Old Familiar Command of the Busy Surgeon May Be Revived.

Health Commission Spaiding and Assistant Ralph Take Steps to Conane the Disease to Locality Now Infected.

"Good morning; are you vaccinated?" is likely to become the fashionable mode of salutation in Omaha for a time of greater or later duration to come. If the reply is in the negative, the respondent is likely to be carried by force to some point where the virus may be introduced to his system.

All kinds of granite ware, worth up to for the Board of Health is about to issue an \$1.00, everything useful in the kitchen, go erder calling upon citizens, especially those at 5c, 10c and 19c each. the virus may be introduced to his system, in the northern part of the city, to become vaccinated.

The cause of all arises from the fact that for the first time since 1894 smallpox signs are again being displayed in this city. Upon three cottages in the northern part of Omaha, the red danger signals have been nailed. Seven cases of the disease have been discovered in three families-genuine cases of smallpox, although in the modified and mild form of varioloid. Whether the disease has become widely prevalent in that portion of the city has not yet been learned by the health department. There seems to be little doubt that it is epidemic in Nebraska City and vicinity, whence the disease was imported into this city.

The disease has existed in the city for couple of weeks or more, but was discovered only through accident by Assistant City Physician Ralph on last Tuesday. On that day he answered a telephone call from a grocery merchant in the northern part of the

"A man with big blotches and blisters on his face is coming to my store," was the message, "It may be smallpox."

Dr. Ralph immediately visited the house of the suspect. He looked at the man and at once told him he was suffering from smallpox. The man threatened to throw him out of the house. Dr. Ralph discovered two more cases in the family. He visited an adjoining house and found three more cases there. He then called upon the physicians of the afflicted families. These doc tors declared that the disease was chicken pox. Dr. Ralph insisted that he knew smallpox when he saw it and that the families

#### Diagnosis Finally Endorsed.

Dr. Ralph was making further preparations Wednesday. He visited the afflicted families with another physician who also declared that the disease was chicken pox-Later in the day another physician informed Dr. Ralph that he had discovered a case of smallpox about four blocks away from where differences of opinion a board of physicians was formed to visit the suspected families for the purpose of discovering exactly the nature of the disease. This board consisted of Drs. Ralph, Peabody, Foote and Kunde. The quartet of medical men made a thorough examination of all three families last night that lasted for several hours. They were unanimous in declaring the disease to be smallpox. Yesterday morning signs were nailed upon the houses where the disease exists. City Physician Spalding made arrangements to issue his order of vaccination. Other precautions are being taken to prevent the further spread of the disease and an investigation is being made in the neighborhood to learn just how far the disease

The disease doubtless came from Nebraska there, but the majority of the resident phypox. All doubt as to the nature of that disease in Nebraska City, however, has now been removed according to the following tel-

PERCIVAL, Is., Dec. 8 .- (Special Tele-PERCIVAL, Ia., Dec. 8.—(Special Telegram.)—Owing to the conflicting reports in regard to the prevalence of smallpox in Networks and City the local Board of Health decided yesterday to investigate the matter. It employed Drs. Tweedy of Tabor, Ia., and Cole of Thurman, Ia., who with the board visited Nebraska City today. The two physicians visited while there seventeen cases and pronounced the same to be smallpox. There are also two cases in the wicinity of Fercival. The local Board of Health has taken the necessary steps to prevent the spread of the disease.

NEBRASKA CITY, Dec. 8.—(Special Telegram.)—It is true that there are several cases of smallpox in Nebraska City. The disease so far is of a very mild type. Proper authorities are taking stringent measures to prevent its further spread. Brought from Nebraska City.

About three weeks ago a member of one of the afflicted families in this city visited Nebrasks City and undoubtedly brought the disease with him, for he was at once taken ill with it, although the attending physician declared it to be chicken pox. The disease so far has been very mild and has not troubled the afflicted people very much, as they have been about. In fact, of the seven cases in Omaha several have already almost run their course. None of them are dangerous. The disease is supposed to have been brought to Nebraska City by a couple of soldiers whe returned from the south.

Concerning Street Car Service.

OMAHA, Dec. 7.—To the Editor of The Bee: It is quite amusing to non-politicians to notice the avidity with which some of our city aldermen introduce ordinances requesting the street car company to build new lines, presumably to benefit people living on the south side, while the lines we have furnish so little accommodation to these same people. Here are a few objections, or, I might call them changes in management, of old lines which should be made previous to adding new track.

A person living on the South Omaha line

"What are the chances of an epidemic?" said Dr. Ralph in answer to an inquiry. "That is difficult to answer. Certainly the two weeks that the disease has been here has given it plenty of time to spread through the neighborhood. It is in very mild form, however, cannot see how it was not detected before."

The people who have been exposed at all to the disease should vacinate at once," declares Oity Physician Spalding. "The sooner the better. It will lessen their chances of getting the disease and even if they are attacked by it it will be in mild form. I have seen to it that there is a plentiful supply of the necessary virus in the city, and the Board of Health will at once issue an order to vaccinate. People should also keep

#### JOBBERS TAKE THE WARPATH Adopt Strong Resolutions in Opposi

tion to the Proposed Expost-

tion for Next Year.

Omaha jobbers having failed in their eforts to have the promoters of the 1899 ex-

position abandon their enterprise at a meeting in the Commercial club yesterday afternoon adopted the following resolution:
Resolved. That we, the jobbers, wholesale dealers and manufacturers of the cities of Omaha and South Omaha, believe the holding of an exposition in Omaha in the year 1899 will be detrimental to the best interests of the cities of Omaha and South Omaha, the state of Nebraska and the entire west; and, be it further
Resolved. That the jobbers, wholesale dealers and manufacturers of the cities of Omaha and South Omaha have been since the inception of the proposed exposition for 1899 strongly opposed to the same, and we take this opportunity of making it known to the public at large and particularly to all those throughout the transmissispipi country, who have so greatly assisted in afternoon adopted the following resolution

country, who have so greatly assisted in making the exposition of 1898 so brilliant Buccess.

A committee was also appointed to draw up stronger resolutions which will be circulated through the city for the signatures of jobbers and all others opposed to the exposition, which will present such a showing of adverse sentiment that is is believed will cause the promoters to hesitate in their actions. This resolution is as follows:

Resolved. That we believe the holding of an exposition in the year 1899 in Omaha would result to the detriment of the manufac-turers and jobbers of this city, as well as to smallpox about four blocks away from where the best interests of the state and community. Dr. Ralph had found his. On account of the at large, and will detract from the greater. at large, and will detract from the great advantages and high standing secured to the transmississippi country through the reputation derived by the success of the exposition of 1893 and will further tend to dissolve the harmony and good feeling that now exist between this city and surrounding territory; and be it further

Resolved, That we are earnestly opposed to the proposition and that we will discourage the same in every legitimate manner.

Telegrams were sent to the Nebraska delagations and the same in the same

Telegrams were sent to the Nebraska del-

egation in congress requesting it to with hold support from any measure tending to pledge government aid of the enterprise unil after the jobbers have an epportunity to present their side of the case. The meeting decided to take such other steps to put an end to the proposed expo-

ition as may suggest themselves, among them an effort to have the owners of the City. For the last six weeks there have property on which the exposition is located rumors that smallpox was prevalent refuse to renew the lease to the new

fer some evening next week to which everybody will be invited who is opposed to the exposition, and an attempt will be made to egrams that were received by The Bee this sound an alarm which may have some influence upon all those interested in the busi-

ness welfare of the city. It is proposed to hold meetings every day to discuss the progress of the work in this direction, and nothing is to be left undone which will handicap the promoters of the enterprise and finally induce them to throw up the whole matter.

The Gold Fever is Spreading.

Concerning Street Car Service.

A person living on the South Omaha line should have a transfer to any part of the city for one fare. Trains should be run frecity for one fare. Trains should be run frequently enough to avoid sandwiching in people during hours workmen are going to and from work. If you question this, any morning notice cars going south between 6 and 7:30 o'clock with employes of packing houses whose nickels should have the same value in this free country as those of the Farnam street resident. Today, if you are fortunate to live near the South Omaha line, you are compelled to pay two fares if you wish to compelled to pay two fares if you wish to go west on Farnam street, west on Harney street, west on Walnut Hill or north on Twenty-fourth street, while there is no good reason for it excepting the avarice of the

Can any city councilman or street railway magnate explain to the public how the street railway company can be defrauded in granting such transfers?

Another thing our city fathers might inter-set themselves in, and that is 'he manner in est themselves in, and that is 'he manner in which this corporation will remove snow from the tracks and pile it four and five feet high on the sidewalk and leave it for the sun to dispose of. See southeast corner Twenty-fourth and Vinton streets.

Street railway magnates wonder why op-position comes to them at times. These are a few things regular patrons of the road would like to see a change for the better in, and if we could only enlist a few sledgehammer blows from The Hee these 'coupon clippers' might take warning and cease holding up those compelled to use our city

holding up those compensations of the railway. Yours sincerely, A SOUTHSIDER. Her Grand European hotel now open. Ele-gant rooms, ladies' and gents' cafe and grill room. Cor. 16th and Howard.

DIED. WHITE-Tim W., aged 45 years. Funeral at 8:30 a. m. Saturday, December 10, from family residence, 2456 South Seventeenth street, to St. Patrick's church. Interment, Holy Sepulcher cemetery. Mr. White is a brother of John M., Misses Nora and Josle of Ottumwa, Ia., and Mrs. M. Sullivan of Cheyenne. Woodmen of the World take notice.

WOLFE WINDS UP HIS AUCTION

Commissioner of Public Lands and Buildings Completes Sale of Nebraska Building.

Such articles of furniture, bric-a-brac and accumulations of rubbish in the Nebraska building which had not been disposed of at previous sales were sold at auction yes terday in the State building on the expost tion grounds. There are not many bidders present, partly on account of the weather and partly because there is little desirable stuff to be offered. A rug, which had been used in one of the rooms upstairs, was sold this morning, and Land Commissioner Wolfe said it brought what he considered to be more than its real value. It went for \$15. Cases and tables which were used in the main buildings to display Nebraska's products had been taken apart and brought to the Nebraska building and sold, being bar gains for those who happened to need that kind of material. A lot of lumber was also disposed of. There were some few chairs and tables in fairly good condition which brought a reasonable price. The entire lot was cleaned up today, but it will not be removed for several days. Land Commissioner Wolfe represented the state and Judge Neville represented the state commission. Secretary of State Porter was also present. The new exposition company had bidders present to buy in such furnishings of the building as were felt to be required to retain the structure complete in the event of it being wanted next year.

### What Boro-Lithia Water Absolutely Contains.

An eminent chemist's report:
Chemical Laboratory of Bellevue Hospital
Medical College, New York, June 7, 1897.
Mr. James K. Anderson, President of the
Waukesha Water Company:
SIT-I have submitted Boro-Lithia Water
to analysis and find it to correspond with the Waukesha Natural Spring Water in the character of its
saits. I find that it ALSO CONTAIN;
LITHIA AND BORIC ACID. These substances ARE ADDED, the lithia as carbonate, the boric acid in the free state.
The lithium carbonate is held in COMPLETE SOLUTION in both the still and
effervescent water. The water thus becomes an excellent vehicle for carrying to
the system a lithia sult of alkaline reaction, THE FORM MOST DESIRED BY
PHYSICIANS.
My analysis shows these substances to

Fur Rugs, Carriage Robes, mounted

heads and fur linings. Good prices

Brushes, Polishers, Shoe Horns, Button Hooks, Cuticle Knives, Scissors, Salve Jars, Puff Boxes. We are showing a beautiful line of Manicure Sets in Cases. Spend a few minutes at our store.

S. W. LINDSAY, The Jeweler. 1516 Douglas. Just Look.

When you can buy a fine kid lined Russian leather slipper for 2.50 a pair you're not doing badly. When you can buy them for 2.25 you're doing a great deal better. When you can buy them for 1.90 a pair, you are doing something extraordinary and that's just what you can do right here. In maintaining this we simply want to give you an idea of how cheap we are selling men's Christmas gifts, whether slippers or smoking jacket or shoes or hats or gloves or bath robes or neckwear or suspenders or anything that a man wears. A list of prices won't help you much. From now until Christmas Eve the papers will be filled with prices that don't mean a single thing until you see the goods. We have slippers for men at 50c a pair, that cost that much to make them but it would sound bigger value to say they were "dollar slippers marked down to 69 cents." We don't do business that way. We want every lady who wants goods in our line to come in and look over what we have. You do the looking and the goods will do the rest.
