the two nations, their military aptitude and the parts they have played in history. The Servet declared that it is not interest which leads the two nations together, but sympathy which renders the imperial visit all the more significant. The Malumat attributes the second visit of Emperor William to the great virtues which characterize the sultan. The correspondents of English newspapers, however, declare that the Turkish population exhibited curiosity rather than enthusiasm in connection with the kaiser's visit, while the official classes are dissatisfied, foreseeing that they will have to go several months without pay in consequence of the great outlay involved in the attendant festivities. The local Christians, moreover, deplore the visit to Constantinople of a great Christian monarch on the eve of the pilgrimage to the Holy Land and after the wholesale massacres of Christians which shocked the civilized world only two years

Clothing Sale

We are holding is exciting comment, and buyers are hastening to our store and securing one or more of those fine bargains we are offering. We have been making clothes for men and boys for over thirty years and feel sure we have thoroughly learned how to make them, and we are still going to continue to make our own. But no more will be made for wholesale. Therefore what we have for that branch of our business will be sold very cheap. You would be surprised to see what splendid suits you can buy for \$10 or \$12. We have plenty at a less price and plenty that sell at a higher figure. But whatever the price you may be assured that you are saving from \$5 to \$8 on nearly every purchase.
