GET IN LINE! Go with the crowd. Everybody is having Nita read their palm, and you don't want to be an exception. Why? Because the advice you will receive is sure to benefit you. Palmistry is a science by which the PAST, PRESENT and FUTURE can be told. If you are interested in your own future weifare you should not hesitate to consult the celebrated Gypsy Palmist, whose gift enables her to read your life as indicated by the lines in the palm as though it were a printed page. Among all who have thus far consulted the Gypsy not one as yet has expressed dissatisfaction, but on the other hand many words of praise have been heard and many have said that they never before had a reading by one so well versed in palmistry. As has been said before, Nita has made this science a life study and today stands recognized as the leading palmist of the country. She has studied under Sir Henry Oneque, Prof. Germain, and graduated under the world's famous palmist, PROF. CHEIRO. Nita can be consulted between the hours of 9 a. m. and 9 p. m. OUR BARGAIN COLUMN.
This week, besides describing some excellent bargains, gives a straight talk on buying Omaha real estate that won't cost you a cent, though it costs us a cent a word. Here is it:

If you are a laboring man, or a clerk, you ought to own your own home. You can buy cheap now and on easy terms at lower interest than ever before. The special taxes that have cursed the home owner have mostly been paid. To own your own home will tend to make you more contented, encourage you to save your carnings and give you a better standing with your employers, and, withal, your property is sure to increase in value. If you are a professional man you certainly should own your own home. You don't require your income as a business capital and you cannot expect the public to have any confidence until you give some indication that you have come to stay, and are unlike the famous Arab, and, withal, your investment will increase in value. If you are a business man of Omaha it is your duty to own at least your own home and thereby help to build up and beautify and maintain a city that affords you a business. Aside from that it is a business proposition. Thousands of business men have lost all in business but their home. Your family is entitled to a home at least that may be free from business reverses, and, withal, your investment will increase in value. Since, then, it is your duty and interest to buy a home you should see us about it at once. See us because we have built and sold more houses in Omaha since we started in business than all the other firms combined. And these homes and laways fair treatment.
