"This is caused by the fact that the council makes the levy on the wrong theory. It goes on the basis that the entire tax levy will be collected annually. If this were true, there would be no deficit in the fund, as the Grand. amount levied would be sufficient to care for all interests that accrues. As a matter of Grand fact, but 75 per cent of the levy is collected any year and the consequence is that 25 per cent of the matured interest must be paid Grand. through the medium of outstanding warrants. A portion of the 25 per cent unpaid tax is collected in after years, but there is Grand. always a part never collected and this ller Grand. forms a deficit, which grows larger year after year."

lard. All of the complaints against Theodore Gallagher and Harry Gibson, charging them with gambling and keeping a gambling room, were dismissed by Judge Gordon on motion of Assistant County Attorney Thomas. Gallagher and Gibson were ar rested last month with a party of friends at their rooms, 908 North Sixteenth street. Four charges were filed against them. The first, that of gambling on private premises, was dismissed last Saturday on motion of Mr. Thomas, who recognized the lack of jurisdiction. One complaint against Gibwas charged with gaming, was dismissed first. The defendant's attorney asked for the dismissal of the other two complaints, that of keeping gaming fixtures and keeping a gambling room, and after consulting the police the cases were dropped. Marie Sloan, who was arrested on the

charge of soliciting, was discharged. Mickey Krowl entered a plea of guilty to stealing Edwin Jackson's bicycle and was sentenced to thirty days in jall.

Reed Yates was discharged by the court. as in Judge Gordon's estimation there would not be sufficient evidence to convict him in the district court of the theft of a sealskin cap from the person of Robert Guild.

B. E. Gantz lodged a complaint against Mabel Nash of 1204 Dodge street, whom he accused of stealing a pocketbook containing \$37.79 in cash from his person. ORGANIZING FOR BUSINESS

Taxpayers of Second, Fourth and Seventh Wards Join Forces and Propose to Get Improvements.

A new kickers' club was born Wednesday night at Twenty-fourth and Leavenworth streets, through which some of the taxpayers of the Second, Fourth and Seventh wards propose to develop a vigorous sentiment in favor of a viaduct at Twenty-fourth street and such other improvements in that locality as may suggest themselves from time to time. The organization has not been christened, but this will be attended to

at the next meeting, when a constitution and by-laws will be adopted and the organization further perfected.

The initial meeting was attended by abou twenty taxpayers and was organized by the election of W. H. Green, president; C. W. Haller, vice president, and Byron R. Hastings, secretary. Measrs. Haller, Yates and Freeman were designated as a committee to prepare a constitution and by-laws and submit them for consideration at the next meeting. Aside from this no business was transacted, but there was an informal discussion of the purposes of the club and it was the general sentiment that it could be made a means of bringing about some needed improvements. The club will meet every Wednesday night and will take up all
