

BAACON OPPOSES EXPANSION

Points Out the Perils Which Lie in Path of Proposed Policy.

BID GOODYBY FOREVER TO TRANQUILITY

Means that United States Will Be Entangled in the Old World Troubles—Indirect Effect on Our Own Internal Affairs.

WASHINGTON, Jan. 18.—The feature of today's session of the senate was a speech delivered by Mr. Bacon, democrat of Georgia, in support of his resolutions declaring that the United States would not assume sovereignty over the Philippine islands.

Following Mr. Bacon the Nicaragua canal bill was taken up for reading and discussion until adjournment, and until the last minute it seemed a vote on the measure would be had this afternoon.

Mr. Davis, chairman of the committee on foreign relations, withdrew his notice yesterday of an executive session today on account of the announced speech of Mr. Bacon of Georgia.

Mr. Perkins of California called up the resolutions providing for the admission to the naval academy as students of Ricardo Yglesias of Costa Rica and Alberto Venezuela of Montoya of Colombia.

Mr. Bacon of Georgia then called up his anti-expansion resolution. Mr. Bacon of Georgia addressed the senate upon his anti-expansion resolutions, which were presented last week.

Of all the great powers of the earth, the government of the United States is the only one that contends for the right in the people of self-government. It is the only one that practices this principle, when they impose their dominion on an unwilling people.

There is not a civil official of the government who will admit that he favors such an act. There is not a public man in the country who will admit that he favors the enslavement of a people.

Mr. Bacon referred to the urgency of the English press that the United States should retain the Philippines and said that the English motive was selfish.
