ONLY DEMOCRATS ON GUARD

Motto Adopted by the State House Machine for Future Appointments. RECOGNITION OF OLDHAM THE STARTER

Lincoln, Nov. 26.—(Special.)—In the appointment of W. D. Oldham, deputy attorney general, the populist party of the state receives a slap in the face, accompanied by a reminder that hereafter nobody but simon-pure democrats are to be recognized as the political machine of the state. Oldham is one of the few members of that sort of democrats who has never taken up with the fusion idea.

Contests on Novel Grounds. W. E. Chittenden, one of the republican members-elect to the legislature from Gage county, has an odd contest case on his hands. His principal opponent in the race was Captain W. H. Ashby of Beatrice, who fell sick and died before the election. Ashby has just served notice on Chittenden that he will contest on the grounds that at the time Chittenden claims to have been elected to the legislature he was already holding a lucrative office under the state of Nebraska, having been a member of the legislature from 1894 to 1896.

GOVERNMENT FOR HAWAII

Senator Cullom Preparing His Report—Modification of Usual Territorial Form. CHICAGO, Nov. 26.—A special to the Tribune from Washington says: Senator Cullom is preparing the report of the Hawaiian commission and will submit it to the president for transmission to congress so that it will be ready at the opening of the session. The senator declines to give details as to the character of the report, but from other sources it is learned that the report as finally drafted will provide for a partial continuance of the present government in the islands under direct federal supervision. There will be a senate of fifteen members and a house of double that number, which is an increase on the present house membership of Hawaii. There will be a graded qualification on the suffrage. Members of the house may be elected by voters who pass an educational test alone, while members of the senate will be chosen by voters possessing both educational and property qualifications. There is now a property qualification for voting in Hawaii, but the proposed form of government will reduce this somewhat so as to furnish an inducement for small holdings. There will be educational and property restrictions in regard to holding office, the qualifications for which will be fixed from time to time. There will be no "open door" in Hawaii. The tariff laws of the United States will be extended to the islands without alteration because Hawaii was formally annexed to the United States by a statute law and any other course would unquestionably be opposed by the supreme court. The present supreme court of the islands, whose members hold their places for life, is to be continued and to be given jurisdiction of local laws, whose force will be as continued as far as possible, as they have been taken by law from the statute books of different states in the union, and are, as a whole, quite acceptable.

PUGILIST IS FATALLY HURT

Lansing Paralyzed from Blow Given by Jack Root in a Prize Ring. LOUISVILLE, Nov. 26.—Tom Lansing, the well known middleweight pugilist, who until recently assisted in training Corbett, is lying critically ill at his home in this city as a result of a terrific blow on the back of the head by Jack Root in their recent fight in Chicago. Lansing is almost entirely paralyzed and today is barely able to speak. He can move only a few portions of his body. His physician thinks from what he learns from Lansing that the terrific blow he received on the head from Root, which felled him, causing him to strike his head upon the floor with great violence, has caused the formation of a blood clot upon the brain. Dr. McIntyre, his physician, says the chances of Lansing's recovery are slight.

Hinshaw's Majorities.

FAIRBURY, Neb., Nov. 26.—To the Editor of The Bee: In two or three issues of your paper you have inadvertently stated that Stark's majority was about 1,600, about the same as it was two years ago. The actual figures as I have compiled them give him a majority of 492. The vote is as follows: Stark's majorities—Saunders, 529; Butler, 535; Polk, 581; Hamilton, 217; Seward, 174; Fillmore, 102. Total, 2,148.

Political Intrigue at Asylum.

HASTINGS, Neb., Nov. 26.—(Special.)—It is said that there is a scheme under way in this city in the interest of Dr. Steele, the present assistant physician, who desires to be appointed superintendent of the Asylum for the Incurable Insane. Some of his friends, among whom are a number of county officials, are quietly circulating a petition asking the governor-elect to make the appointment. It is also said that Dr. Swigart of this city is concerned in the matter, as it is understood that he is to have Dr. Steele's place as assistant physician in case Steele gets to be superintendent. Dr. Damerall, the present superintendent, has not been consulted about the matter and the move is a political one, conceived by fusionists.

Caught with Stolen Goods.

WYOMBE, Neb., Nov. 26.—(Special.)—Roy Dittz, a boy 18 years old, was arrested yesterday by the city marshal, charged with theft, and as the goods were found in his possession, he pleaded guilty. Thursday night an overcoat and three caps were taken from the display in front of the New York Racket store and a pair of shoes from in front of the store of E. W. Poor. The police were notified and the next morning Dittz was seen coming out of the Burlington yards wearing the stolen goods. Upon his promise to leave town and stay away he was not prosecuted.

Exposition Sentiment at Columbus.

COLUMBUS, Neb., Nov. 26.—(Special.)—A careful canvass of the business men of this city shows that not one in ten is in favor of closing the Omaha exposition another year. Nearly all lines of business claim that their trade has been injured by the big show. All agree that the exposition has done much for Nebraska in general, and has set forth to the world the resources of this state, but think that a repetition next season would be out of place.

Children Are Charitable.

NELOSON, Neb., Nov. 26.—(Special.)—At the close of school on Wednesday evening Miss Dorothy Seabrook, one of the teachers of the Nelson public schools, accompanied by about twenty of her pupils, each carrying a parcel, went to the home of Mrs. Anna Hutchinson, a destitute woman with several children, and deposited their packages, containing groceries, supplies of clothing and provisions sufficient to make Thanksgiving a success.

Hastings Wants Normal.

HASTINGS, Neb., Nov. 26.—(Special.)—The business men of Hastings are preparing to organize for the purpose of having a State Normal school established here. The large and unoccupied Catholic convent building in the northeast part of the town is just fitted for the purpose, and can be bought for a reasonable sum. It is the intention to secure this building for the normal.

Invalid Seriously Hurt.

WYOMBE, Neb., Nov. 26.—(Special.)—While on her way to the Congressional church on Thanksgiving day Mrs. Burch, the invalid mother of J. C. Burch, fell on the icy sidewalk and broke her left arm in two places and severely sprained her wrist. She is quite old and already an invalid, and it is feared the injuries may prove worse than are now apparent.

New Railroad Laid Out.

TEKAMAH, Neb., Nov. 26.—(Special.)—The surveys, who were reported to be on the Omaha and Indian reservation some time ago, are now settling grade stakes and laying out a line of route for a new railroad between Sioux City and Omaha, passed through this city this morning. It was testified that North had become a habitual drunkard and on one occasion had choked and pounded his wife. The defendant did not contest the case. North was formerly court reporter of Judge Sullivan and resides at Columbus.

Hanged Himself.

Receives Sentence of Death

LANCASTER, Pa., Nov. 26.—Ralph W. Wireback, convicted of the murder of D. B. Landis, in April last, was refused a new trial today and sentenced to be hanged by Judge Livingston. When taken before the court for sentence Wireback broke out in a wild harangue, saying he was a great inventor who would have floating islands in the ocean, would free the earth and make it a suburb of heaven. He would bridge the ocean and work must go on. He was finally taken to the courtroom. He quieted down and was taken before the court. He renewed and eventually fell to the floor.

NEW YORK, Nov. 26.—Janowski won the fourth game of the chess match against Capablanca after thirty-eight moves, at the Manhattan Chess club today. Janowski opened the game with the Spanish attack, which was at first very cautiously played on both sides.
