FLOOD OF BILLS WILL BE INTRODUCED

Members Prepared to Unload a Lot of Measures for Consideration-Complete Resume of the Situation.

Jan. 7.-(Special.)-Both branches of the legislature will be fully or-Wednesday morning and by that time there will be a decided unburdening of overof the senate are to be announced Tuesday and the speaker will probably have named the house committees also by that time. The committees once selected, the legislature is then ready to begin the real work

The question that is causing some uneasiness among the fusion members is, "will there be special committees named on deficiency appropriations?" The deficiencies of the several state institutions are so much more general than usual this year that there is a certainty of a special committee the senate has not made provision for such

a committee. The lists of committees that the senators are making up, so far, are as follows: Judiciary, finance, ways and means, agriculture, highways, bridges and ferries, asylums, industrial homes, reform schools, Home for the Friendless, Institute for the Feeblo Minded, irrigation, labor, revenue, rules, fish culture and game, soldiers homes, insane hospitals, redistricting and apportionment, immigration, mines and mining, manufacturing and commerce, public charities, privileges and elections, live stock and grazing, miscellaneous subjects, medical legislation, miscellaneous corporations, state prisons, university and normal schools, constitutional amendments, education, Hbraries, claims, banks and currency, railroads, school lands and funds, federa relations, public printing, engrossed and envolled bills, counties and county boundaries. accounts and expenditures, military affairs, public lands and buildings, internal im provements.

A COMMON CASE OF PILES. It May Lead to Serious Results.

When people generally understand that all such fatal diseases as fistula, ulcer of the rectum, fissure, etc., almost invariably begin in a simple case of Piles, they will learn the wisdom of taking prompt treatment for the first appearance of trouble in this quarter. The Pyramid Pile Cure will certainly cure every form of piles, itching, bleeding, protruding or blind piles, and hundreds of liver een saved by using this cheap but effective remedy right at the start, because at such a time a single package will affect a cure, while in the old chronic, deep seated

cases, several packages are sometimes neces-sary before a lasting cure is affected. Physicians are using the Pyramid Pile Cure in preference to surgical operations and with uniform success. The remedy is prepared by the Pyramid Drug Co., of Marshall lich., and for sale by druggists everywhere t 50 cents and \$1.00 per package. Send for Free book on cause and cure of

Number of blind children of deef and dumb children of d public lands and buildings, and municipal affairs are the most prominent and are being eagerly sought after, with the possible exception of the committee on university

and normal schools. Senator Prout of Gage has been prominently mentioned for chairman of the judiciary committee, but Senator Van Dusen of Douglas has also urged his claims for that place as strongly as possible. Senator Barton of Johnson at one time had his hopes pinned to the finance chairmanship, but when he remembered that all finance legislation must begin in the house he said he wasn't so particular about it. Senator Alexander of Adams would like

the chairmanship of the committee that ganized and ready to begin law-making deals with the insane asylums. His desire is likely to be gratified. Senator Crow of Douglas may head the committee on misstrained inside pockets as the members cellaneous corporations. President Talbot commence to unload their bills with a rush of Lancaster has been credited with a defor precedence. The standing committees sire to head the caliroad committee, but he announces that he is working for no committee chairmanship, and will be content with whatever the senate sees fit to give

Members of the committee on committee say that no senator is urging his claims for the committee on university and normal schools, which is an important committee, as it deals with matters pertaining to the State university and State normal. This committee will also have the usual number of normal school bills to look after.

The senate and the house have different ideas as to who should constitute the committee on rules. The senators take the ground that the republicans alone should formulate the rules for the session, as they constitute the majority, but the house has given the minority representation on the rules committee. The results will be the same, as the rules determined upon by the

LINCOLN, Jan. 7 .- (Special.)-The Hoxie-Sprecher matter is still a common topic in Lincoln, and in spite of the information given out at the governor's office that there San Francisco, Colonel Stotsenberg having has been no change in the institution at Kearney, the general belief among fusion-2.590 ists is that Hoxle has been marked for the slaughter. They believe that the denials now being made are because of the numerous criticisms leveled at the governor and that after a decent length of time and a pretense of a hearing Hoxie will have to go 419 to make room for Sprecher. In commenting on the matter the Lincoln Post, the popo-

giving it. "It also seems natural that persons should recall the authorized statement made by the new governor recently of what his policy would be with reference to appointments. His declaration of purpose to preserve the integrity of the anti-third term rule received universal endorsement, but no one expected it to take the form of removing man like Mr. Hoxie, who does not come within the rule and who, many believe, has merely been victimized by the plots of ambitious underlings. It is perhaps permissible to hope that the hasty and illadvised initial act of the new governor

Mr. and Mrs. A. J. Sawyer of Lincoln have, since December 31, 1891, received their friends every New Year's eve. As the list of guests is kept from year to year and no former guest is ever omitted, the occasion partakes of the nature of a reunion. On New Year's eve, 1898, the program opened with the minutes of the first meeting held eight years ago. Several of those present at the original gathering were unable to be present at the last reunion. The absence of Prof. and Mrs. Hazzen of Boston was especially regretted. Each guest was expected to answer by quotations the question What is Life?" Several of the absent members, unable to respond in person, sent their quotation by letter. Mrs. J. S. Briggs of this city, who was present in 1891, read some verses of her own composition, after which Chancellor McLean gave a very able address on "Education in the New Era of Expansion." Those who assisted Mr. and Mrs. Sawyer in receiving were Judge and Mrs. Munger of Fremont, Marshal and Mrs. Thummel of Grand Island, Mrs. John S. Briggs and Mr. Rush of Omaha.

A lady living in West Eaton, Madison Co., N. Y., Mrs. Mattie A. Walker, in a recent letter to Dr. Pierce, says: "I write to inform you what your remedies have done for me; but they have helped me so much that I know not where to commence or where to leave off, as I had such a complication of ailments. For three years I had such bad spells I thought that if dying was only just a sleep I did not want to wake and suffer again; I would be glad to have death come any night. I got so discouraged it seemed as if I could never be well and happy again. I had asthmatic spells towards morning. Sometimes I felt as if I could not get breath enough to live; had dreadful pains in the top of my head, and was so nervous I felt as if something dreadful was going to happen—I could not tell why either. I could write a dozen sheets full and not tell all the dreadful things I suffered from female weakness, coustipation, asthmatic spells, and rheumatic neuralgia.

"I advise all who are suffering not only to use Dr. Pierce's medicines, but to get his advice also, for it has helped me so much I cannot say enough in praise of both the advice and the remedies. I look on your medicines as being a God-send, and will ask God to guide suffering humanity to the right relief."
