GRAINS DEPRESSED AND PROVISIONS UP

Attempt to Bull Corn Market Fails Oats Rule Firm and Higher Prices for Hogs Strengthen Provisions.

CHICAGO, Jan. 10,-A light speculative demand today and bearish news, the mestic and foreign, caused a decline in wheat. May closed %c lower; corn lost 14c and oats left off a shade lower; pork and ribs advanced 5c each and lard gained 23c.

Weakness and lower quotations at Liverpool, notwithstanding the firmness displayed here yesterday, started wheat a triffe lower. There were a few buying orders at the start, however, and as there was very little wheat for sale May, which was very little wheat for sale sale with the sale was very little wheat for sale sale with the sale was very little wheat for sale sale with the sale was very little wheat for sale sale with the sale was very little wheat for sale sale was very little wheat for sale sale with the sale was very little wheat for sale sale with the sale was very little wheat for sale sale with the sale was very little wheat for sale sale was very little wheat sale was very little wheat willing of 16 Mills at Liverpool, Chicago of the way prices began to weaken and May sank irregularly but determinedly to 70%4070%c. Heavy arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way arrivals was given as the cause of the way are was the way are was a way to the way are a decline of 14@14d at Liverpool. Chicago received 14 cars, eight of which were contract. Receipts in the northwest amounted to 430 cars, compared with 337 for the corresponding day a year ago. Primary western market receipts were 677,000 bushels, against 335,000 last year.

Bradstreet's reported 131,000 bushels increase the same week of the previous year. Seaboard clearances of wheat and flour were smaller than their recent average, amounting in wheat and flour to 415,000 bushels. Speculative activity from the outside was sadly and conspicuously absent and even the local crowd appeared tired of trying to guess the next vagary of a market swayed alternately by a dull shipping demand and certain possibilities connected with European dependence on this country for supplies. received 141 cars, eight of which were con-

With European dependence on this country for supplies.

Russian stocks of wheat were reported at 1,334,000 bushels, against 1,500,000 bushels a year ago. More favorable weather was reported from Argentine and the crop situation there was said to have been greatly improved, with prospects of a large export from that country. The market was depressed by the average bearishness of the information and May declined to 70½10½.

A poor cash demand and a large accumulation of stocks weakened corn. There was a half-hearted attempt early to buil the market, but offerings were plentiful and buyers were very readily accommodated. Puts yesterday were close to the market and they tended to prevent any important breaks. Receipts were large—757 cars, May opened ¼0½c lower at 30½036¾c.

With no selling pressure and a scattered cutside demand for July, oats ruled firm. The range was small and prices just about held their own. May bean ¼c down at 27¾c, sold sparingly at 27½027½c, rallied to 27%c, and closed at 27¾27½c, rallied to 27%c, and closed at 27¾27½c, rallied to 27%c, sold sparingly at 27½027½c, when improved to \$10.002710.00224 at the close. The range in lard and ribs was narrew.

Estimated receipts for Wednesday; Whent 160 cars; corn, 750 cars; oats, 180 cars. The first state of the corn, 1000 cars. The corn of the cars of the ca

An improved export demand for meats and higher prices for hogs strengthened provisions. Re-purchasing by commission houses who were recent sellers was also an influence. The early advance was modified somewhat by the heaviness of grains, but some of the day's gains were still adhering to the market at the close of the session. May pork opened 5671½c nigher at \$10.006 | 10.056, sold at \$10.05610.074. weakened to \$10.05610.0

OPERATIONS IN STOCKS AND BONDS. Tuesday the Fifth Million Share Day in Fifteen Years. NEW YORK, Jan. 10.—For the first time million-share day in fifteen years.

Practically all the rallways, except Atchison preferred, showed gains of a point at one time or another in the day. In the late selling movement, when the specialties were hammered, some of the advances were lost and in special cases, as in Missouri Pacific and Kansas & Texas preferred, the entire gain was wiped out. Most of the grangers touched the highest prices yet reached in the current movement. The most conspicuous advances among the railways were the Great Northern preferred, which touched the extreme of 54 points, and Manhattan over 3 and Reading 2 points each. Practically all the railways, except Atchi-

and Manhattan over 3 and Reading 2 points each.

The extreme rise among the specialties was that of New York Air Brake, 10½ points, while Standard Distilling, Standard Rope and Twine and Bay State Gas were very strong. Sugar, Tobacco, Federal Steel, American Spirits and Laclede Gas lost ground. There was a tone of confidence at the opening, although there was evidence of much foreign and domestic realizing, which, in spots, brought recessions, which, however, were generally quickly recovered. The prices of most international stocks were shaded and it was estimated that London sold some 50,000 shares, mostly Atchisons, while there were some purchases from that quarter of Chesapeake & Ohio, and Southern Rallway. Altogether it is estimated that the arbitrage business of yeaterday and today footed up to 190,000 shares.

A number of high grade bonds were sold for continental account. Locally traders and commission houses were considerable A number of high grade bonds were sold for continental account. Locally traders and commission houses were considerable purchasers of some stocks, while they realized on others. Favorable forecasts of probable action on the Louisville dividend tomorrow brought support to that stock. It was said that the New York Air Brake company had secured the contract for equipping, in part at least, the New York Central railroad with air brakes, and to this may be attributed the sensational rise of the Air Brake stock. Much attention was given to other specialties and the low-priced railways.

of the Air Brake stock. Much attention was given to other specialties and the low-priced railways.

The rise in Manhattan was accompanied by the story that the money for equipping the road with electricity had been raised and that the Walker company would get the contract. At one time some selling resulted from talk that the banks were using extraordinary discrimination in making loans on collateral, but later interviews with bankers were disseminated tending to show that liberal terms were offered on proper loans. California shipments of money to this center, which had considerable influence on the market last week, were said to be continued. Some of the most important interests in the street were prominent buyers on the early reaction. These purchases were largely confined to the grangers. This was accompanied by some realizing in other quarters of the market. The advance in General Electric was said to be on progress made in negotiations for the consolidation with the Westinghouse company. Federal Steel was heavy and less prominent than usual in the day's business.

Transactions in bonds were at least \$3,000,000 below yesterday's total and there is also an absence of the violent unward move-

situation being less disquieting and the market being supported by the firmnessy prevailing on the London Stock exchange. International securities were substantially hardened and Rio tintos recovered in sympathy with the upward movement of copper. DeBeers mines were firm in consequence of favorable overcarrying into London. Three per cent rentes, 10if 42½ for the account; exchange on London, 25f 18c for checks. Spanish 4s closed at 46.61.

BERLIN, Jan. 10.—Prices were harder on the bourse here today, owing to the strength shown by the New York market. Italian securities recovered on the information published by the Rome Tribuna regarding the situation in Africa, Spanish 4s were maintained, Americans and Canadian Pacifics were strong and Argentines improved in response to the gold premium.

Market should be rather slow, as selects were connected to were barder on concession than they were compelled to.

The market should be father slow, as solves were concession than they were compelled to.

The market should be father slow, as solves were barder on cows and heifers was active and fully steady, in spite of the decline on fat cattle and the large offerings. Buyers all seemed to want supplies and they were out early and had the pens practically cleared in good season. Bulls also brought fully steady, in spite of the decline on fat cattle and the large offerings. Buyers all seemed to want supplies and they were out early and had the pens practically cleared in good season. Bulls also brought fully steady, in spite of the decline on fat cattle and the large offerings. Bulls also brought fully steady, in spite of the decline on fat cattle and the large offerings. Buyers all seemed to want supplies and they were out early and had the pens practically cleared in good season. Bulls also brought fully steady prices, some would say strong, and the supply steady prices, some would say strong, and the supply stead

Wool Market.

LONDON, Jan. 10,—WOOL—The arrivals of wool for the first series of wool auctions scheduled to open on the 17th closed with the following wool available for the sale: New South Wales, 2,060 bales; Queensland, 32,060 bales; Victoria, 41,200 bales; South Australia, 15,400 bales; West Australia, 10,600 bales; Tasmania, New Zealand, 27,300 bales; Cape of Good Hope and Natal, 54,500 bales; Cape of Good Hope and Natal, 54,500 bales, making a total of 242,500 bales, Deducting from this amount 33,000 bales Australasian and 40,000 Cape of Good Hope and Natal forwarded direct, and add 20,000 bales held over, will make the total net amount of wool available for the series of 189,500 bales. The series will close February 2.

BOSTON, Jan. 10.—The turn of the year has shown a rather quiet tone to the wool market, but the tone of the market is steady and the buyers in need of supplies are paying about former prices. The outlook appears favorable. Manufacturers are preparing for the opening of heavy woolens and it looks as though the sale would reach large figures, but there is little doubt but the goods will be opened low. The larger bustness at present is noticeable in territory wools and the sale of Texas, California and Oregon, being about 1,500,000 lbs. Fleece wools hold steady, but offerings are moderate as a whole. Medium unwashed fleeces continue in steady demand and a fair amount is being disposed of from week to week on about the same basis of prices. Australian wools hold firm and considerable inquiry is noted from week to week, Other foreign fine wools are in moderate supply and firm in price. Carpet wools are held steady, but the sale is yet slow.

Prices for the leading descriptions are quoted as follows: Ohio and Pennsylvania, X and above, 21c; Michigan, Wisconsin, etc., 21c; unwashed medium, etc., Kentucky and Indiana, one-quarter-blood combing, 20021c; Texas wools, spring, medium, 17418c; territory wools in Michigan, Wisconsin, etc., 21c; unwashed medium, etc., Kentucky and Indiana, one-quarter-bl Wool Market.

4. 852 3 75 55.1004 4 10

HOGS-Today's receipts of hogs at this point were considerably larger than a week ago in spite of the fact that the market is lower now than it was then. Other market points also reported good runs-Chicago 26,000, Kansas City 18,000, St. Louis 11.500 and St. Joseph 4,000. The provision market yesterday was no higher, and, with liberal receipts at all selling points, it would not seem as if there was any good reason for any marked advance. However, packers evidently came to the conclusion all of a sudden that they wanted the hogs and there was a general strengthening of prices all along the line.

The market here was 5c higher on the general run of light and mixed loads and

ignoc higher on the best heavy. Moreover the demand was very brisk at the advance and the hogs changed hands as fast as the buyers could get to them, so that practically everything in the yards was sold early in the morning. Good light and light mixed loads sold largely at \$4.45 and up to \$3.50, as against \$3.40@3.45 yesterday, some right good Oregon hogs going at the latter price. Good heavy and heavy mixed loads sold at \$3.50@3.52½ very largely, while yesterday the same kind went at \$3.55@3.50. Some prime but her weights brought \$3.52½ @2.55 and some prime heavy \$3.60. Common light and trachy hogs are very poor sellers, as has been remarked every day for a week or more, and shippers would do well to look out for them.

It will be noted that the hogs today sold at a wider spread than for a long time past and that the difference between light and heavy is growing, with light at the bottom. There are only a few light hogs arriving at this point, but the very low price at which that kind is selling in Kansas City is depressing the market here. Today there were two double decks in from there for packers and one double deck from Sloux City. Local packers were offered by wire choice assorted light at Kansas City this morning at \$3.25, which was way below what anything of the kind sold for on this market.

Today's advance helped to make up a part of the loss in values last week, but the market is still below what it was one week ago, as will be noted from the table of average prices at head of column. Representative sales:

No. Av. Sh. Pr. No. Av. Sh. Pr. resentatitve sales:

Offerings of Cattle Are Poor and the

of cattle marketed today was poor. Buy-ers were inclined to wait for more desir-St. Louis. (Signed) P. J. SOURS. able offerings, and the market dragged at previous prices. Sales were on a basis of \$4.00@4.25 for common, up to \$5.50@5.80 for the best kinds received. A few fancy steers sold at \$5.80@6.00; mediums, \$4.80@5.10; beef steers, \$4.00@4.75; bulls, \$2.50@4.25; cows and helfers, \$3.30@4.10; western fed

cows and helfers, \$3.3064.10; western fed steers, \$4.0065.60; Texas steers, \$3.2564.75; calves, \$3.5567.00.

Trade in hogs were quite animated at an average improvement of 5c and some especially attractive offerings soid at an advance of 7½c. Hogs soid all the way from \$3.35 for the commonest light up to \$4.10 for heavy, with the bulk of sales at \$3.6562.3.75. Fair to choice, \$3.8563.80; packing lots, \$3.4563.62½; mixed, \$3.4563.70; butchers, \$3.45.63.75; lights, \$3.3563.67½; pigs, \$3.50.

There was a fairly active demand for sheep and prices ruled steady for lightweights, but heavy lambs and sheep showed a decline of 5610c. Native sheep sold at \$2.7564.15; ewes, \$3.3563.60; heavy sheep, \$3.80 (23.90; yearlings, \$4.0064.65; lambs, \$3.7565.125; Cattle 2.660 head; heavy \$6.000. (73.90; yearlings, 31.002.10.7) 5.122. RECEIPTS—Cattle, 3.000 head; hogs, 25,000 head; sheep, 16.000 head.

SCHEME TO PAY OFF CUBANS

Proposal is to Use Portion of Custems Revenue for the Army.

REVOLUTIONARY FORCES TO DISBAND

Delegate from Cuban Assembly Denies the Story that Gomess is Unfriendly to the Americans-Occupation a Necessity.

NEW YORK, Jan. 10 .- A special from Washington says: Dr. Jose Antonio Friar, chairman of the finance committee of the Cuban assembly and one of the leading lawyers of the island, has arrived in Washington and will present to the Department of State a plan for the settlement of the financial system of Cuba. This plan in-cludes a method of appropriating certain revenues toward the payment of the Cuban soldiers when they are disbanded and other financial measures for the relief of the poor. Dr. Friar is a leading candidate for the appointment of chief justice, although it is asserted that his mission in Washington at this time is not to further his candidacy for that office, but is solely for the purpose of

presenting his financial plans. "In addition to the financial scheme which we have proposed," said Dr. Friar, "Dr. Capote, president of the Cuban assembly, has, with others, worked out an admirable plan for the government of the island, drawn from the knowledge of the existing laws and practices of the courts and various local offices, and which will be submitted to the United States.

"Already General Brooke has surrounded himself with some of the ablest Cuban leaders as advisers. They realize that for the present American intervention is necessary. The leaders have become reconciled to it and the great mass of the people are steadily coming to take this view of the matter. I regard it as necessary, however, that Cubans should be made the police officers in all the large cities for the reason that they understand the people, know who the malefactors zie, are able better to apprehend them and prevent trouble than the Americans.

"General Gomez has been grossly misrepresented in a great many respects. I have reason to know that he is not anti-American, as has been charged against him. The statements that he has opposed American intervention I know to be absolutely and maliciously false. General Gomez is a true patriot; he has made as many sacrifices as any living or dead for the cause of Cuban independence and in this statement I am in no way belittling the grand efforts and the noble sacrifices of the many martyrs to the cause of Cuban liberty. Patriot as he is, he realized that American intervention at this time is a necessity. He sees it as do other Cuban leaders and as it is a necessity he not only tolerates it without objection, but is in favor of it."

SEVERAL AFTER THE HONOR St. Louis in the Lead for Location of the Louisiana Purchase Celebration.

ST. LOUIS, Jan. 10.—Delegates from nearly all the states and territories in the "Louisiana purchase" have assembled in St. Louis in response to an invitation of Governor Stephens, to decide upon the place and manner of celebrating the one hundredth anniversary of that important event in history. It was expected that the question would be settled today, but owing to the fact that delegates from Colorado and Minnesota have not all arrived and will not get in until late this afternoon it will probably go over until tomorrow. Governor Stephens will not be able to attend the convention, but has designated Attorney General Crow to act in his place. The majority of the delegates presnt express themselves in favor of select. ing St. Louis as the city in which to hold the celebration. New Orleans is in the field for the honor and its delegates are working hard. Denver was also an aspirant, but is now out of the race. From Kansas City the Colorado delegation, enroute to St. Louis, re-CHICAGO LIVE STOCK MARKET. ceived the following shortly before moon to-

J. B. Hunter and myself, delegates from Prices Drag.

CHICAGO, Jan. 10.—The average quality

Denver, will arrive in St. Louis at 6:15 p. m.,

Tuesday. If question of place occurs today,

John C. Wilkinson, president of the Business Men's league of St. Louis, called the convention to order in the parlors of the Southern hotel shortly after noon. Bishop D. S. Tuttle eloquently invoked the divine blessing, the delegates rising. The call of the convention was read by Colonel F. M. Sterrett. On behalf of Governor Stephens, who was unable to be present, Attorney General Crow delivered an address welcoming the delegates to St. Louis. Hon. John Fitzpatrick of New Orleans was then introduced as temporary chairman, with Joseph Cox of St. Louis as secretary. After the appointment of committees on credentials, permanent organization and resolutions, a recess for lunch was taken.

Recommend Treaty Ratification. SALEM. Ore., Jan. 10.—The senate has passed a joint resolution recommending that the treaty of peace between the United States and Spain be ratified by the United States senate without amendment.

Coffee Market.

NEW YORK, Jan. 10.—COFFEE—Options opened steady, unchanged to 5 points lower and during the balance of the session showed little further change, with speculation tame and important new features lacking, buying checked by heavy receipt, disappointing European cables, indifferent spot demand and the enormous amount in sight for this country; selling checked by broadening warehouse deliveries; closed firm for changed to 5 points higher. Sales, 9,500 bags, including February, \$5.50; March, \$5.60; July, \$5.85; August, \$6.00; September, \$6.00; 6.05; October, \$6.00; Color, \$0.00; November, \$6.10; December, \$6.15. Spot coffee, Rio, 810; December, \$6.15. Spot coffee, Rio, 716c, Mild, steady; Cordova, 7%, 7915c. Coffee Market.

New York Dry Goods Market.

NEW YORK, Jan. 10.—There was no development of importance in the dry goods market today. The demand continued moderate in all departments, but the tone shows as great strength as before. The rise in the raw cotton market is regarded as a further supporting influence. Local jobbers report a good business in spring cotton dress fabrics. Woolens are quiet in most directions for men's wear. Pacific all wool cashmeres have advanced 2½c to 5c per yard. Pitht cloths are strong with an unward tendency. upward tendency.

NEW YORK, Jan. 10.—SUGAR—Raw, firm, but not quotably higher; fair refining, 3 13-18c; centrifugal, 96 test, 4 5-18c bid; molasses sugar, 3 9-16c. Refined, steady. NEW ORLEANS, Jan. 10.—SUGAR—Quiet; open kettle, 2%@3½c; open kettle, centrifugal, 3 9-16@4c; centrifugal, granulated, 4 9-16@4 5-8c; whites, 4½@4½c; yellow, 3½@4 5-16c; seconds, 2½@3½c, Molasses, steady; open kettle, 20@32c; centrifugal, 6@18c; syrup, 20@24c. Sugar Market.
