An Important Silk Deal

We have secured the exclusive sale for the city of Omaha of the famous Antie Guinet & Co.'s Black Taffeta, made in Lyon's, France. Taffetas that are guaranteed to wear—no cracking, breaking, cutting—but a Taffeta that is warranted for service. Haydene's the only place in Omaha to get the wide Wistlow Taffetas, new shades every day. Come in and see how much wider it is than the old style narrow taffetas elsewhere. 1,000 pieces fancy silk remnants, all lengths, all styles, best grades, on sale at 49c. 546 pieces plain Silks, all shades, worth 50c, 60c and 75c, on sale at 29c. Samples of these new Taffetas sent to out-of-town customers upon application.

TRIBUTE TO RABBI FRANKLIN

Receives from Congregation of Temple Israel a Solid Silver Tea Service.

PRESENTATION AT CLOSE OF SERVICES

Another Link Added to the Chain that Binds the Friendship Existing Between Old Friends About to Separate.

Temple Israel was filled last evening with the friends of Rabbi Leo Franklin, who will sever his connection with the congregation in two weeks to leave for his new charge in Detroit, Mich. Working secretly the members of the congregation had prepared a surprise for their pastor in the form of a magnificent solid silver tea service, which was presented after the benediction had been pronounced.

CONNOLLY STILL IN THE LEAD

Recount in the County Commissioner Election Contest Falls to Make Any Material Change.

With only three precincts left when County Judge Baxter's court adjourned yesterday afternoon, William I. Kierstead had succeeded in reducing James P. Connolly's majority for the county commissionship of the Second district no more than five votes, leaving Connolly still a majority of twenty-three. The count will be completed this morning.

One feature of the ballots of the Third ward was the large number of straight tickets voted without a scratch. The result of the first four precincts did not make any change whatever. But in the Fifth, Kierstead and Connolly gained two votes each. Then Kierstead lost one in the Sixth and Connolly gained one. Connolly lost one in the Seventh.

Kierstead a net gain in that ward of six votes, but the loss of one vote more than Connolly in the seven precincts of the Third made it five.

There had not been any material change in the standing of the two candidates in the Eighth ward.

It had been the intention to have the Rhode-Harrington recount for the assessment of the Third ward simultaneously with the count for Kierstead and Connolly. Harrington's majority was only two votes. The pleadings would require the recount of only five of the precincts, namely the First, Fourth, Fifth, Sixth and Ninth. Word came from Harrington's attorney, however, stating that he was down with the grip and a Rhode recount was postponed until Tuesday morning.

In the informal recount which Attorneys Winter and Shields have been making together neither side has any very material change, but Winter says he will be able to show that a lot of distinguishable ballots have been counted for Shields.

QUESTIONS VALIDITY OF ARREST.

Daniel Buckovis Seeks to Secure His Release by Habeas Corpus.

By habeas corpus proceedings Daniel Buckovis, one of the three men who assaulted Policeman Jorgenson at Sixth and Pacific streets, December 12, has undertaken to fight the order of Police Judge Gordon which bound him over to the February term of the district court under \$300 bonds, on a charge of assault with intent to do great bodily harm.

Women and Mothers

BEST APPROPRIATE CUTICURA SOAP.

AMUSEMENTS

Candidates for the Pen.

Sheriff McDonald has taken to the penitentiary Thomas Sullivan, sentenced to eleven years for the shooting of his friend, Thomas Kirshani, by mistake, as he claimed, under the Fourth street viaduct last May. Henry Kehl and Andrew Herb have also come to serve out their sentences. The former received five years for highway robbery. He was the leader of a gang of hoodlums which in October held a German at the end of the South Sixteenth street viaduct and took a small sum of money from him. Herb got a one-year sentence for stealing a cow.

Morrissey Asks Damages.

A damage suit for \$5,000 was brought by Frank Morrissey against the McCague Investment company yesterday on account, as he alleges, of the defendant breaking into his home at Sixth and Lake streets in April last, and removing his furniture to the street.

Improvements at Stock Yards.

The stock yards company has just completed the erection of an elevated foot bridge which extends 600 feet north from the Exchange building through the speculators' division. This bridge was constructed for the convenience of visitors to the yards, and those who desired to look at the stock in the speculators' pens without going down into the alleys. Work will commence at once on another big bridge, which will extend from the main road up to scale houses Nos. 5 and 8. These scale houses are in the northern division on the hill.

Relief Corps Concert.

Under the auspices of U. S. Grant Relief corps, No. 104, a most delightful concert was given last evening at the Grand opera hall. The members of Henry Smith's Family Concert company, in violin, vocal and pianoforte solos and quartet numbers, and Miss Wilhelmine Lowe, in baritone, rendered an exceedingly popular program of music. After the concert the hall was cleared for dancing. The entertainment was in charge of Mrs. F. B. Nichols and Miss Wilcox and resulted advantageously for the finances of the corps.

Defendants in Federal Court.

ST. LOUIS, Jan. 6.—Inspector Williams of the Pacific office has gone to Philadelphia to bring Henry Ringbeck to St. Louis for trial before the federal court on the charge of using the United States mails for fraudulent purposes. Ringbeck is the leader of a gang of five men, all of whom are now under arrest, charged with fraudulently promoting corned-beef factories. They operated all over the country, particularly in Missouri, Pennsylvania, Ohio, Indiana, South Carolina and Louisiana, and, according to Postoffice Inspector Dice they did a large business.

SOUTH OMAHA NEWS.

A ball will be given by the South Omaha Hospital association shortly for the purpose of raising funds to keep the hospital open. An electrical ball is under consideration and if the plans proposed are adopted the ball will be one of the finest ever held in the city. The hospital needs money and the members of the association tire of being compelled to solicit subscriptions all the time. By giving a ball it is thought that a sufficient sum will be raised to carry the hospital through the winter.

Reduction in Milk License Voted.

The petition of the milk dealers to get meeting with any large amount of favor in official eyes and it is probable that no change in the license fee will be made at once. Nearly all of the milk peddlers have united in a petition for a reduction of the license fee from \$25 to \$10 a year. The former sum is considered too much, at least that is the allegation made.

HEARD ABOUT TOWN.

T. V. Wilson, the Union Pacific agent in London, England, has just made a trip over the road from the Pacific coast and is on his way home. "Everywhere I have been," he says, "I have heard all sorts of inquiries about whether Omaha is to have another exposition. I am satisfied that the people of the west are rapidly beginning to appreciate at its fullest value the purpose an exposition in some good center serves in showing up the resources, particularly of the west. The middle west today has the largest proportion of population and Omaha is the center. There is lots of land and of the most fertile soil and a climate that will grow everything between the Missouri river and the coast, and all that is needed is development by eastern capital, coupled with western enterprise. I believe the contemplated Greater America exposition would find more exhibitors from the west than were in your Transmississippi Exposition. The colonial exhibits would be a unique feature, it is true, but the biggest thing, from a practical business standpoint, would be the display of western opportunities."

Machine to Work Hamble.

CLEVELAND, Jan. 6.—The maker of this city has invented a ramie defibrator which is said to be a success in every particular and will, it is believed, revolutionize the manufacture of ramie. Other inventors, it is stated, have been at work on a machine of the same kind for the last thirty years, but without success. The machine has been expended and large amounts of money have been expended and ramie has been offered by governments, they have not been successful. The machine can be operated by a boy and has a capacity of 400 pounds a day, against two pounds per man in the output of a man in China. The capacity of the machine can be increased according to requirements. It will save in the southern states, is a possible substitute for cotton, flax and silk. The fiber produced from it is the strongest in the world.

Erection of Immense Plant.

NEWPORT NEWS, Va. Jan. 6.—It is reported here that arrangements are being made to locate in this city near the shipyard a steel rolling plant to cover an area of fifty acres of ground, embracing fifty acres to cost \$5,000,000, employing 6,000 men, to have an annual output valued at \$34,000,000. It is stated that the company will manufacture armor plate and also turn out product for the general trade by an improved process. It is also said that work on the plant will begin in the spring, but cannot be completed until two years. The report has gained credence, but cannot be confirmed either at the shipyard or at the offices of the Old Dominion Land company.

Convict Admits His Sin.

CHICAGO, Jan. 6.—Bruno Pulhan, who murdered Mrs. Nellie Armin, but escaped the gallows because the jury did not believe him guilty, has acknowledged in the Joliet penitentiary that he stabbed in sanity at the time of his trial. The prison physicians believed the prisoner, who was given a life sentence, was sane, and they applied several tests, one of which was the application of electricity. After three days' experience under the pulhan is said to have surrendered and admitted the deed.

Personal Paragraphs.

A. D. Sears went to Kansas City yesterday. Mr. F. Clifford of Boston is in the Her Grand. F. W. Scott of Chicago is at the Her Grand. Colonel A. Hartsuff of Fort Sheridan, Ill., is in the city visiting her parents. Mrs. R. E. Wilder of St. Joseph, Mo., is in the city visiting her parents. Ex-Governor James E. Boyd is sick, suffering from an attack of the grip. Mr. and Mrs. Charles A. O'Donnell of Chicago were in the city yesterday. F. E. Booth, a prominent San Francisco attorney, was in the city last evening. L. H. Semper, the confidential man of a New York syndicate, was in the city. C. F. Claiborne of Denver and J. H. Claiborne of Glenwood are at the Her Grand. Bury Basnet of New York, manager of the "Why Smith Left Home" company, is in the Her Grand. William Morris of New York, star of "Under the Red Rose" company, has apartments at the Her Grand. C. H. Bowen and C. R. Crawford, prominent St. Louis carriage jobbers, and S. Moore, their head salesman, are at the Murray. E. V. Wilson, the London, Eng. agent of the Union Pacific, was in the city yesterday, accompanied by his sister, Miss Esther Wilson of San Francisco, on his return home to England. At the Murray: G. B. Barnes, H. O. Harris, Kansas City; A. M. Langwell, Philadelphia; L. H. Semper, M. C. Bennett, Chicago; J. O. Meyer, Ashland, O.; S. W. Seaver, Boston; C. W. Richardson, New York; A. West, Buffalo; B. H. Leffert, New York; W. J. Wiswall, Kansas City; S. H. Sedgwick, F.
