Chief Caught in the Act.

Officer Swanson made a good catch yesterday evening. While patrolling his beat on Broadway he noticed two suspicious looking men enter Simon & Johnson's tailor shop. He decided to keep an eye open, so taking up a position behind the counter, where the window he watched. He had not long to wait before he saw one of the men slip a couple of bolts of cloth under his long ulcer while his partner kept Johnson, who was alone in the store, in conversation. As the men left the store Swanson collared the fellow with the goods, but the other man ran and managed to get away. He took the man straight back into the store and Johnson at once identified the goods as part of his stock and said they were worth about \$40. When taken to the station the man gave the name of James Ryan, but declined to give any account of himself. He is a boy 30 years of age and it is believed he was recently released from jail in Omaha. His partner could not be found last night. Ryan was booked on the charge of larceny from a building in the night time, which is a penitentiary offense.

CHARGES AGAINST JACKSON

County Supervisors Hear Evidence and Take Case Under Advisement.

NOTHING SENSATIONAL IS BROUGHT OUT

Investigation Into Official Conduct of Overseer of Poor Jackson Consists Principally of Arguments by Attorneys.

The hearing of the charges preferred against T. C. Jackson, overseer of the poor for Kane township, before the county supervisors yesterday, attracted considerable attention, and when the board convened in the morning the room was well filled with interested persons and spectators. The hearing failed to develop anything of a sensational or even serious nature and the investigation throughout, except for the occasional sparring of the attorneys, proved a decidedly tame affair and after hearing all of the evidence, the case was taken under advisement. The two sides which had filed the charges with the board were represented by Attorneys L. W. Ross and Spencer Smith, while Overseer Jackson's interests were looked after by Attorney John Lindt.

Most of the morning session was taken up by the attorneys on discussions as to the manner in which the investigation should be pursued. In consequence only three witnesses, Dr. F. S. Thomas, Chief of Police F. A. Bixby and Dr. T. B. Lacey, city physician, were examined. At the afternoon session Mrs. Ryerson, superintendent of the Woman's Christian Association hospital, and Mrs. O. H. Lucas, president of the association, were the only two witnesses examined.

In his opening address to the board, Spencer Smith called attention to the particular charge filed against Overseer Jackson, which he urged showed that Jackson did not exercise a wise discretion in the discharge of his duties, and that he was subject to the control of the board, therefore subject to its direction, the supervisors should see to it that his duties be so defined and restricted that the acts complained of will not occur again. He urged that the want of discretion shown by Jackson was such as to justify the board in no longer retaining him in the position of overseer of the poor, particularly as it was the board which had appointed him to the office.

The park in question was taken up by the attorneys on discussions as to the manner in which the investigation should be pursued. In consequence only three witnesses, Dr. F. S. Thomas, Chief of Police F. A. Bixby and Dr. T. B. Lacey, city physician, were examined.
