Portion of the Receipts.

cially Announced, it is Expected that it Will Go Into Effect Last of the Month.

South Omaha packing houses will be interested in the news of a reduction of reported that the total issue of new 4 per freight rates on packing house products for demestic use, which is unofficially an- of \$25,000 a mile on 1,400 miles of road, the nounced from the east. A meeting of the Kansas City & Northern connecting railroad, presidents of trunk lines was held in New the Omaha & St. Louis, the Omaha, Kansas York City last Tuesday, and it is said these City & Eastern, and the Quincy, Omaha & officials agreed upon the reduction in this Kansas City roads being included in the class of freight from Chicago to the east. The system. The plan provides for reducing the benefit will apply only to products intended fixed charges from \$1,250 per mile a year to for eastern consumption, as the new rate \$1,000 a year, which on the main line and will not be lower than the rate for export. the terminals of the Pittsburg & Gulf The new tariff has not been officially proper would result in a reduction in fixed promulgated, nor is it known in this city charges fully \$200,000 a year. when it will be.

Local freight men have heard unofficially that the reduction has been agreed upon, but have heard nothing through official channels, so they are at present about as much in the dark as to the full scope of the change as the general public. However, the present rate on packing house products for domestic consumption from Chicago to the east is 30 cents per 100 pounds, and the new rate will be 25 cents. There will be no City & Pacific, soon to be sold, it will change in the rate from Omaha to Chicago, but on all shipments to eastern points the packing houses here will be benefited, and that constitutes the larger per cent of their business. The new rate is just the same as the export rate has been, therefore, on exported products, there will be no benefit to be derived.

It is also reported that a reduction will be made on oats, reducing the rate from Pass & Yukon railroad, is here on his way Chicago east from 20 cents to 171/2 cents, and corresponding reductions are believed to pleted from Skagway to the summit of have been made on cattle and live hogs, all of which will be felt in the west when shipments are made of the higher grades or stock. The exact figures on these lines, however, are not known. It is suspected that the new rates will go into effect February fl, although on this point it is all conjecture.

HAULING SOLDIERS TO THE COAST.

Twenty-Second Infantry Divided Between Three Roads.

Only three roads put in bids for the transportation of the Twenty-second infantry from Fort Crock to San Francisco. These were the Rock Island, Missouri Pacific and weeks' trip to the east. the Burlington. The Union Pacific was not represented. The bids were opened by Captain Baxter, quartermaster of the department, and as they were alike in amounts, the contract will be divided among them.

The Burlington will get four companies and the freight, and each of the other roads four companies. The Burlington will de-Hver its trains to the Union Pacific at Cheyenne or Denver for transportation to Ogden. and the other roads will use the Denver & Rio Grande to Ogden.

The rate will be \$15 per capita, and 75 cents per 100 pounds of freight, to Ogden, and from that point baggage and passengers will be carried to on February 20. San Francisco over the Southern Pacific. There will be no direct change for this latter haul, as the Southern Pacific is a bond-aided road and the amount of the transportation will be amount of the bond-aided road and the amount of the transportation will be credited up on its account with the government. The wives and children of the officers and enlisted men will be transported free to Ogden, and known to local railroad officials. from there to the coast the charge will be \$13.80 and \$11.50 respectively for first and

13.80 and \$11.50 respectively for first and manager of the Oregon Short Line, and S. econd-class fare. W. Eckels, general traffic manager of the Captain Baxter estimates that the transsecond-class fare.

be refunded into a 4 per cent bond. It is if the Council Will Levy a Tax proposed to give the holders of a \$1,000 5 per cent bond a new 4 per cent bond to the value of \$850 and preferred stock to the extent of \$250. The preferred stock is to bear 3 per cent for a certain period, when it be comes a 4 per cent bearing security. It is The Board of Education last night proved to be a little more moderate in its demand cent bonds will be \$35,000,000, or at the rate for a levy for school purposes during 1899 for a lump sum of \$442,200. If from this is deducted the amount that the board estimates will come in from liquor licenses. fees and other miscellaneous sources, \$259,-031.77, the council will be required to raise by taxation \$183,168.23. On the 1899 as-

sessment returned by Tax Commissioner 000, this will be about equivalent to a levy Railroad Extension Probable. It is reported from Chicago that President mills. Hughltt of the Northwestern has assured Sioux City people that the construction of the Moville extension is on the company's program, and will be constructed as soon as his road owns a line from Sioux City to Missouri Valley. Mr. Hughitt's statement is

the running expenses of the year to wipe generally accepted as meaning that unless the Northwestern secures title to the Sloux parallel the latter line. There is no likelihood that the Northwestern will make a higher bid for the Sioux City & Pacific than the cost of paralleling would amount to.

It is scarcely necessary to dilate at length here upon the advantages of reatment of catarrhal troubles of head, throat, Eustachian tubes, bronchial tubes, and lungs by inhalation of medicated vapor. Dr. Shepard discovered that all the treatments were too severe, too harsh. He found out in trying to solve the problem of curing these troubles that the doctors were driving their remedies in with too much force; they were producing irritation instead of allaying it; and he determined that his New Treatment should be administered as mildly and gently as possible. The thousands of cures of old, obstinate cases of Deafness, Noises in the Ears, Catarrh of the Head and Throat, Bronchial Catarrh and beginning Lung Trouble, cases in many instances considered incurable, attest the wis dom of the New Method.

DURING THE MONTH OF JANUARY Dr. Shepard will presentto every new patient and every old patient alike, who renews treatment,

able resources for the year it makes this item about \$53,000 less, it is evident that the board is decreasing its debt by this amount and the \$442,200 is to be used for running This is shown in a couple of statements that were drawn up by Secretary Gillan upon

which the calculations were made. This first table shows the liabilities of the board and the probable expenses for the year, com-

w. Eckels, general traffic manager of the same road, have arrived in Omaha from the east. They have been to New York on business for the company and are now on their way home. They traveled in the Oregon Short Line special car No. 5, which was ather to the fast malls west. This train, by the way, was an hour late out of Omaha formation.
 A suit has just been brought in the transmission of the trans

A suit has just been brought in the United States court in New York City by C. H. Ven-ner which has for its purpose a delay in the transactions looking to a union of the Union Pacific and Oregon Short Line roads. The nature of the action brought is not known here, as the legal department of the Union Pacific has had no information regard-

ing it except that contained in the press dis-patches. The Venner who brings the suit is the same man who had so much litigation with the water works with the water works company in this city, some branches of his case being yet in the United States court.

General Attorney B. T. White of the Elkappear before the United States court of appeals to argue the bond case from Holt county. This suit was tried before Judge Munger in the court here about a year ago.

It involved the validity of railroad bonds voted by Gratton township in Holt county. The bondholders brought action to compel the county commissioners to make a tax levy to provide money with which to meet the bonds. The Elkhorn is only indirectly inbonds. The Eiknorn is only indirectly in terested in the suit as a taxpayer in Holt county and is opposing the action of the bondholders. The bondholders won the case before Judge Munger and it has been taken levy to the court of appeals on error.

MINING INTERESTS AGREE

Mutual Concessions Are Made and s Satisfactory Settlement is Probable.

PITTSBURG, Jan. 21 .-- Concessions are being made by representatives of the coal miners and operators on the joint scale committee and the outlook for a satisfactory settlement of the question is more promising than at any time since the opening of the interstate convention. The miners have gained a partial victory in securing a favorable consideration of the eight-hour work day clause in the new agreement. A fight is being made by the operators for a double standard, while the miners insist on the run-of-mine system and the abolition of screens.

The demands of the miners for an advance equivalent to 10 cents a ton under the present screen system may be modified somewhat. The operators' demands for a reduction of 10 cents a ton will not be considered at all by the diggers. The interstate convention met today, and

as the joint scale committee was not ready to report, adjourned without transacting any

## MUCH SICKNESS AT DAWSON

Government to Be Asked for Appropriation to Afford Relief for the Sufferers.

DAWSON, Dec. 22 .- (Via Seattle, Jan, 21.) -The situation here is gloomy. The number of sick is increasing, and the six hospitals are full. The mounted police have donated for the help of the poor some \$30,000 in cash from their treasury. This leaves them with but \$4,000 cash on hand. Commissioner Ogilvie called a meeting to decide on ways and means for relieving the situaout. tion and a memorial asking for aid will be sent to Washington.

It is estimated that \$9,000 a month will be required to pay for the treatment of indigent patients. The death rate this win-ter has been almost as great as in the summer. Several stampedes to new fields have recently occurred, but in each case the gold seekers were disappointed.

Smallpox Appears in Kentucky.

In the following table is shown the probable resources for 1899. The cash in the treasury consists of liquor license money paid in to the amount of \$119,000 before January 1, minus the \$53,000 that was used in taking up outstanding warrants:

discellaneous sources

Total . .....\$442,200.00 Letter to the Connell.

The amount of money that the board wants will be made known to the council in the following letter, although Members Burgess, Black and Hayward, Superintendent of Schools Pearse and Secretary Gillan were appointed a committee to explain further when the council meets to make the annual In pursuance of section 3747 of Cobbey's

Consolidated Statutes of Nebraska of 1893, we have been instructed by the Board of Education of the school district of Omnha to report to you the amount of money that will be required to support the schools of this district and that will have to be expended for the year ending December 31, 1899, as follows:

Total ...\$442.200

Making a total of \$442,200 necessary for the support of the public schools as above enumerated, which amount you are requested to provide. The amount of the deficits arising during preceding years, amounting to \$159,392.91, is not included in the above estimate.

The levy was settled very harmoniously by bare quorum of the board, only nine members responding to the roll call-Bandhauer, Black, Burgess, Cowie, Hayward, Hess Teal, Van Gilder and Penfold. In contrast with his explosion last Monday night, Van Gilder was disappointingly quiet. The only

words he spoke were a yea or nay in answer to the roll call, nor was he urged to say more, for the special order of business for which the meeting was called prevented anything like the "call down" that is re-

ported to be in store for him. The levy matter was reported by the finance committee. This body recommended the letter which will be sent to the ouncil and it also furnished the statement of the expected expenditures and resources When the former statement was first reported the item for the sinking fund was

\$20,000 instead of \$22,000, but the 1898 column shows that in that year but \$18,000 instead of the required \$20,000 was put into the fund. Therefore the difference was made up. There was also an item of \$10,-000 for "construction," which was meant to provide means to construct a new custodians' building, but this item was stricken

Explaining the Expenses. Member Burgess of the finance committee explained some of the items in the expense statement. The increase in the furniture item will be incurred in furnishing the new school buildings that are to be erected this year. The increase in interest and exchange made necessary by the \$250,000 school bonds just issued. In the janitors' item, a

janitor in the proposed new Davenport school ases of smallpox in the pest house at Fort in the item for teachers' salaries is due to the islands than any government this counthe fact that the school year this summer | try could force upon them.

During their stay the missionary fathers will be the guests of Rev. P. J. Judge, the pastor of the church, and those who have questions to ask them may call

FOR AND AGAINST EXPANSION

#### Question Debated at Length at Meet ing of Men's History Club of Castellar Presbyterian Church.

2212 Binney street.

Expansion found a place on the program at the Men's History club at the Castellar Street Presbyterian church last evening. Really it was the feature of the evening. Favorable to the issue an article was read from the Cosmopolitan Magazine written by General Charles F. Manderson of this city about a year ago, and before the issues of the war brought up the question. However, this article contained an argument favorable to expansion and the general asked that it be read as expressing his views on the subject. It dealt largely with the history connected with the Louisiana purchase, the fears expressed by many of the statesmen of that day that the acquirement of this territory would be the beginning of the downfall of the republic, and how the beneficent results of the purchase had more than fulfilled the wildest dreams of its advocates ninety-five years ago.

On the other side of the question G. M. Hitchcock made an address, the central idea of which was that the people of this country had problems enough at home remaining unsolved to occupy their time for several centuries without assuming others unnecessarily. He said there are problems of city, state and national government. There is also the problem of making laws which will regulate and control corporations as individuals are controlled. He held that the annexation of the Louisiana purchase and that of the Philippine islands are two widely different propositions. He said the maintainance of colonial government in connection with a republic is an utter impossibility. Colonial enterprises, he insisted, are solely within the province of monarchies or of governments of absolute

power. At the close of his address he was asked

his ideas of the disposition of the Philippines, and in reply said that was a difficult question to solve, but he thought if this government would tell the Filipinos to take the islands as their native land, and guarantee them protection from outside interference, that they would in time work out a government for themselves which would must be provided for. The \$15,000 increase be more satisfactory to the inhabitants of

of the property owners within thirty days. It was decided to leave the charter provision as it is, giving the council absolute power to order sidewalks laid wherever it deems necessary.

Change Too Sweeping.

The change was more sweeping than the

City Comptroller Westberg, who is a mem-

declared that while the board was primarily

existence. The report follows:

The power of the city to annex surrounding villages was curtailed. At present the charter gives the power to the city, under certain conditions, to annext a mile of territory outside of the existing city limits and to take in cities of the second class if the citizens of both places desire to be consolidated. Under this provision the city can take in villages within the one mile or not. This power was abrogated by an amendment of Mr. Selby, which declares that in cases of villages, also, the inhabitants must signify by a majority vote that they want to become a part of the city before they can be annexed. This provision was adopted to satisfy the residents of Dundee, who fear that they may be forced in the future to shoulder some of the city's taxation burdens against their will under the present charter provision.

The matter of incorporating the initiative and referendum into the charter was placed on file. This disposed of all the amendments that have been presented to the committee and the whole batch was turned over on them at the church or pastoral residence, to City Clerk Higby and the city comptroller to draw up in the form of a bill. A meet ing will be called to consider this bill when it is finished.

Goes to the Supreme Court.

A supersedeas bond of \$60,000 was filed yesterday by James B. Kitchen as executor of the will of Richard Kitchen and resi duary legatee, and Ralph Kitchen, as guardecision requiring J. B. Kitchen to pay to Herbert and Wallace Whalen \$10,000 each in cash, in lieu of the hotel stock turned over to them. The American Bonding and Trust company of Baltimore is the surety. The Whalen boys, through W. D. Beckett, appealed to the district court from the county court. Richard Kitchen in his will provided that within a specified time the hotel stock should be turned over to the boys or the same amount was to be given to them in cash. Mr. Beckett convinced Judge Scott that the period of time designated had elapsed before the stock was transferred to them. The court held that the alternative condition of paying them the money had to be carried out.

### Civil Service Examination.

On February 7, 8, 9 and 10 the Civil Service commission will hold examinations in any city where there is an examining board, which includes Omaha, for the positions of ship draftsman and assistant ship draftsman. The commission is anxious to have as many applicants as possible for these ex-aminations, as it desires to establish an eligible register sufficient to meet the needs of the service, as there are many vacancies now existing. Everybody qualified to take the examination is urged to do so and that they may do so the commission is willing to make almost any concession as to time and place upon proper notification. The age limit for the examinations is 20 years or over. Further information can be secured by addressing the commission at Washington, or the local secretary in Omaha.

Owing to the poor condition of the ice on the lagoon on Saturday the Omaha Curling club did not contest for the president's gold medal, but played an ordinary game, P. L. Forgan's rink winning by 22 to 12 sgainst George Anderson's. The sun came out so sided with her family on a farm southeast bright that before the game was finished there was about an inch of water covering of Exctor. She had been very sick for several months. the rink.

port at the next meeting on an entertain-ment that is to be held in this city some THE PROPER EVENING DRESS. The proper full dress suit this year is little different from that of last year. The standard material is undressed worsted. Fads are undressed worsted in almost in-visible herring bone stripe, sedans in pique patterns. Other usual lines of full dress fabrics are correct. The coat is of medium length, waist about 18½ inches, skirt 37½ inches. The vest is cut "U" shaped, broad and low. Vests, double or single-breasted, White pique vests with pearl buttons are worn. And Krug Cabinet Beer is the cor-rect beverage upon all full dress occasions. The proper dress shoe is of patent leather, cloth top, congress, with mock buttons. Button or lace "patent leathers" are also admissable. Society's own beverage is de-licious-sparkling, healthful Krug Cabinet Lager Beer. The proper dress shirt is a plain bosom, open front and back, with either button-holes or eyclet holes. Dress shirts should always be laundered with domestic finish. No other is so good as Krug Cabinet-the real old-fashioned lager beer-with luncheon at any hour. time during February. It is proposed to rent the Trocadero for the occasion and give a minstrel entertainment, a cake walk and a number of side features.

## **Omaha** Club Election

duary legatee, and Ralph Kitchen, as guar-dian of the two Whalen boys, in an appeal to the supreme court from Judge Scott's decision requiring J. B. Kitchen to pay to unanimously chosen to officiate in that ca-pacity for another year. In the report a material decrease in the floating indebted ness was announced and it was shown that the income of the club exceeded the expenditures by nearly \$6,000. The total member ship is 323, a gain of seventy-one over last year. The income for the year was \$25. 792.19. Following is the Board of Directors for the ensuing year: Charles F. Mander-son, Edward P. Peck, Luther Drake, James K. Chambers, Wilson O. Bridges, W. H. Mc-Cord, Charles K. Coutant, John J. Dickey,

## DEATH RECORD.

John E. Wilbur.

Two Deaths at Stanton. STANTON, Neb., Jan. 21 .- (Special.)-J. J. Appleby, a prominent real estate man

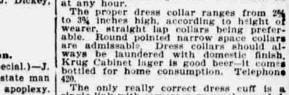

of this place, died today from apoplexy. He was 63 years old and was recovering from an attack of grip at the time of his death. He had just entered his office after dinner when he fell and died a few minutes later. Mr. Appleby was a Mason and for a number of years was superintendent of the Methodist Sabbath school. He leaves a wife, three married daughters and one son, the

latter being the present county clerk. Peter Pilger, one of the oldest settlers of this county and a highly respected German, died here at noon today from old age, being in his 79th year. His aged wife is very feeble and is expected to live but a short

bottled for home consumption. Telephone 420. The only really correct dress cuff is a single link with corners very much rounded, laundered invariably with domestic finish. As a tonic for frail men or women Krug Cabinet is the one known to be perfect. The proper studs may be genuine pearls, always preferable, or next to these German indestructible pearls or plain Roman gold. Studs should not be too large. Hermetically sealed in quart or pint bottles for medicinal purposes. Krug Cabinet beer is indispens-able as a tonic. The proper tie is a narrow white lawn tie, to be tied by wearer. Of course a ready tied bow would be admissable. You'll al-ways find Krug Cabinet beer admissable and eminently correct upon any occasion. Thoroughly reliable. Bear telephone 420 in mind.

Thoroughly reliable. Bear telephone 420 in mind. The proper shirt protector is of black satin, black ottoman or black moire antique silk with quilted lining of Krug Cabinet Lager Beer. The proper glove may either be of white or pearl white, with or without dainty black or self color stitching on back. It is, how-ever, preferable to drink Krug Cabinet beer with an ungloved hand, swallow by swallow. and enjoy its deliciousness. The proper cuff button should match in shade and style button worn in bosom and may be the same color as Krug Cabinet beer if desirable. The proper half hose should invariably be black background and may be relieved by dainty effects in stripes, dots or figures-virtical stripes preferable. Half quarts of Krug Cabinet are admissable for select satherings of two, quarts where the at-tendance is larger. Telephone 420 and get your order in early.
