five. by over 100 majority. Thompson beats Democratic Prediction.

One district in Delaware is doubtful, with the chances in favor of the democrats.

In figuring a gain of three in Virginia Secretary Kerr includes two districts which elected democratic congressmen in 1896 who were unseated by the present hous.

NEW YORK, Nov. 9 .- Acturns received n the Associated Press office in this city from all over the country up to 12:30 o'clock this mroning indicate that 85 republicant and 109 democrats have certainly been elected to seats in the national house of representatives. The same districts two years ago returned to the lower house of tor Fairbanks. He was asked if, in his

No elections for congressmen were held today in the states of Maine, Oregon and Vermont, members of the Fifty-sixth congress having already been elected in these three states several

Damaging Prairie Fire. BRODLEY, S. D., Nov. 8 .- (Special.)-

It is reported that the fire originated from a dispute between two farmers living south of town as to who would have possession of a certain pile of flax straw. One began to draw it away with his team, while the other, having no team and out of spite, set it on fire and soon the whole prairie was one

Those who suffered from the fire are: William Annis, entire crop of wheat, oats and flax; H. Y. Scarborough, barn and 100 tons of hay; Mathewson & Co., 400 bushels of barley; A. D. Brown, barn and one cow; C. R. Huestis, fifty tons of hay; E. C. and G. I. Underhill, barn and hay; John Dean, wenty-five tons of hay.

Loss of \$50,000 at Emporia. EMPORIA, Kan., Nov. 8 .- Fire, supposed o have been kindled by incendiaries, gave Emporia a bad scare yesterday afternoon. Within fifteen minutes five alarms were rung in. The wind was blowing a gale and it was feared that the city would be destroyed There were three separate fires, the most serious of which destroyed the canning factory and warehouse of L. W. Lewis, part of Evans & Thomas' lumber yard, seven boxcars loaded with freight, including a car lead of eggs, and several small dwellings.

FIGURES ON STATE ELECTION

Tabulated Statement of the Returns that Have Thus Far

Nebraska has been redeemed. From inat the present hour are that Hayward's maover Poynter will not be jority less than 5,000 and it is more acts on different people and how quickly likely to be as high as 8,000. The and effectually it cures stomach troubles we gains over the vote of last year are very uniform all over the state and not confined to any particular portion. Of 195 precincts I was unable to eat anything but the plainto any particular portion. Of 195 precincts reported there is a net gain for Hayward of 2,702. Should this ratio hold good his majority will be at least 8,000. Returns on the remainder of the state ticket are very meager, but those received indicate it has run fully up to the head of the ticket.

Of the congressmen the republicans have certainly elected Burkett in the First, Mercer in the Second and the result in the Third, Fourth and Fifth districts is in loubt, with the chances favoring Norris, Hinshaw and Adams, republicans. In the case of Mr. Hinshaw this amounts to almost a vertainty.

The republicans have made very large gains in the legislature and from present indications the populist majority of two-thirds in the last legislature has disappeared and a republican majority substituted, which means that the successor to Senator Allen, in all probability, will be republican.
