The soldiers on the Zealandia are said at the War department to be convalescent. The dispatch, like the last received from General Otis, was regarded as satisfactory because he made no mention of any change in the conditions at Manila, such as he would be sure to do had there been any insurgent outbreak.

MADRID CABINET IN SESSION.

**Government's Intentions Relative to** Pence Treaty Outlined.

MADRID, Jan. 26 .- The cabinet met this afternoon under the presidency of the queen regent. The absence of General Correa, the minister of war, was much commented upon and is believed to have been connected with a decision-not yet divulged-reached by the supreme military tribunal relative to General Jaundenez, the Spanish commander bitlon, and O. A. Thorpe of Chicago have who capitulated at Manila and who has been been gazetted knight of St. Olaf. in prison since yesterday, and General Toral, who capitulated at Santiago de Cuba and who is absent from Madrid.

The premier, Senor Sagasta, outlined the government's intentions relative to the peace treaty. He said that information received by the minister of foreign affairs had created the impression that President McKinley feared the treaty would be defeated in the senate and apprehended an obstinate resistance upon the part of the Philippine insurgents against the Americans who desire to deprive them of independence and debase the Spanish goevrnment, which are sufficlent reasons for the triumph of othe antiannexationists in the senate. Therefore the premier insisted that the convocation of

the Cortes should no longer be delayed. The cabinet met again this evening, Senor Sagasta presiding. It appears that the evi-

dence before the court-martial showed that General Jaudenez had sufficient ammunition and food to have enabled him to resist longer. The court ordered his arrest, whereupon he surrendered himself, attired in civilwan dress and accompanied by his son and neveral ministers of state.

It is reported that the court-martial will exonerate General Toral on the ground that he had acted under superior instructions. Bu' Admiral Montejo will be tried for the incompetent condition of his fleet. newspapers assert also that Admiral Cer-
