Intion.

In confromity with the decision arrived at by the Park Commissioners at the adjourned egular meeting Thursday night, Attorney A. S. Hazelton, acting as counsel for the board n this particular matter, yesterday drew up the following resolution, by which the Park commissioners grant the Fort Dodge & Omaha Railroad company a right of way across Lake View park and Big lake;

Whereas, The city council of the city of Council Bluffs, Ia., did on January 13, 1899, enact an ordinance entitled "An ordinance granting to the Fort Dodge & Omaha Railgranting to the Fort Dodge & Omaha Rallroad company permission and authority to
locate its railroad and to lay down, maintain and operate railway tracks in the city
of Council Bluffs." in which ordinance there
was granted to the Fort Dodge & Omaha
Railroad company a certain right of way, as
in said ordinance defined through and across
a portion of Lake View park in said city,
which was duly approved by the mayor of
said city January 14, 1899, and published as
provided by law; and.
Whereas, It is desired by said railroad

Whereas, It is desired by said railroad company that the action of said city council shall be ratified and affirmed by the park commissioners of said city of Council Bluffs so far as the said ordinance affects the property and interests of the said park com-missioners in said Lake View park. Now,

Resolved, by the park commissioners of the city of Council Bluffs, Ia., in regular meeting assembled. That in consideration of the strict compliance by the said Fort Dodge & Omaha Railroad company with the terms and conditions in said ordinance im-posed, as well as with the terms and conditions hereinafter imposed and required, the said action of the city council of the said city of Council Bluffs taken on January 13, 1899, with reference to said right of way over and across said Lake View park is fully affirmed and ratified by this Board of Park Commissioners and the consent, permission and authority of this said Board of Park Commissioners are hereby given and granted to said Fort Dodge & Omaha Railroad company, its successors and assigns to lo-cate, construct, permanently maintain and operate a railroad with two or more main tracks and all necessary turnouts, connect-ing tracks, sidetracks and switches over and across the said Lake View park in the city of Council Bluffs and Garner township, as granted by the said city council in said ordinance.

The additional terms and considerations upon which the consent and grant are the houses where children are sick with given are as follows, to-wit: First-That said Fort Dodge & Omaha

Raiiroad company, its successors and assigns, shall comstruct, keep and maintain suitable crossings over, under or across its tracks at such points within said Lake View park as may by the Board of Park Commissioners be deemed necessary for the full and complete enjoyment of said park by the public for the purposes for which it is or may hereafter be used and maintained.

Third—That the said Fort Dodge & Omaha Third-That the said Fort Dodge & Omaha

Railroad company, its successors and assigns, will turn into Big lake, so called, in said Lake View park all of the water from Voorhis springs, so called, not required for use by said company, and said springs shall in the near future. Mayor Jennings and

Fourth-That the rights and privileges herein granted shall in no manner affect any contract heretofore entered into between the case. the park commissioners of said city and other parties. And said Fort Dodge & Omaha Railroad company, its successors and assigns, shall hold the said park commis-sioners and the city of Council Bluffs blamess on account of any damage or claim therefore arising from or growing out of this ratification and grant.

This resolution when duly passed and signed by said park commissioners and the terms and conditions hereof accepted and park commissioners within sixty days from the date of the passage hereof, shall consti-tute a binding contract by and between the said Board of Park Commissioners and said Fort Dodge & Omaha Railroad company, its successors and assigns.

The commissioners met last evening at Mr. Hazelton's office when the resolution was submitted to them. They decided that it was exactly what they wanted and in-Omaha road. If the resolution is satisfactory to the railway company seeking the right of way action on it will be taken at the metting of the board Tuesday night.

Test is anxious that all the members attend. The meeting is for the purpose of organizing the committee and outlining the work it is to take up in promoting the interests of the city. There has been some fear expressed that the would come in conflict with the Merchants' and Manufacturers' association and that there was now no need of such a committee, since the former association has been reorganized and taken a new lease of General Test, who is chairman both of the Board of Trade committee and of the executive committee of the Merchants and Manufacturers' association, does not look at it in this light. He says:

"There is no occasion for any conflict between the Board of Trade committee and the their line between this place and Sac City. Merchants' and Manufacturers' association. They can work together in everything that to Sac City, Storm Lake, Sloux Rapids and is undertaken. Instead of it being a mistake, as some claim, to have two commercial organizations. TO PREVENT SPREAD OF CONTAGION

The ordinance providing rules and regulations to prevent the spread of contagious IN THE INTEREST OF THE FORT DODGE LINE and infectious diseases and for the quarantine of persons infected or exposed to such diseases, passed by the council last Monday night, went into effect yesterday. The local health authorities do not intend, however, enforcing this ordinance in cases of measles, the purpose of preventing a spread of smallpox in the city.

The rules of the State Board of Health that the members of the household in which precautions to prevent exposing others to it. In all cases of measles the local health uthorities require that all the children in the family where the disease exists shall pelled to stay within the house, neither the head of the family or others required to stay away from the place where he or they may be working or employed.

The ordinance that went into effect yes terday requires in all cases of infectious diseases, under which head measles is listed, that all persons who have been exposed or infected shall remain upon their premises and are strictly forbidden to associate with or expose other citizens. This, however, as before stated, will not be enforced in the case of measles. Ever since the ordinance was published inquiries have been made at the city hall by persons having measles in their family as to whether its provisions

were intended to apply to their cases. One provision of the ordinance will, how ever, be carried out in the case of measles which involves considerable extra work for the city clerk, and that is the one relating to the public library and the taking of books from same by members of a family in which a case of infectious or contagious disease exists. Under the ordinance the duty now devolves upon the city clerk to furnish the librarian with the name and residence of all persons reported to the Board of Health as having or being infected with contagious diseases. The ordinance further provides that no books shall be allowed to be taken from the library to the houses where persons infected with contagious diseases reside and also that no books shall be received into the library from houses where any case of infectious disease exists. vision of the ordinance would result in a large loss to the library, as there is a large number of books at present in circulation at

Railroad company, its successors and assigns, shall at all times construct, keep and maintain an ample and sufficient waterway under its tracks at the lower or south end of the lake in said park over which its tracks shall cross.

significant Remark of English Secre tary in House of Commons. WASHINGTON, Feb. 40.-The Samoan trouble is assuming a somewhat new phase,

according to the view of leading diplomatic authorities and one likely to bring about in adjustment on lines not heretofore con templated. This is in part foreshadowed in the official statement of the parliamentary secretary in the House of Commons yesterday to the effect that further information would be awaited before considering he recognition of Mataafa as king of Samoa. Matasfa is not the claimant who has thus far received the support of the British and American authorities, as they have upheld Malietoa Tanus, who had been declared by Chief Justice Chambers, an American, as rightfully entitled to the throne. While the innouncement in the House of Commons is open to various interpretations, yet it seems o imply quite clearly that the recognition of Mataafa, who was upheld by the Germans, may be taken into consideration.

NO CONCESSIONS IN ISLANDS President Sends a Reply to a Senate Inquiry-Copy of Note Sent Dur-ing Spanish Occupation.

WASHINGTON, Feb. 10.-The president has transmitted to the senate a statement in reply to a resolution inquiring whether any franchises or concessions have been granted in Cuba since the military occupa THROUGH DOUBLE SERVICE TO ST, LOUIS tion of that island. The secretary says that none have been granted, that the executive orders dated December 22, 1898, bearing on this subject have been communicated to the commanding generals in Cuba and Porto Rico and that the department is not advised that any concessions have been made. The secretary includes in the correspondence : letter from President McKinley to Chairman Wade of the evacuation committee, dated January 12, calling attention to the report that the local authorities were preparing to put up for auction franchises covering the rights to construct rallroads to the most important parts of the island of Cuba. In the course of his letter the president says:

It cannot be permitted that the persons nominally representing the remnants of Spanish government there shall in this manner sell the franchises of the country island to obligations of such importance.

The existing Spanish authority in Cuba is permitted to be considered by the United States merely as a matter of convenience. a sovereignty which they do not possess to commit acts so injurious to the people of the island. The president can conceive no good reason why this long dormant power should need to be exercised at the present time, and he conceives that its exercise is intended to be practically hostile and in defiance of the rights and authority of the United States.

He then instructed General Wade, if necessary, to secure desistance from the project, to take over the full occupation of the city of Havana and nominally the whole island of Cuba prior to December 29, the date

PRIVATE PENSION BILLS PASSED. Among Them is One Granting General

Palmer \$50 Per Month. WASHINGTON, Feb. 10,—At tonight's session of the house thirty-one private pension bills were passed. Among them were the senate bill to pension Letitia Tyler Semple, the daughter of President Tyler, and the senate bill to pension ex-Senator Palmer of Illinois at the rate of \$50 a month.

The amount carried by the bill to pension Mrs. Semple was reduced from \$50 to \$20 per month. In the course of discussion on the bill to pension General Palmer it developed that he was absolutely without means and was practically blind. Mr. Brucker, democrat of Michigan, recalled the fact that General Palmer had been the candidate of the gold democrats for president in 1896 and suggested that that might account for the fact that this bill was pushed through within a month after its introduction. Mr. Talbot of South Carolina moved that the pension be paid in silver.
"General Palmer is in favor of sound

noney," said he; "let us pay him in good old silver of the constitution." The motion was not entertained by Mr. Connelly, republican of Hillnois, who was in the chair. At 10:30 the house adjourned.
