FACTS OF GREAT INTEREST TO THE CLUTCHES OF RHEUMATISM.

A Simple Remedy Which Cured Many Cases of Over 30 Years' Standing.

There is no doubt that the new remedy, Gloria Tonic, is the greatest specific for the cure of Rheumatism. When it is considered that patients, after suffering 30 or 40 years, helpless, crippled and bed-ridden, were com-pletely cured, there can be no question that Gloria Tonic is the one specific that can be relied upon. Rev. C. Sund of Harrisville, Wis., testifies that Gioria Tonic cured two members of his congregation of rheumatism, one who suffered for 18 years, the other for 25 years. Mrs. Mina Schott of Marion, Ohio wrote the maker of Gloria Tonic, that his remedy cured her so completely that she needed no more crutches. She then cured an old lady of rheumatism, whose age is 82 years. Gloria Tonic also cured a druggist

who had suffered for 22 years. Gloria Tonic is made by John A. Smith, S and 190 Summerfield Church Bldg., Milwankee. Wis., and is for sale at all druggists \$1.90 a nackage. Be sure and get Gloria

Judge Thornell Patiently Listens to the Contention of Lawyers.

COMPLETION OF THE HEARING IS REACHED | at 6:30 o'clock.

Intimation that Doyle Fraudulently Secured a Judgment Against Burns and that it Should Be Set Aside.

For over ten hours yesterday Judge Phornell in the district court sat patiently listening to the arguments of counsel upon the motion to set aside the judgment taken by James A. Doyle in his now famous suit Colonel J. J. Steadman, clerk of the against John F. Burns, president of the United States district court, is confined to Portland Gold Mining company of Colorado. In order to complete the hearing yesterday Judge Thornell held a special session last night, at which John N. Baldwin, counsel for Doyle, made his closing reply to Mr. Patterson's concluding argument in support

of the motion. When court convened yesterday morning Mr. Baldwin resumed his argument and spoke for six hours with a adjournment of an hour for dinner. Mr. Patterson then at the residence of the bride's parents, Mr. followed with his closing argument and and Mrs. John Schoentgen, on South Sixth spoke until court adjourned at 6 o'clock. Mr. Baldwin informed the court that he would like to make a reply to Mr. Patterson and Judge Thornell agreed to hold a special session in the evening.

Mr. Baldwin's argument was the conten-

tion that Burns was served with personal notice of the action here; that he appeared and filed a motion to quash service of this notice. Burns contended that this notice constituted simply a special appearance. That question was thoroughly argued to All members of the Woman's Christian as- Judge Smith, who overruled Burns' motion of Mrs. George T. Phelps, 702 First avenue, and held that it was not a special, but a gentral appearance. It therefore became necestral appearance is the efterneon at 2:30 o'clock to attend in a body the funeral of the late Mrs. Sarah sary for Burns to plend. However, before he did anything further in the courts here he went to Colorado and secured an injunction after March 1 at their new home on Bluff society will be held this afternoon at 3 against Doyle there, restraining him from p. in. at 715 Fourth street. The subject will continuing his case in the lows courts: that continuing his case in the lowa courts; that in this proceeding in Colorado he took the action already had in the court here to base his application for an injunction there; that the proceeding in Colorado was illegal and unlawful; that Burns used the knowledge the proceeding there; that Doyle upon proper advice refused to comply with the Colorado order and took his judgment; that Burns was now in this court asking to set aside this judgment, but in order to do this two things must be shown-first, that Burns in St. John's English Lutheran church, Rev. two things must be shown-first, that Burns S. > accident, mistake, death, surprise or lack of knowledge. None of these existed. He further contended that Burns had defied the processes of the Iowa court and had, and is using the processes of the court of Colorado for oppressing Doyle; that the Iowa court, having jurisdiction of the parties and the subject matter and having acquired that jurisdiction first, the law and the constitution of the United States required the courts give a reception to club women Friday, Feb of Colorado to recognize the proceeding here, and on the reason of comity between

the two states should have refused to inter-Mr. Baldwin in concluding his argument further insisted that Burns had a proceeding in this court and a proceeding in Colorado, but that he had confidence in neither and was experimenting with both; that he was afraid of his position in each and desired to hold on to both; that he took the record of this court to Colorado and used it to get an injunction there and having secured that injunction upon this record the used it to oppress Doyle and incarcerate Then finding that Doyle would not yield to the oppression, after seven months of experimenting in Colorado. Burns brought the very same transcript from the Colorado court down here, filed it in this court and asked that upon that very same record, and

with which he is keeping Doyle in jail, this court for mercy and leniency and begged this court upon that same record in the exercise of its discretion to permit him to plead here. Mr. Patterson in his closing argument contended that Doyle had secured his judgment by fraudulent and perjured testimony and that if he had a right cause of action against Burns he would not be afraid to bring his suit in the courts of Colorado, but this counsel insisted he did not dare do. He said he could easily understand that Doyle was willing to defy the courts of his state if he could have close upon \$1,000,000 to heal his wounds with. The judgment should, he insisted, be set aside in the interest of law

Montgomery Declared Insane. John Montgomery, who claims to be 107 years of age and who was recently placed n St. Bernard's hospital as a county charge, was yesterday declared by the Board of Commissioners of Insanity to be of unsound mind. He will not, however, be removed from St. Bernard's, but will be transferred from the ward where the county charges are kept to the insane department. The information charging Montgomery with being insane was filed by Deputy City Marshal Stockdale. Friday afternoon Montgomery left the hospital without leave and made a social call at a tailor shop on Broadway, where he pocketed a large dirk knife. Fearing that the old man intended to do a city or town. Numerous persons had obhimself some injury, the police were notified. In the meantime Montgomery returned to the hospital and when Stockdale arrived there he denied having the knife. It was found, however, concealed in the drawer of a commode. Montgomery, despite his extreme age, gave the officer quite a tussle before he was able to get possession of the knife. As a county charge Montgomery's care at the hospital cost the county \$8 a month, now as an insane patient it will cost \$14 per month. John Sastrow, a farmer living near Un-

derwood, filed an information yesterday afternoon with the commissioners charging his wife, Margaret Sastrow, with being insane. She will be brought in for examination before the board tomorrow morning.

### CHRONICLE MULCTED AGAIN

Supreme Court Affirms Another Judgmen Growing Out of Grave Robbery Article.

CASE OF MYSTERIOUS DISAPPEARANCE

Friends of James Williamson Believe Him to Have Been Murdered-Congregation Tires of Its Old Pastor.

Rev. and Mrs. G. P. Fry entertained the DES MOINES, Jan. 28 .- (Special Tele-Methodist ministers of the city and their gram.)-Another case against the Chicago Chronicle company was today affirmed by the Iowa supreme court. It was brought by Edwin Moffat, for an alleged libelous article which appeared in the Chronicle two or more years ago, and implicating Moffet in certain grave robberies. It involves the same principles as the Locke libel case, which was decided yesterday. A judgment for \$2,000 with interest and costs is affirmed Mr. and Mrs. Millard entertained the last by the higher court. The Chronicle made practically the same defense in this case as in that of J. B. Locke, asserting that as a corporation outside of Iowa and maintaining no office in this state the service of notice on its Iowa agent could not affect it in any way. The court makes the same ruling as yesterday, that the newspaper is liable for the acts of its agent. The following other opinions were

handed down: M. F. Sawyers, administratrix, against A L. Campbell et al, appellants, from Polk

district, affirmed. J. P. Mountain against W. H. Low et al. appellants, from Audubou district; affirmed. appellant, against Peterson Haggard. from Kossuth district; affirmed.

Laboring Man Disappears. Another disappearance has come to light

James Williamson, aged about 30 years a laborer, has not been seen since last Thursday afternoon. He is a single man boarding with Mrs. Holmes at 414 West Tenth street. He had paid his bill in advance for two months, owed nothing else from her mother, Mrs. E. C. Olmsted of St. so far as known, and was a steady, sobet man. He was last seen at 3 p. m. Thursday Police Bixby, is able to be out after an ill- when he was with Mr. Haycock, the barber at 516 West Locust street, talking about setting up a boller in the basement. He took a laundry bundle under his arm and went out, giving no statement about his intentions. Williamson worked for the Des Moines, Northern & Western road last summer on the construction trains, and since residing in the city had worked on the county roads and at digging cellars. Friends fear he has been waylaid.

Central, southern and southeastern Iowa is in the midst of a cold wave tonight. At 7 this morning the mercury here stood 17 above, while at 7 this evening it was 5 below, having dropped 22 degrees in twelve hours. It is still going down, and the weather bureau says it will go to 15 below ever, acted with the advice of the county before morning. The cold wave flag is up attorney, who informed them that it was tonight of at least 20 degrees.

A big sensation is about to be sprung in church circles here and one of the oldest pastors in the state is to be asked for his resignation. Dr. A. L. Frisbie has been pastor of the Plymouth Congregational church for over thirty years, and is one of the most generally esteemed of citizens. Powerful members of the church took a dislike to the reverend gentleman, however, probably because he is a little old-fashioned and on Thursday night they had Dr. D. F. Fox, a Congregational paster from Chicago, here for a lecture. It was scheduled as a lecture, but it now seems that it was simply an opportunity for some of the more prominent members of the church to see whether from | or not they and it was stated by one of the deacons in Mr. Kenneth Evans of the Union Pacific the church that the change would probably

Bound to Have the Convention. The citizens of Des Moines met on Monday to organize the company which is to erect the auditorium demanded by the republican state central committee. The last republican state convention passed a resolution to the effect that this year's state convention would be held in Des Moines provided this city would build a large audiorium. It now has a larger hall than any city in the state, but the politicians wanted something better. As a result \$20,000 has been raised and work will commence very soon on a large building or convention half

that will seat from 4,000 to 5,000. Judge S. F. Prouty of the equity division of the district court today rendered a most important decision respecting the rights of homesteaders formerly holding property outside the city limits, but which was taken into the city by the act of 1890, increasing the boundaries of the city. It is estimated that the decision will affect several hundred property owners in Des Moines. The case was entitled J. H. and Lena Sagers against . A. Childers. A demutrer of the defendant to the petition of the plaintiff was overruled by the court. The plaintiff's grantor, Mrs. Littleton, owned six acres of land outside of the city of Des Moines prior to 1890 which was occupied by her as a homestead. By the act of 1890, increasing the boundaries of the city of Des Moines, this homestead was included within the corporate limits of the city of Des Moines. While the proper y was in the country and occupied as a homestead, the plaintiff's grantor was entitled to the whole six acres as a homestead. When t became a part of the corporate town she would be entitled to only one-half acre. Under the code of 1873 this land, although it if it was platted. By the new code of 1897 corporate limits

became a part of the city, would not be reduced to the one-half acre as a homestead this rule was changed, providing in supstance that the homestead should be reduced to one-half acre if within tained judgments against plaintiff's grantor since 1890 and prior to 1897 and the question was whether their judgments were a lien upon the five and a half acres other than the homestead within the corporate limits. The court held, first, that the law of 1890, which extended the boundaries of the city of Des Moines would not change the homestead rights of this six acres, that law being one of special legislation and therefore unconstitutional as affecting the rights of the homesteaders. The court further held that under section 48 of the code of 1897, repealing the code of 1873, all rights that had then accrued were reserved and as far as property was vested with a homestead right at the time of the adoption of the ode of 1897, this right was still reserved under the new code.
