PRESENT TO AN OMAHA PARK

Commissioner Field Works Out a Plan to Donate Minnesota Building to Riverview.

There is still a strong probability that the city will secure the Minnesota building on the exposition grounds and that it will be located in Riverview park.

As soon as Commissioner Field, who is still in the city, acting as custodian of the Minnesota building, learned of the decision reached by his associates, he took other steps looking to Omaha securing the property.

He had an offer of \$1,000 for the building, an Illinois man proposing to pay this sum, but instead of closing he wrote to the other commissioners, stating that he will pay his proportion of this amount into the state treasury, providing the others will do the same, and after all payments are made turn the building over to Riverview park and there used as a park house for all time to come.

The plan is proving to be a popular one and a number of the commissioners have declared their willingness to go into this scheme and allow it to remain here as a lasting monument to the generosity of the people of Minnesota.

Slender Field is working on this plan and hopes to be able to tender the building to the park commission inside of two weeks.

HE IS WORKING A NEW DODGE

Police Get Notice of the Approach of an Energetic Swindler from Missouri.

The police have been notified by the Kansas City police that a swindler with a new scheme is headed in the direction of Omaha. He is at present working northwestern Missouri towns. He confines his operations to the swindling of jewelers.

He selects a jeweler whose name is James Smith, for instance. He calls on Smith and introduces himself as James Smith, identical the same name of his proposed victim, and tells him that he intends to establish a jewelry store on the same street. He then tells the jeweler that he will not be in the neighborhood for several days and if a package comes for him to receipt for it and hold it for him. In a day or so a package comes for the swindler and his victim accepts it from the expressman. Later the swindler calls and gets the package and leaves. On the first of the next month the jeweler is presented with a bill for jewelry from some wholesale jewelry house at which he has credit. His namesake cannot be found.

VOTE OF DOUGLAS COUNTY

Canvassing Board Finishes the Count of City Precincts—Kierstead Talks of Contesting.

At 4 o'clock last night the county canvassing board had finished counting the city vote but had not reached South Omaha. Myers gained twenty-eight votes and Olmsted thirty-two votes in the Fourth precinct of the Fourth ward.

Besides these there were very few material changes from the tally previously published. Harrington had a close majority of two over Rhode in the Third ward. For county commissioner Connolly's majority stood twenty-eight. Mr. Kierstead threatens a contest, claiming that as high as 300 ballots were rejected which should have been counted for county commissioner.

—HAS BEEN REMOVED TO— No. 207 South Fourteenth Street, Between Farnam and Douglas Streets. Where it will remain for a few days. Ladies and gentlemen come and see our goods and get good bargains. We must close out the stock in a week's time.

Reefers too.

The special values we are offering in our Children's Department just now are not confined to suits alone. We have some remarkable values in Reefers to tell you about today.

We don't know where or when a five dollar bill could have bought any nicer or any better reefers than we can sell you this morning for three dollars. We don't know where six dollars will be able to purchase the reefers we can sell you for four.

We honestly and sincerely believe that never, year never, have the women of Omaha been able to spend their money for boys' clothing to as good advantage as they can at The Nebraska right now. We say, and we weigh it before we say it, that at no time and under no conditions have we ever been able to give any better values and we have given some big values in our time.

The handsome suits we are selling at \$1.75 are marvellously good for the money and we doubt if there is a complete line of suits selling anywhere for four dollars that are any better than the lines we are offering just now for \$2.50. Verily this will be a great week for mothers to buy clothing for the lads. What with the Exposition stock growing into cash and bargains like these at the same time—it's like picking up money on both sides of the street.
