Tuesday an adjournment was taken to tomorrow at 10 o'clock.

PROCEEDINGS OF THE SENATE. Crow's Union Pacific Land Sale Bill

Sent on for Engrossment. LINCOLN, Feb. 10.-(Special.)-Senator Howard of Hamilton was in his seat again oday after an extended absence.

The committee on live stock and grazing reported S. F. 84 for indefinite postpone-The bill provides for a suspension of the herd law in counties that by two-thirds vote express a desire to do so. The bill was for the relief of western counties, where cattle raising is the only profitable industry. The committee on educational affairs re ported S. F. 161, 89 and 110 to pass. The same committee reported H. R. 3 and S. F. 196 for indefinite postponement. Chairman Noves explained that there was an error both in the title and body of H. R. 3 and that there was a bill in the senate enacting the same law and correctly drawn up. S. F 196 provided for notifying school districts that fail to send in reports provided for

After some discussion the senate voted to suspend the rules and pass S. F. 273 to engrossment at once without referring it to committee. This is the Crow concurrent resolution concerning the sale of Union Pacific lands. Senator Crow explained that ompt action was absolutely necessary, as the lands had already been advertised for

The senate then went into committee of the whole with O'Neill of Holt in the chair. S. F. 96, 98, 101, 113, 117, 118, 119 and 124

S. F. 171, H. R. 43 and H. R. 88 were indefinitely postponed. S. F. 171 relates to the exemption law. H. R. 43 was originally curative act, but was amended to change the present laws on adultery somewhat. The judiciary committee saw no reason for any change in the present law. H. R. 88 is similar to a bill now on general file in the senate relating to receivers.

8. F. 58 was reported upon favorably by the county boundary committee. S. F. 105, the concurrent resolution of Schaal of Sarpy opposing the Anglo-American alliance, was reported upon by the "mining" committee the fusion committee-offering a substitute opposing alliance with any foreign na-

Talbot of Lancaster moved to amend that the bill be indefinitely postponed. Farrell of Merrick thought the bill ought to be discussed. Currie of Custer said it was simply raising a straw man to beat him down. a few moments later Mr. Conwell was sworn No Anglo-American alliance has ever been in as a member of the house of representadanger of this alliance. The Philippine war, in his mind, was part of a plot to tie up

with England. Talbot of Lancaster said these resolutions were being introduced by the minority to prolong the session and add to the expense. If not squeiched they would continue to introduce measures of this kind that had nothing to do with the government of this state. The discussion became prolonged and entered a humorous vein that highly entertained and amused the members and spectators. The amendment to postpone was lost by a vote of 14 to 17. The report was then adopted, recommending the substitute.

by a vote of 16 to 15. The absence of new bills in the senate his morning and the small number of measures on second reading gave the senate an opportunity to do some good work on the general file. Several bills were considered and recommended for passage. They were mostly the somewhat celebrated "curative"

S. F. 203, introduced by Steele of Jefferson, received favorable consideration upon his explaining the objects of the bill. only amendment to the present law is that when criminal cases are taken to another county on change of venue, the county attorney of the county wherein the alleged crime is committed may follow the case to the county where the trial is taken and prosecute the case the same as though the trial were held in his own county. The Henry murder case in Jefferson county is responsible for this suggested change in the law. As will be remembered Henry got a change of venue to Gage county and the county attorney of Jefferson county was not allowed to prosecute in the case in Gage. Jefferson county was therefore compelled to pay a large fee to the Gage county attorney for taking charge of the prosecution. S. F. 111, by Halderman of Pawnee, was

killed. The First judicial district at present consists of the counties of Jefferson, Gage, Pawnee, Richardson, Nemsha and Johnson, with two judges. The bill proposed to cur Gage and Jefferson off of the First district and put them in a district by themselves, giving each of the redivided districts one judge apiece. The bill did not suit Jefferson county, as it put them in with Gage alone, which would give them no chance to satisfy the aspirations of their lawyers with a judicial bee in their bonnets, Gage having over twice as many votes as Jefferson. Senator Steele said it made them the tail of the dog only. The bill was killed

without much effort The senate adjourned at 4:50 p. m.

Bills Introduced in the Senate. LINCOLN, Feb. 10 .- (Special.) -- New bills introduced Friday in the senate are as fol-

F. 274-By Prout: To repeal sections 3 A and 5, of article vii, of chapter laxil, of the Compiled Statutes of Nebraska, 1897, entitled "Street Railwaya,"

S. F. 275—By Talbot: To amend sections 110 and 111, of chapter xiii, of the Compiled Statutes of Nebraska for 1897, and to repeal said sections 110 and 111 as the same now exist.

Appropriation Bills Discussed. WASHINGTON, Feb. 10.-The house today without preliminary business went into committee of the whole and resumed consideration of the sundry civil appropriation bill. Upon Mr. Cannon's motion general debate was to close with this legislative day.

NEARLY A FULL VOTE CAST entirely separate and distinct concern from any other company engaged in the operating of a sugar factory and none of those interested in it are connected with any other similar company. A schedule of prices for Only Two Absentees at the Joint Session to beets has not yet been published, but the company will doubtless purchase a large quantity from farmers and will have a sufficient quantity the first year to run the factory at its full capacity. INSURGENTS PROVOKE TROUBLE.

Outposts Have Difficulty for Weeks with Quarrelsome Natives. FREMONT, Neb., Feb. 10.-(Special.)-In a letter to his mother, under date of De-cember 30, Charles R. Kelley of Company A, First Nebraska, says: "The insurgents have been annoying us lately. One party of them has just attempted to cross a bridge near one of our outposts, but were halted and driven back. They immediately tried it again, but were treated in the same way. by coming over the water pipes leading into the city, but they failed. They are still under arms."

He enclosed the menu of the Christmas dinner of Company A. It includes mashed potatoes and gravy, baked beans, roast beef, fried chicken, canned corn, tea, bread and ray, O'Neill, Peck, Schaal, Siecke, Shore, Smith cheese, rice pudding, pie, bananas, taffy and walnuts. Kelley adds that there is very little sickness in the First Nebraska.

Death Under Peculiar Circumstances. BEATRICE, Neb., Feb. 10 .- (Special Telegram.)-Coroner John Reed was called to Barnston today to investigate the death of Frank Husa, a wealthy Bohemian who died there last night under somewhat peculiar circumstances. Husa was 70 old. His wife committed suicide last summer by jumping into a well. The inquest over Husa's remains developed the follow ing facts:

He was about the saloons of Barnston last night drinking and had imbibed pretty freely. At a late hour he was found lying at the rear of one of the saloons and was taken in charge by one of the bartenders who assisted the old man to a vacant barn where a young man named Louis Jisha had a sleeping room. He was asked to take the camp, but care of Husa over night and was paid 50 far as known. cents for his trouble. Jisha saw that Husa was bleeding pretty badly and asked the bartender the cause of it, the latter replying that he hadn't noticed the bleeding Jisha then took Husa in charge, washed some of the blood from him, wrapped him in a blanket and laid him on the floor. He then got into his bed in the same room Jisha says he arose about 3:30 this morning to start a fire, when Husa talked to him. Several hours later he was dead. The room was then locked pending the coroner's arrival and before which the rats eat off Husa's nose. Husa's bleeding was from a day will be celebrated by the University of deep cut on the back of his head. The Nebraska and its friends on February 14 verdict of the jury was that death resulted and 15. There will be three gatherings each from this cut, his drinking and from ex-

> Husa had been diving alone on his farm of 320 acres, which is one of the finest on the old reservation. He had six children, one of whom, Anna, lives in Omaha. A brother took charge of the remains. None of the children were living at home.

Cornell Discharges Liebty. LINCOLN, Feb. 10 .- (Special Telegram.) The announcement today that Sam Lichty, insurance deputy of the auditor had been discharged caused a mild sensation in po-

litical circles, although it has been known for some time that there were strained relations between Cornell and Lichty on account of disagreement in some matters relating to the insurance department and especially on account of the Weaver bill in the legislature creating an insurance department under the governor. Lichty has never enjoyed the favor of his chief or of some of the other attaches of the office since he made the radical fight against free passes. The quarrel seems to have come to a focus today.

Valley County Mortgage Record. ORD. Neb., Feb. 10 .- (Special.) - Valley county's mortgage indebtedness for the month of January is as follows: Twentyone farm mortgages filed, amounting to \$18,760; twenty-five satisfied, amounting to \$18,390; three town mortgages filed, amounting to \$1,050; nine satisfied, amounting to \$4.078: 109 chattel mortgages filed, amounting to \$33,178, and sixty satisfied, amount ing to \$17,124.

Third Recent Case of Insanity. KEARNEY, Neb., Feb. 10 .- (Special.) Mrs. M. Chapin of Elm Creek was adjudged insane and will be taken to the hospital at Lincoln as soon as papers are prepared. She was paroled from there about seven months ago as cured, but has recently relapsed into her former condition. This makes the third case of this nature within the last three weeks from this county.

Severs Jugular Vein with Pocketkuifs in Hastings Hotel.

CAREFUL PREPARATION FOR THE ATTEMPT

Papers on Body Show that Dead Mar Has Family in Michigan, but Give No Cause for the Taking of His Life.

HASTINGS, Neb., Feb. 10 .- (Special Telegram.)-Frank Woolcatt of Belaire, Mich committed suicide in Hastings at the Lindell hotel late last night or early this morning by severing his right jugular vein with a pocketknife. The body was found shortly before noon today by an employe of the hotel. The suicide had been carefully planned

and Woolcatt went about his task with pe-

culiar deliberation. He placed the bed-

spread on the floor and in the center of it he put a vessel beside which he knelt and thrust the blade into his throat. He held his head in such a position as to let the stream of blood pour into the vessel. He filled. When life was nearly extinct he Suspicion was at once directed toward crawled to the door and died in a sitting A letter written to his wife and family was found in his pocket. It was dated "Chicago, February 8," and conveyed the news that he was in the best of health. It said he had changed his mind and instead of going to Georgia he would go to Hastings. Neb. He had in his pocket a ticket stamped "Exchange," reading from Chicago to Exeter, Ga., \$2.80 in money and an ordinary two-bladed pocketknife, the smaller blade slightly covered with blood. Inquiries proved that he had shown no signs of insanity or trouble while about the hotel. I is thought he had come to Hastings for the purpose of getting employment.

Coroner Cook held an inquest over the body this afternoon and the verdict of the jury was that Woolcatt had met death by his own hands.

Traveling Man Injured. EDGAR, Neb., Feb. 10 .- (Special.) -- James M. Scott of Omaha, a commercial traveler for Woodstock, Hoefer & Co., a Kansas jewelry firm, met with an accident near Edgar yesterday by which both legs were broken. He was coming to Edgar from Fairfield in a livery buggy, and when within three miles of this city the horses became frightened and ran away. The tongue broke and Mr. Another party then tried to get into our lines | Scott, fearing a catastrophe, jumped from the carriage. He was badly stunned and lay unconscious for some time. He was brought o Edgar and the necessary medical attenion given him.

Farmers' Institute Closes. FAIRBURY, Neb., Feb. 10 .- (Special.) Owing to the inclement weather the Farmers' institute held Tuesday and Wednesday was lightly attended. Prof. Barber of Lincoln, E. Whitcomb of Friend and B. R. Stouffer of Bellevue delivered interesting addresses. A permanent organization was made, which, during the next season, will interest more farmers in the work of the institute. H. M. Rich was elected president, H. T. Bower vice president, J. A. Gage secretary and E. D. Brown treasurer.

THE GRIP CURE THAT DOES CURE. Laxative Bromo Quinine Tablets removes the cause that produces la grippe. The ulne has L. B. Q. on each tablet. 25c.

MAKES HIS PROMISE GOOD

(Continued from First Page.) the camp, but no fatalities have resulted se

West of Leadville the roads are still tied up tightly. In the canon of the Grande there have been six snowslides. One of them was 490 feet in length and thirty-five feet deep. In it are huge boulders and

In the North Park the snow is about three feet on the level. Travel is impossible on account of the drifts. Walden has received no mail for a week and expects none for ten days to come. It is possible no freight will reach that town for a month. A snowstorm with wind from the north began here today and should another very cold wave follow it it will have disastrous effect on the live stock upon the ranges. Telegraph wires to Aspen, which falled

yesterday, are again in working order. The Times has received the following specia: dispatch: "About two feet of snow fell in the storm of yesterday and the mountain trails and railroads are completely block aded. A slide damaged the People's electrie plant and the western part of the city was in darkness. People living at the foo: of Aspen mountain are moving out to cacape the danger of impending snowslides." PITTSBURG. Feb. 10 .- All cold records for this section were broken today and a new record of 20 degrees below zero established by the Weather bureau. Private thermometers registered from 7 to 10 de grees lower. Business is almost at a stand still and fewer people were on the streets than on any other week day in years. Schools were dismissed, out-door laborers refused to work and every form of industry necessitating exposure to the weather was practically paralyzed. Many persons were severely nipped by Jack Frost, but no fatalities have been reported.

One gruesome phase of the blizzard is its effect on live stock shipped from surrounding towns to the stock yards. The ears of many hogs dropped off, they being so badly frozen that the least touch caused them to fall to the ground. Cattle likewise suffered severely. The cold weather has seriously hampered the railroads and all trains are from one-half hour to three hours late.

Navigation on the Allegheny, Monongahela and upper Ohio has closed, and the two first named streams are frozen over. The indications today are for slightly warmer weather.

DETROIT, Feb. 10 .- Thirteen degrees beow zero was still the temperature in Detroit at 9 o'clock today. All other places in Michigan were considerably colder. Republic took the palm with a record of 50 degrees below zero, and 10 to 25 below continuously for three weeks past. The Saulte reports 37 degrees below zero at 8 o'clock this morning. Petosky's temperature was 26 below zero. Although the temperature in Detroit is less severe, it beats former records, both for severity and continuity. Boats experience much difficulty in crossing the Detroit

CHICAGO, Feb. 10 .- The crest of the cold wave has passed here. At 6 a. m. the thermometer registered 18 below, but from that point gradual moderation set in and the prospects are that by nightfall the mercury will be about the zero mark. A large number of cases of frost bites were reported by the police, but so far only one death has resulted from the severe cold. Several of the schools have been closed until Monday. Joseph Peterhorst, a Russian, desperate from cold and hunger, shot himself in the mouth and is at the county hospital in a serious condition. Beats the Ohio Record.

CLEVELAND, Feb. 10 .- Sixteen degrees

below zero was indicated by the govern ment thermometer early today. The local forecaster reports that during yesterday the mercury touched 17 below. This is the lowest point reached in the history of the Cleveland Weather bureau office, which was stablished about twenty-eight years ago. Many private thermometers registered from

WASHINGTON, Feb. 10 - The cold wave gained added strength last night and early this merning it was 8 degrees below zero by the Weather bureau thermometer, located on top of the bureau building, and was \$ to 6 degrees lower near the ground. The record for Washington is 14 degrees below zero in 1881. Up to 10 o'clock the sun, which shone bright and clear, had added only a half of a degree's warmth to sheltered thermometers, but it was several degrees warmer in the streets.

Loss of Life in New York.

NEW YORK, Feb. 10.-The temperature here took another drop today, the thermometer registering 7 degrees below zero at o'clock this morning. A. N. Nolan of Brooklyn, a rug boat fireman, was found frozen to death on a North river pier. The British steamer Daniel is frozen in the ice of the lower bay. Sandy Hook thermometers showed from 5 to 10 degrees below zero. Dispatches to the Associated Press from points in the interior of the state report in every instance the lowest temperature of the season. In Rockland county the thermometers indicated 15 to 20 degrees below zero, and in Orange county from 14 to 22 de-The Hudson river between grees below.

Nyack and Tarrytown, where it is three

miles wide, is frozen over-a very rare courrence. Railroad traffic is delayed. KIMBALL, S. D., Feb. 9 .- (Special.) --Yesterday morning the thermometer indi cated 32 degrees below zero, and it ranged from 22 to 28 degrees during the entire day. The temperature for two weeks has been below zero all of the time, averaging from 10 to 20 degrees, a condition which has not occurred before for several years. It was found last night that in a car of cattle shipped to local buyers fifteen head had perished from the cold

BOSTON, Feb. 10 .- This morning the meroury stood at 2 degrees below zero at the Weather bureau and from 4 to 16 below at various points around Boston. At Springfield the thermometer registered 16 below zero at 6 o'clock this morning.

STOCKMEN WILL ESCAPE EASILY. Only the Usual Winter Losses Will Be

Suffered in Wyoming. CHEYENNE, Wyo., Feb. 10 .- (Special.)-Reports are being received here from stocknen in various parts of the state which end to dispel the fears which have been entertained of heavy losses on account of the recent storms and cold weather. The sheepmen of Converse and Natrona counties. where there are immense bands of sheep, have been particularly fortunate.

Governor Richards, who is one of the arge sheep owners of the region, said today: "I have positive information from a man who came directly from my ranch that we have suffered no loss whatever from the storm. The hilltops on the ranges are bare and stock is in good condition, as wind accompanied the storm in our part of the state. Flockmasters in a position to know write me that they do not think the entire loss of sheep in Natrona county from the effects of the storm will exceed 100 head."

United States Marshal F. A. Hadsell, who s running sheep on the Red Desert, which one of the great sheep grazing districts of Sweetwater and Fremont counties, received word from his foreman this morning that very few sheep were killed by the storm and that the stock is generally in good condition in that part of the state. Stockmen who came in this morning from along Chugwater creek state that ther have been but light losses of cattle in the district extending from this city to Orin Junction. The ranchmen generally were prepared with hay and shelter and were ble to care for their stock.

Some losses of sheep are reported on the Laramie plains in northern Albany county, where several bands of sheep got scattered in the storm. Taken generally throughou the state it is believed stock losses of the winter to the present time have not been above the usual percentage of winter loss.

Northwest Gale in Newfoundland ST. JOHNS, N. B., Feb. 10.-A frightfu porthwest gale is raging tonight. The mail teamer Virginia Duke was unable to round Cape Race in the teeth of the wind and had o enter the harbor to avoid foundering. The storm seriously damaged the steamer Gapecia, which was in an ice floe in the Gulf of St. Lawrence. The wind will probably break up the ice and it would be almost impossible for the vessel to escape. It is oped it was near enough shore to make harbor before the gale reached its height.

serpents, he knows that his time has come. Death is only a question of moments; but not one man in a thousand realizes that when a little extra thousand realizes that when a little extra bile gets into his blood his whole system is being poisond just as truly as if a venom-tipped arrow was sticking in his vitals. Rattlesnake poison is a good deal quick-er than bile-poison but the latter will do just as deadly work if it keeps on accu-mulating in the system. Probably two-ticks of the cases that end in consumption

mulating in the system. Probably twobegin with 'liver complaint' and indiges-tion. These troubles would never get as far as consumption if Dr. Pierce's Golden Medical Discovery was used before the bile-poisoning got fairly under way. This remarkable "Discovery" invigorates the torpid liver and gives it power to filter the poisons out of the system rapidly and thoroughly.

It strengthens the digestive fluids and enables them to make rich red nourishing blood; it builds up healthy muscle, steady nerve force and enduring strength.

nerve force and enduring strength.

The experience of Mr. Val Burkard, living at 65 Mohr Ave, Buffalo, N. V., is given in his own words: "Five weeks ago I followed your advice and took two bottles of Dr. Pierce's Golden Medical Discovery and also two bottles of the 'Pleasant Pellets.' I consider myself entirely cured, as there have been no eruptions since I finished the last bottle. I think it is the greatest remedy on the globe for blood and digestive disorders. My appetite increased wonderfully and I have also gained flesh, I would like everybody to know the true value of Dr. Pierce's medicines as I am confident by persistent use they cure all ailments for which they are recommended."
