Bacon Announces He Will Not Push Philippine Resolution to the Point of Delaying Senate Business-Its Bearing on Treaty.

WASHINGTON, Jan. 28 .- A spirited debate was precipitated in the senate today while the diplomatic and consular appropriation bill was under consideration. The appropriations committee was sharply criticised for not providing adequate salaries for some of the consular officers and secretaries of legations of this government in foreign countries and the paralmony of the government in this respect was denounced as a disgrace. Mr. Hale of Maine was in charge of the bill and despite his protests several amendments were incorporated in the measure. The bill was passed, carrying nearly \$1,500,000.

A concurrent resolution adopted by the New Hampshire legislature urging the speedy ratification of the treaty of Paris was presented by Mr. Gallinger of New Hampshire.

A resolution calling upon the secretary of the treasury for information concerning the investigation of the Bureau of Printing and Engraving was adopted.

He went on to say that his resolution was essentially a practical document and not introduced for the purpose of interfering with any other business. "It will place the treaty of peace," said he, "where we can reach a basis of agreement. If the resolutions were a law they would entirely dissipate the danger of war we are now in. It is a most grave matter, Mr. President, and I hope the subject will be so regarded by the

Mr. Bacon yielded to the appropriation bill. Mr. Jones of Arkansas then asked that the senate take a recess from 2 o'clock to 3:30 in order to enable senators to attend the funeral of ex-Senator Garland, who died suddenly in the supreme court on Thursday. In this connection Mr. Hoar of Massachusetts paid a high tribute to Mr. Garland's ability and character as a citizen, lawyer and senator. The recess was ordered.

The consular and diplomatic bill was then read. It appropriates \$1,710,533, \$5,000 more than the amount carried by the measure as passed by the house

Mr. Gallinger desired again, he said, to call attention to the "starvation wages" paid to the United States consular representitives abroad.

Mr. Hale, in speaking of the bill, explained that the appropriation committee had not considered the compensation of consulate officers and suggested that the committee on foreign relations take up the question and make some recommendation.

"Have you ever known," inquired Mr. Cockrell of Missouri, "any applicant for consularships to object to the salary before "I have never known," replied Mr. Hale

"of such a case, nor have I known any resignations from the consular service because the salary was inadequate." Replying to Mr. Hale, Mr. Cockrell said

that his question was not in any sense an argument. "Senators," said Mr. Gallinger, "receive

After some further discussion the salaries secretaries of legations to the Argentine Republic, Venezuela and Peru were increased from \$1,500 to \$1,800, and of the nsuls at Laguars, Venezuela, from \$1,500 to \$2,000, and at Pernambuco, Brazil, from \$2,000 to \$2,500. WASHINGTON, Jan. 28.-The Gridiron club gave its fourteenth annual dinner at the Arlington hotel tonight. More than 175 persons were present, including men from every sphere of public life and from different quarters of the globe.

General Henry V. Boynton, the newly elected president of the club, occupied the to submit some further remarks upon the | head of the table. FAVORABLE TO AN EXPOSITION Senate Committee on International Expositions Takes Action on the

Thurston Resolution. WASHINGTON, Jan. 28 .- (Special Telegram.)-The senate committee on internaexpositions authorized Chairman Thurston to report favorably his resolution relative to the Greater America Exposition. Senator Heitfeld, member of the committee, stated that Senator Allen, before leaving for Nebraska, had asked him to request that no action be taken on the resolution until his return, which would be in a few days. Senator Thurston stated he would report the resolution and get it on the calendar, but would make no effort to pass it until Allen's return. The resolution will not be reported

in all probability until Monday. Senator Heitfeld said his request to defer action on Thurston's resolution was made in the interest of a fellow member and senatorial courtesy warranted that nothing be done in the interim. Heitfeld is enthusiastically in favor of holding another exposition in Omaha and wished that his state. Idaho, might be better represented than at the Transmississippi Exposition. The Idaho legislature is now in session and it would appear to be but proper if that legislature would appropriate enough money to make a creditable state exhibit. The Transmississippi Exposition did wonders for the west and I for one am in favor of encouraging any enterprise looking to betterment of western conditions," said the Idaho senator.

Just what effect the passage of the Thurston resolution in the senate might have on the house is problematical, the ways and means committee being on record against the measure. Senator Thurston said today he would not be rash in pushing the measure if he saw no possibility of passing it through the house.

Judge Stark last night succeeded in getting the house to favorably consider a bill o pension John W. Ongemach of Friend, Neb., at a rate of \$30 per month.

Senator Pettigrew's bill granting right of way to the Dakota Southern Railway company through the Yankton Indian reservation, in South Dakota, passed the senate today. Senator Allen has wired Chairman Wolcott

of the postoffice and post roads committee of the senate to hold up the nomination of E. O. Lewis to be postmaster at Falls City. Neb., until he can be heard. Lewis is Judge Strode's appointee. Representative Mercer, speaking of his

attempt to secure rural free delivery in Douglas county, said he wanted a triweekly service established to cover the entire county. He believed such a service would be of incalculable benefit to residents of Douglas county and if once established would never be abandoned.

Explains More of the Work of Com-WASHINGTON, Jan. 28.-Senator Frye continued his argument for the ratification of the peace treaty in today's executive session of the senate. He talked for an hour and a half and again made the only speech of the day's session. The principal questions under consideration today were those relating to the payment of claims against the Spanish government, the reasons for agreeing to pay Spain for the improvements in the Philippines and the reasons for extending to Spain the benefit of an open

loor policy in its former possessions. Senator Frye also said that the commissioners had felt that they were justified in frawing upon the generosity of this country in agreeing to pay \$20,000,000 to Spain fo the improvements made by the Spanish government and in conceding to them for term of years the same privileges as claimed for the United States in the matter of trade in the conquered country. Such concessions, he said, were in the line of the precedents set by the most civilized nations. The effort of the American commissioners

to secure control of the Caroline islands was also explained, Mr. Frye stating that the Spanish commissioners had absolutely refused to discuss the proposition. Our offer of \$1,000,000 for the islands had appeared to have no effect whatever. They had even declined in the most positive manner to cede one of the islands of this group as a cable station.

Referring to the present situation in Philippines Senator Tillman asked Senator Frye if he was willing to have our troops fire upon the Filipinos, to which Mr. Frye replied that the firing stage had not been reached there and he hoped the treaty would soon be ratified and this stage thus probably
