TAKES WAKE ISLAND

Uncle Sam Asserts Sovereignty Over Another Little Parcel of Reality.

IT'S WAY OUT IN THE MIDDLE OF PACIFIC

To Be Utilized as Station for Cable to Connect Philippines.

LIES BETWEEN GUAM AND THE HAWAII

Bennington is Commissioned to Hoist the American Flag.

SAILS FROM HONOLULU STATION AT ONCE

Considered Imperatively Necessary to Have Location for a Station in Locality—Island Ours by Former Possession.

WASHINGTON, Dec. 23.—The government has determined to hoist the flag over an island far out in the Pacific ocean and orders were sent out late this afternoon to the commander of the Bennington (Captain Tausig), to proceed at once to that position in the name of the United States government of Wake Island, latitude 19 north, longitude 166, east. It is distant about 2,000 miles from Nihau, the westernmost point of the Hawaiian islands, and 1,300 miles east from Guam.

It is almost in a direct line between these possessions of the United States and is admirably adapted for use as a station for a Pacific cable to connect the Philippines with Hawaii and the United States. It is about three miles in length and encloses a lagoon of salt water. The average height of the island is eight feet above high tide. It is scarcely capable, in itself, of sustaining life, but it is said a cable station can be maintained without difficulty by the erection of a condenser to supply fresh water.

Some station in this locality is deemed to be absolutely necessary to the maintenance of a cable and for that reason the American peace commissioners at Paris endeavored to secure one of the Caroline islands, but without success.

Wake Island is said to be right already American territory, for in 1851, Admiral Wilkes surveyed the place and asserted the title. It is not inhabited so far as is known at the present time, but guano gathers have temporarily lived on the island.

The Bennington is now at Honolulu and the orders to it go out by steamer. After hoisting the flag on Wake Island the Bennington will proceed to Guam and make the survey of the island which was ordered some time ago. The United States has a survey of Pearl Harbor, seven miles from Honolulu, which will form the foundation of the government plans for the enlargement of the harbor there and the straightening of the channel connecting the inner harbor with the ocean.

SCHOONER BORDA IN PORT

Blown One Thousand Miles Out of Course on Atlantic Coasting Trip—Crew's Hard Exerting.

PHILADELPHIA, Dec. 23.—The missing four-masted Philadelphia schooner, Matilda D. Borda, Captain Norton, which sailed from Portsmouth, N. H., November 25, for this port, the day before the terrific gale which caused such sacrifice of life and property along the coast, and which was blown over 1,000 miles out of its course, arrived here tonight in tow of the tug Agnes Hughes.

The homecoming of this vessel and its crew, which had for some time been given up as lost, was one that will be long remembered by their relatives who have passed through weeks of anxiety. The experience of Captain Norton and his men was a thrilling one, as the vessel scudded off shore with a leading high over it. It was provisioned only for a short run and for days the men have been subsisting on short rations. The British ship Trinidad supplied them with some food, otherwise it was unlikely they would have perished from hunger. Captain Norton, upon learning of the fearful havoc wrought by the storm, said their safe arrival was due to an interposition of Providence.

TRIES TO DEFEND HERSELF

Mrs. Botkin Admits She Was at Ferry Depot the Day the Poisoned Candy Was Mailed.

SAN FRANCISCO, Dec. 23.—The trial of Mrs. Cordelia Botkin is nearing an end. The defense concluded its case today, with the testimony of the accused woman. Mrs. Botkin made specific denials of almost all the charges brought against her. She contradicted the testimony of almost every witness that has appeared for the prosecution and her denials generally were on the most important points in the case. She swore that she did not buy the candy sent Mrs. Dunning or the handkerchief which was enclosed for Mrs. Dunning's little girl. She admitted intimacy with John P. Dunning and stated to the jury that she had tried to prevail upon him many times to return to his family. Cross-examination brought out at least one very important fact against the accused. She admitted being at the ferry depot on the very day that the poisoned candy was mailed at the ferry postoffice. Three other unimportant witnesses were introduced by the defense.

Prize of War Court Decides Cannot Be Held Because Blockade Was Not on at Time of Taking.

CHARLESTON, S. C., Dec. 23.—In the United States district court here today Judge Brawley handed down a decision discharging the Olinda Rodriguez, the French steamship made a prize of war by the cruiser New Orleans July 17. The ship belonged to the Transatlantic line and at one time it seemed as though international complications might grow out of its retention and the fight in the United States courts over it has been long and bitter. Judge Brawley releases the ship on the ground that the blockade of San Juan was not effective on July 5 in the sense of which that term is accepted by the nations.

EVILS OF STANDING ARMIES

Minority Report on Hull Bill Points Out Enormous Tax Burden.

YEARLY COST HUNDRED AND FIFTY MILLION

No Hope of Economical Administration in Public Affairs Can Be Expected if This Expenditure is Maintained.

WASHINGTON, Dec. 23.—The minority of the house committee on military affairs today filed with the clerk its report in opposition to the Hull bill for the increase of the regular army to 100,000 men. It is as follows: "The minority of the committee dissents from the views of the majority of the committee, because the bill represented makes a permanent standing army of the United States of over 100,000. Such an army is not necessary to be maintained in this country now, neither because of our relations to the islands of the sea, nor because of any necessity, which in the past year has arisen in this country itself. "The evils of standing armies are too well known to be dilated upon here. Such a standing army as the one proposed would in time of peace be a menace to the liberty of citizens and in time of war would not be sufficient to meet successfully the armies of the first-class powers of the world. Happily we are so situated that a large standing army is not a necessity and would only be a luxury to be supported by the taxes of the people. It is estimated that the Hull bill will cost the people annually the sum of \$150,000,000. This would be a permanent charge upon the people; \$145,000,000 is being paid annually to the soldiers of the civil war and the war with Spain, thus paying the army of the United States and to the military establishment alone, to say nothing of the navy. "The passing of this bill means the practical destruction of the National guard and the volunteer troops of the states. With such a large standing army the citizen soldiery of the country would feel that it was not necessary to prepare for war in time of peace, nor to go to war in time of war. The taxes which are now so burdensome to the people would be increased and collected and will rather be increased than otherwise. No hope of economical administration can be indulged in while such permanent and lavish expenditure is provided for. "It is well understood that the great corporate interests of the country are demanding this large standing army. The reasons for such a demand are too obvious to be pointed out. These interests want large forces to enforce their demands and a president dominated by such interests would have with such a standing army at his hand to invade the liberties of the people, to suppress freedom of speech and to desecrate the ballot box itself. "It is needless, however, to continue to point out the many evils of the bill; suffice it to say that both in form and substance it overturns the policy which has been pursued so successfully by this government for so many years and launches the country upon a course which can only terminate in the destruction of the liberties of the people. "Recommended in Substitute Bill. "The minority holding the views above expressed have the honor to propose as a substitute to the bill reported by the majority. They herewith report said substitute, as embodying every need of the government in its present condition and at the same time preserving with scrupulous care the liberty of the citizens and avoiding the evils of a great standing army. "The substitute provides for a permanent standing army of 20,000 enlisted men, about the number in the army before the war with Spain. The reorganization provided for in the substitute conforms to what it has been with some few important changes. A larger number of men is provided for artillery than in the present organization, the necessity of manning our coast defenses upon which large sums have been spent, the substitute also provides for 50,000 volunteers to be taken from the states and territories and the District of Columbia. In proportion to population, the volunteer force is larger than that of any other nation. Representative Hay of Virginia, who prepared the minority report, estimates that the regular army establishment provided for in the minority substitute would entail an annual expenditure of \$30,000,000, or about \$1,000 per man, and that the volunteer force of 50,000 men by the same calculation would cost \$50,000,000, or a total during the existence of the volunteer army of \$80,000,000. "The War department is preparing official estimates which will be ready in a few days. "News for the Army. "WASHINGTON, Dec. 23.—(Special Telegram.)—Instructions directing the discharge of Private L. P. Merces, Company B, Forty-ninth Iowa volunteers, have been confirmed. "First Lieutenant Richard P. Strong, assistant surgeon, Second United States army, has been ordered to proceed to Fort Crook and report to the commanding officer of the Twenty-second infantry, to accompany that regiment to Manila. MACLAREN MAY BE CALLED

Eminent Scotchman Spoken Of for Pastor of Plymouth Church.

PARTIES INTERESTED ARE ALL RETICENT

Among the Possibilities that the Well Known Author May Yet Fill Henry Ward Beecher's Old Pulpit.

(Copyright, 1898, by Press Publishing Co.) LONDON, Dec. 23.—(New York World Cablegram—Special Telegram.)—In reply to an inquiry of the Rev. Dr. John Watson ("Ian Maclaren") if he would accept the pastorate of Plymouth church, Brooklyn, as the successor of Rev. Dr. Lyman Abbott, the noted preacher and author wired this message today: "I have received no communication from New York. I can therefore say nothing. "No name has yet been officially considered. After the holidays the committee will consider the names that have been suggested in communications from members of Plymouth church and also from persons living outside the city and state. Ian Maclaren would be very acceptable to Plymouth church if he could be obtained. I understand, however, that he has recently declined an invitation from an influential London church. The Rev. Dr. Charles Abbott Berry of Wolverhampton, Eng., and Dr. Aked of Liverpool have also been suggested. I think we should turn all our efforts toward finding an American to fill the pulpit. "The United States protection Florida arrived at Matanzas yesterday. The United States flag was formally hoisted at Cardenas yesterday by Lieutenant G. R. Siburn of the Eighth regiment. "SPANISH SOLDIERS GOING HOME. "Transporters Leave Havana This Week with 30,000 Men. "HAVANA, Dec. 23.—The Spanish transport Darmstadt sailed today for Cadiz with 2,770 officers and men. About 8,000 Spanish troops have embarked this week for Spain and some 8,000 others are left in Havana. It is estimated that there are 15,000 Spanish soldiers at Matanzas and there are about 30,000 Spanish troops in Cienfuegos. The Spanish troops here will withdraw to Matanzas and Cienfuegos after January 1. The widow and daughter of General Calixto Garcia have been left in poverty and patriotic societies are contributing to their relief. Preparations for processions, dinners and speeches on New Year's day are being made all over Cuba. "Fighting in the Philippines. "MADRID, Dec. 23.—According to a dispatch received here from Iloilo, island of Panay, several engagements have taken place between the Marabala rebels and insurgents and many of the latter have been killed or wounded. "It is asserted that Aguinaldo has called to the government, saying he will shortly release the Spanish prisoners in the hands of the insurgents. This statement, however, has not been confirmed. "There is much comment upon the conference that has just taken place between Marabala, Martinez de Campos, Prima de Rivera, Blanco and Imquiniz. The minister of the colonies, Senor Givori, announces that payment-coupons of the mortgage bonds have been issued. "Steal a March on American Consul. "LONDON, Dec. 24.—The Washington government, according to a dispatch from Auckland, has instructed the United States consul at Samoa to act with great vigilance and not to entrust his duties to his British agent, who has been accused of having taken advantage of his colleague's confidence to land munitions of war, etc., so gaining important advantages for German firms. "Leaves for Land of Free Speech. "BERLIN, Dec. 23.—Frank Knaak, who was recently tried by the provincial court on the charge of lese majeste, in referring to Emperor William as a "sheepstealer" and who was acquitted on the ground that he was intoxicated at the time, will leave for the United States next week. "Montenegrin Perish in Snowdrifts. "LONDON, Dec. 24.—The Vienna correspondent of the Daily Telegraph says: "Several hundred Montenegrin soldiers were frozen to death in a snow storm. The expedition sent to their relief found the snowdrifts so heavy that it was impossible to save them." "AWAKENS FROM LONG TRANCE "Suggestive Therapeutics Successfully Used in Restoring Chicago Sleeping Woman to Normal Senses. "CHICAGO, Dec. 23.—Tony Brosheit, a young woman 23 years of age, who has been in a trance for the past five months at her home in this city, was brought to her normal condition through the influence of hypnotism. "Miss Brosheit retired as usual in her apartment on July 23 last. On the following morning when it was time to awaken she kept on sleeping and though at times she would open her eyes, she seemed unconscious to her surroundings. The case has baffled many physicians. At last an application of "suggestive therapeutics," a form of hypnotism, was tried and the patient today was successfully brought out of her long trance. Though very weak, she is able to say a few words to those around her. She has been kept alive with liquid food. "Editor Sentenced for Contempt. "DELAWARE, Dec. 23.—George E. Gardner, editor of the Boston Traveler, was sentenced to serve thirty days in Dedham jail today for contempt of court in permitting the publication of his paper to contain comments and editorials on the Getchell case which, in the court's opinion, would have influenced the minds of the jury had the paper containing the matter reached the court house before the case was submitted for final consideration. Engineer Getchell of the New York and New Haven & Hartford railroad was charged with manslaughter in connection with a railroad collision last August. "To Establish New Presidio Hospital. "SAN FRANCISCO, Dec. 23.—Colonel Marshall, chief quartermaster of this department, has received authority from the secretary of war, through Quartermaster General Ludwig, to expend \$113,335.50 on the new pavilion hospital to be erected at the Presidio.
