RUN A NECK AND NECK RACE. Election in Kansas Results in Some Very Narrow Margins.

TOPEKA, Kan., Nov. 11.-In a great many counties of this state it will require the official count and the soldiers' vote to decide the result on some of the county officers. For instance, in Worth county, F. B. Dawen received a majority of one for member of the legislature. In Franklin, Peter Kalser, republican candidate for probate judge, received a majority of three. Miss Mable Marlin, the populist candidate for county superintendent in Saline county, received a majority of four. All these counties have a company or part of a company with the Twentieth Kansas regiment. now on the Pacific ocean, and the vote of these soldiers may make a considerable change when received. There are numerous instances in other countles where the result hangs on a few votes in either the Twentieth or Twenty-third regiments.

Returns from Pierre.

PIERRE, S. D., Nov. 11 .- (Special Telegram.)-The official count shows a total of 437 for Phillips and 307 for Lee. The whole county republican ticket is elected. All the amendments carried—equal suffrage by 244 to 197; state control of liquor traffic, 230 to 186; initiative and referendum, 244 to 168. Returns from Earling precinct, Preso county, give: Lee, 63; Phillips, 37. From Westover precinct, Pratt county: Lee, 17; Phillips, 22. Another precinct from each county is yet to hear from.

Sarny NEW YORK, Nov. 11.-Richard Croker said when he heard that some one was to try and contest Colonel Roosevelt's eligibility to the gubernatorial chair: "Tammany Hall has nothing to do with any such scheme. We fought Colonel Roosevelt at the polls. The returns say that he is elected. We know nothing of any such intention as credited to some anonymous member of this organization. We are not behind it and will not stand for it."

Figures on Congress Unchanged. WASHINGTON, Nov. 11 .- At a late hour tonight Chairman Babcock of the republican congressional committee said that the latest advices received by the committee made no change in the political complexion of the next house of representatives. The republicans, he said, would have 185 members VOTE FOR CONGRESSMEN certainly, giving them a clear majority of thirteen. These figures were the same those he gave to the Associated Press early

Morris Defeats Towne.

ST. PAUL. Nov. 11.-There seems to be no doubt that Page Morris has defeated C. A. Towne for congress in the Sixth district by a safe, though small, majority. Cass county has been claimed for Towne, but a dispatch from there this afternoon says the vote of that county is: Morris, 765; Towne, 399. A Duluth dispatch announces that the demo cratic congressional committee has conceded Morris' election.

Republican Governor Wins. RENO, Nev., Nov. 11.-Latest returns show that McMillan, republican, has been elected governor of Nevada. Careful compilation of the next legislature shows that it stands for United States senator on joint ballot: Against Stewart, 25; for Stewart, 15; doubtful, 4; with one county having one assemblyman still to hear from.

Wyoming Legislature Republican. CHEYENNE, Nov. 11 .- The incoming legislature, which will elect a United States senator, appears from latest returns to be constituted as follows: Senate, thirteen republicans, six democrats, one doubtful, probably republican; house, thirty-two republicans, one democrat.

Returns from the Hills. DEADWOOD, S. D., Nov. 11 .- (Special Telegram.)-Phillips carries Lawrence county by 364, Gamble by 204 and Burke by 169 maj rity. All county officers but two are republican. Pennington county: Phil-

Afflicted with Many Diseases -Weak Stomach, Heart Trouble-Life was Misery until Hood's Sarsaparilla Cured.

"About two years ago I was in a serious condition. I could not eat or sleep. My stomach was very weak and I had heart disease so bad that I could not lie down. I was also afflicted with female complaints and my life was misery to me. I could not do my housework and was reduced to mere skeleton. One day I decided to try Hood's Sarsaparilla and I began to feel better from the first few doses. I could soon sleep well at night. This medicine has done me so much good that I value it very highly and recommend it to my friends as a medicine that does all it claims to do." MRS. JENNIR M. DEPNY, Arnold, Nebraska.

DAUGHTERS OF THE NEW SOUTH They Agree it is Not Expedient to Display Confederate Flag on

Memorial Day. HOT SPRINGS, Ark., Nov. 11 .- The con vention of the national chapter of the United Daughters of the Confederacy opened this

morning with a full attendance. A resolution to the effect that every chapter own and preserve a confederate flag, to be used and exhibited at its discretion. passed unanimously. Before reaching a conclusion upon the resolution it was held by delegates residing in states bordering upon the Mason and Dixon line that they did not deem it expedient to exhibit the confederate flag in public upon Memorial and Decoration days for the reason that it gave offense to many people. It was held that the Spanish-American war had wiped out all such senti-

ment among the northern people. A paper was submitted encouraging the use and adoption in the schools of the south a truthful story of the war between the states. It was ordered that the paper be made a part of the minutes of the convention and that it be published in the Veteran of Nashville, Tenn.

Victims Were Near a Store Building Which Was Burning When Accident Occurred.

HANOVER, Mass., Nov. 11.-Fire in the general store of C. A. Stearns today was followed by a terrific explosion, which blew out the sides of the building, killing four men. The dead are:

MICHAEL ROBERT SYLVESTER. EDGAR ADAMS. C. A. PETERSON.

C. F. TOLMAN.

Over a dozen were injured, among them being C. E. Stearns, the proprietor of the store, who had an arm and leg broken and his shoulder crushed and considerable burns about the body.

There being no fire department in the town the inhabitants turned out in an attempt to save the building, while assistance was asked from Rockland. The volunteer fire fighters had been at work about half an hour when a terrific explosion occurred. The roof was lifted from the building and fell among the men who were fighting the flams. Three of the men were dead when taken from the ruins and another died before he could be carried to his home. The explosion, it is thought, was caused by powder and kerosene which were stored in

the cellar. MUST OBEY THE SUMMONS 3,207 2,322 3,413 2,535 1,831 1,741 1,831 1,773 1,776 2,263 2,001 2,635 619 1,200 781 1,472 1,589 1,831 1,627 1,732 1,375 1,300 1,465 1,358 1,264 1,769 1,246 2,188 1,857 1,432 1,615 1,462 1,853 1,661 1,973 1,917 1,324 1,548 1,308 1,602 1,73 1,594 1,841

CARBONDALE, Col., Nov. 11 .- Six sec tion men employed on the Rio Grande railroad have been poisoned by drinking water from the Roaring Fork river and two are in a critical condition. A child which died in convulsions is believed also to have been poisoned. An analysis of the water showed that it contained much arsenic and other poisonous minerals. These come from the new concentrators at Aspen, in which zinc ores are treated, the tailings being dumped into the river. Hundreds of people in the valley who used the river water for domestic purposes are ill and many cattle have died after drinking the water. Commissioner General Notes a More Desirable Class Coming to This Country.

RECOMMENDS MORE RESTRICTIVE LAWS

Allens Should Be Watched More Rigorously in Canada and Should Have Certificate of Registration.

WASHINGTON, Nov. 11 .- Commissioner General T. V. Powderly of the immigration bureau, in his annual report to the secretary of the treasury, gives the total number of immigrants who arrived in the United States during the last fiscal year as 229,299, a decrease as compared with the fiscal year 1897 of 1,533. Of the whole number 135,775 were males and 93,524 females and 10,737 16,812 18,225 18,508 23,063 came into the United States through Canada. During the year 3,030 were debarred and of this number there were twelve insane, one RIOT IN COUNCIL CHAMBER idiot, 2,261 paupers, or persons likely to become a public charge, 258 diseased persons, Creek Council Session Brenks Up in a two convicts, seventy-nine assisted immigrants and 417 contract laborers.

> turned within one year after landing. Of the whole number over fourteen years of age, 1.416 could not write, 43,057 could neither read nor write, 27,608 over 20 years of age had \$30 or over and 96,203 had less than \$30. The total amount of money shown by immigrants during the year was \$3,872,077, but the actual amount brought over was probably greatly in excess of this amount. Of the whole number of arrivals 58,613 came from Italy, 27,221 from Russia proper, 25,218 from Ireland, 17,111 from Germany, 16,659 from Hungary, 12,420 from Galicia and Burkowina in Austria-Hungary, 12,398 from Sweden and 9,987 from England, Of the total number of steerage passengers arrived during the year 254 were actors, 259 artists. 153 clergymen, 12 editors, 43 engravers, 37 lawyers, 223 musicians, 81 physicians, 136 sculptors, 288 teachers, 47 accountants, 1 .-469 bakers, 1,032 barbers, 1,152 blacksmiths, 150 brewers, 1,074 butchers, 2,904 carpenters and joiners, 706 dressmakers, 2,635 mariners, 1,371 masons, 1,604 miners, 741 pain.ers, 972 seamstresses, 3,229 shoemakers, 3,826 tailors, 1,182 weavers, 5 bankers, 836 cooks, 16,243 farmers, 1,188 grocers, 52,531 laborers,

One hundred and ninety-nine were re-

4.429 merchants and 23.656 servants. These figures, however, the report states are not to be relied upon as indicating the pursuit they will follow in this country, for it is reasonably certain that many of the new arrivals did not engage in farming, and it is equally certain that more than 1,604 miners found their way to the coal regions.

More Desirable Class Comes. The total arrivals of male immigrants during the present fiscal year are slightly in excess of those for the year next before it, and it is fair to assume, the report states that they represent a more desirable class since those from European countries show an increase of 2,730, while those from other sources, principally Asiatic, exhibit a decrease of 2.062.

It appears again that, although there has been a diminution in the total immigration, yet, in respect of their means of immediate self-support the arrivals for the present year are more desirable, for they exhibited to the examining officials \$3,582,077, an amount in excess of that shown in the fiscal year ended June 30, 1897, of \$310,830.

The commissioner suggests an amendment to the laws excepting immigrants shown to be afflicted with a loathsome or a dangerous contagious disease from the right of appeal or of a hearing before the board of special inquiry. He also recommends that the head tax be increased from \$1 to \$2 "so as to fur-FOUR KILLED BY EXPLOSION nish," he says, "a fund sufficient to enlarge the bureau's operations to their full capacity for usefulness in protecting American citizens from disease, taxpayers from the imposition of unjust burdens, the hospitals, charitable and penal institutions from an influx of aliens, native producers from unjust competition and the social and political institutions of the country from demoralization by the corrupt citizens of other coun-

It is also recommended that the act which prohibits the expenditure of a greater sum for immigration purposes at any port than shall have been collected at that port be repealed. Mr. Powderly states that the naturalization laws of the United States have been repeatedly violated and, in his opin on, each arriving immigrant, when admitted t the United States, should be provided with a certificate setting forth the name, age sex, birthplace of the immigrant, government to which allegiance is due, the porfrom which the vessel sailed, the name of the vessel, the line it belongs to, the port it arrived at and the date of landing.

Altens Should Be Registered. The immigrant should be instructed by means of circular to retain the certificate for presentation when applying for naturali zation papers. A record of the facts stated in the said circular as to each immigrant to be known as an immigrant directory should be kept for each fiscal year by the bureau of immigration. An act of congress, authorizing such a course of procedure, re quiring of the alien presenting himself for naturalization to produce such a certificate or a duplicate from the immigrant directory, would facilitate the work of the courts and go far toward preventing the issuance of fraudulent naturalization papers.

The commissioner general expresses the in the supreme court today issued an order | belief that the figures given of the arrival of immigrants through Canada represent only a part of the actual immigration through that country and he suggests as remedy the enactment of a law authorizing Texas Major Waits in Vain for Rethe secretary of the treasury to designate certain points along the border separating the United States from the Dominion to be the sole points of entry to this country of trans-Atlantic and trans-Pacific immigrants and of all Canadians who shall try. It would be possible under such a provision, he says, to abolish the present officials tat ored on Cana ian soil and tra s. fer the officials now so placed to this side of the boundary, where buildings could be erected for the accommodation of immigrants pending examination, as at the seaports of the United States.

Five Men Lost on the Schooner S Thal-One Vessel Shows Up

CHICAGO, Nov. 11 .- No trace was found today of the wrecked schooner S. Thal, although the beach was carefully patrolled near the place where the boat went ashore. It is now known that five men were lost. Their names, as far as known, are: CAPTAIN AUGUST SCHUENEMANN.

owner of the Thal; resided in Chicago, TURNER DAVIS, mate, Chicago. "Old John," sailor, known by this name among sattors of the lakes. The other two men on the schooner are

unknown. PORT HURON, Mich., Nov. 11 .- The missing schooner Holland of the Curtis tow was brought in today by the tug Thompson. The mate, James W. Greene of Buffalo, was washed overboard and drowned while the Holland was running before the gale. The Reid is at anchor about six miles from the Fort Gratiot light. This accounts for all of the consorts of the Curtis, the Fassett being ashore near Sand beach.

Missouri Fank Robbers at Work. KANSAS CITY, Nov. 11.—A special to the Star from Macon. Mo., says the Kirksville Savings bank was entered by burglars early

EXTENDING THEIR BUSINESS Paxton & Gallagher Company Buys

Two Large Buildings to Get More Room.

To secure more roon for the handling of increased business the Paxton & Gallagher company has purchased the two-story building and grounds adjoining its present house on the east. This will give them a frontage of 123 feet on Tenth street and 198 feet on Jones street, the entire structure being four at ries in height, besides basement, giving a floor space of 120,000 square feet. One floor 44x132 feet will be given over exclusively to the storage and roasting of green coffees. Besides the additional floor space the firm is afforded double the former trackage facilities, which is as valuable to a jobber, almost, as store room. The firm put up its first building in 1882, which was of brick, 88x132 feet and at that time was pointed out as indisputable evidence of Omaha's solid growth and prosperity as a jobbing town. In 1892 the firm added ano her building 44x132 feet, these two buildings answering the purpose until quite recently, when additional facilities were required, resulting in the purchase mentioned above. This gives Omaha the largest wholesale grocery house west of Chicago.

NO TRACE OF HAMMER FOUND

Investigation Strengthens the Belief that He Cast Himself Into the

Further investigation by the two detectives detailed to unravel the mystery of aged Peter Hammer's disappearance only strengthens their theory that he ended his life by a plunge into the lcy waters of the river at the foot of Pierce street, a stone's throw from the shanty he has called his home for twelve years. All of the missing man's neighbors tell of his often repeated threats to end his life that way. The day before he disappeared from sight Hammer was seen pacing up and down the bank of the river near his home and occasionally stopping a gazing intently at the swift, edying waters.

Some of the missing man's acquaintances searched both the shores of the river for a considerable distance up and down its course yesterday in the hope of finding the body. Two of them took a boat and searched two sand bars a short distance below the city. Notice was sent to look out for the body to several southern river towns by relatives of the missing man yesterday morning.

EXTERMINATES A FAMILY

Rabid Son-in-Law in Glasgow, Ky., in a Way to Be Chief Figure in a Lynching Bee.

GLASGOW, Ky., Nov. 11.-Robert Brown was arrested under the most sensationally thrilling circumstances tonight. Last night Brown shot and killed his father-in-law, Louis McClellan, and seriously wounded his mother-in-law and sister-in-law. Brown had made both demands and threats on the McClellan family. After shooting all around their home last night he escaped.

To the surprise of all the survivors and the wounded relatives he returned to the McCleflan home this morning with the avowed purpose of finishing the slaughter. Today he shot Mrs. McClellan and her son and returned to his farm and fortified himself in his barn. Officers and a large posse surrounded the barn and over 100 shots were exchanged, Brown opening fire on their approach. He continued the fusillade until his ammunition was exhausted. Then the posse proceeded to light matches to torches with which to fire the barn and Brown threw his two guns out, also his two pistols, and surimmediately holding up both hands and begging piteously for protection. He was immediately brought to this city by Deputy Marshal Bailey and others and was very nervous, as threats of lynching were yelled at him all along the way into town. In the fight at the barn, which continued from morning until afternoon, Sheriff Bartow was shot through the hand and Deputy John Neice through the ear.

Blythe promised to retract it, but Easley pulled a revolver and killed him on the spot, after which Easley walked into the street and surrendered to officers. He is held without bond.

Banquet to General Miles. NEW YORK, Nov. 11 .- The complimentary banquet given to Major General Nelson A. Miles, commanding the United States army, at the Waldorf-Astoria, tonight in point of numbers, extensive preparation and brilliancy rivalled the great banquet given last year in honor of President McKinley by the merchants and manufacturers of the country. The leading professions, military, naval and business men of the country were represented. Seven hundred and fifty guests were present. Joseph H. Choate was toastmaster and there were nony brilliant speakers. General Miles and the army were eulogized to the skies, figuratively. The presence of Governor-elect Theodore Roosevelt caused great enthusiasm.

CREDIT MEN ARE ORGANIZING

Preliminary Meeting Held for the Purpose of Forming a Branch of the National Association.

The preliminary steps toward forming a local branch of the National Association of Credit Men were taken at a meeting held at the Commercial club rooms last night. I was attended by thirty odd representatives of Omaha jobbing interests and the formation of an organization was determined on

by a practically unanimous vote. As a beginning F. B. Boocock of New York, secretary of the national association was introduced and spoke at some length on the general character and purposes of the organization. His address was full of practical suggestions relative to the credit busi ness and he was heard with the closest at tention. Secretary Boocock suggested that one of the most desirable aims of modern business enterprise is to promote a better feeling between the debtor and creditor Impulsive action has frequently driven a merchant to the wall when a little helpful advice might have saved him. It is becoming more customary when a retailer is back ward in his payments to analyze his condition and help him out. What is being done along this line in individual cases the national association aims to do on a larger

The speaker briefly sketched the methods by which the association aims to promote the interests of the jobbers by assisting the retaller to acquire improved business principles. One object is to induce the retailers to adopt a uniform and adequate system of bookkeeping, an improved system of filing invoices and other improvements that will promote his interests. Mr. Boocock also emphasized the value of the helpful ideas that are inculcated by the literature

that is circulated among the retailers by the

business literature committee of the asso-

ciation and pointed out various additional methods by which general benefit is secured. The meeting then organized by the selection of W. J. Broatch as temporary president and F. E. Pearce as secretary. It was voted to proceed with the organization of a permanent association and with this in view the following committees were appointed to perfect the details and report at a future meeting: Constitution and by-laws, E. M. Andreesen, G. W. Hoobler and F. E. Pearce; organization, M. T. Barlow, J. H. Taylor and F. B. Hockstetter; membership, W. N. Burgess, C. S. Hayward and J. E. Baum.

Sensational Suicide. ST. LOUIS Nov. 11.—A special to the Post-Dispatch from Paducah, Ky., says Charles Charleston, aged about 25, committed suicide on Broadway by cutting his throat with a preket knife. His home was in Moundsville, Pa., and his relatives are said to be prominent. Descondency is supposed to have prompted the deed.
