Books have been offered for the use of prisoners, but no one cares to take the trouble to come for them-Mr. Baird said if the board will authorize the distribution he will see to it personally that the books reach the prisoners. He carried his point and the distribution was

authorized. Another matter that brought forth considerable discussion was that of the insurance on the library. At present the library carried in nine different companies. Six of these policies came up for renewal yesterday and Judge Walter 1. Smith suggested that the amount of the insurance be reduced to nine policies of \$1,200 each, making in all \$10,800, which he believed to be ample. The reduction in the insurance was opposed by Member Rohrer and on the

motion being put to the vote it was lost and the policies at the old amount were ordered renewed. Chairman Edmunson of the book committee submitted a list of new books for purchase, amounting to \$227. President Bloomer objected to several books on the list, costing from \$5 to \$10 each, which in

Body is an Intriente Machine.

Did you ever ask yourself why you suffer? Why do you? Do not pass this question without a thought. Why do you suffer? Why? I will tell you why. If you are not in perfect health some part of your body is out of adjustment. Some muscle, ligament, vessel, nerve or bone has gotten out of adjustment. How can you get relief? By having the parts adjusted.

Look the body over until you find the cause, then fix it. This is OSTEOPATHY. Fix the body like you would the sewing machine. Fix the machine, fix the body. OSTEOPATHY has found the cause of the following diseases, and if taken in time is a certain cure: Nervousness, Piles, Constitution, Rheumatism, Asthma, Indigestion, all forms of stomach trouble, Catarrh, Pain-in-Back, Paralysis, Withered Limbs, Dislocations, Heart, Ling, Kidney, Liver and Bladder trouble, Dropsy, Granulated Eyelids, Fits, Slek Headsche, Diarrhoen, Goitre and Enlarged Prostate,

OSTEOPATHY has cured thousands of women given up as incurable by other systems of treatment. It has cured a greater per cent of diseases of women than any other one. All are benefited and 25 out of every 100 cases treated are absolutely cured. Body is an Intriente Machine.
