WITNESSES REPORT TO COURT

All is in Readiness to Pursue the Inquiry into the Condition of Army Beef.

SENATE ENACTS CONSIDERABLE AMOUNT OF MISCELLANEOUS LEGISLATION, INCLUDING THE GRANTING OF SEVERAL RIGHTS-OF-WAY.

WASHINGTON, Feb. 18.—The senate spent most of the day on the postal appropriation bill, but failed to complete it. After an animated discussion of the pneumatic tube system, Mr. Cullom's amendment increasing the appropriation for this purpose and designed to extend the system to Chicago was adopted. An order of the old route developments was heard when several senators criticized the method by which a combination of speculators secured the star route contracts.

SIGNS OF COMING TROUBLE

Significant Letter Written in December by Member of First Nebraska. MANY CAUSES OF FRICTION AT MANILA. Natives Unwilling to Listen to Anything but Independence—Trade Relations Disturbed by the New Regime.

WASHINGTON, Feb. 18.—(Special.)—Congressman Mercer is in receipt of the following letter from Germain E. Towl of South Omaha, who is with the First Nebraska in the Philippines. The letter is a long one and reflects the statement of Agonillo, now in Canada, that the American troops were the aggressors in the recent battle of Manila.

WORK FOR THE EXPOSITION

Senators from Nebraska Join Hands to Push the Greater America Project.

WASHINGTON, Feb. 18.—(Special Telegram.)—Senator Thurston, who has received urgent requests from representatives of citizens of Omaha to hasten the passage of his joint resolution relative to the Greater America Exposition, will, in all probability, attempt to take up the matter on Monday or just as soon thereafter. The declaration of Senator Allen is understood to favor the same and will add his influence in securing favorable congressional consideration of the project.

GENERAL HAVES NO BOD OF ROSES

General Miles has been an unenviable burden of responsibility. His policy toward the natives may establish confidence and friendly relations, or plunge us into an inglorious and ludicrous warfare. You have already heard the complaint of the natives that they have been treated as inferiors and that they are being treated as such.

CHIEFMAN FEELS THAT CANAL ENCUMBRANCE WILL CAUSE HIS DEFEAT

WASHINGTON, Feb. 18.—Chairman Burton of the river and harbor committee stated today that he feared the river and harbor bill would fail to become a law as the result of the action of the senate commerce committee in adding the Nicaragua canal amendment.

CAUSE OF DISSENT

American stock is fast below par with the natives. When we first came into the city they stood on the street corners to yell "Amigo" as we passed. Now the guards move them off the street corners and they never hear them say again, "Amigo mucho buero." When we entered the city the natives tried to tempt us with the effects of this temporary advance in the price of a single article, which was so marked in the short period it continued, is likely to stimulate a desire for a return to that condition permanently and an extension of it to all other products.

OMAHA NAME ON DEATH LIST

Abraham Keller, Thought to Be a Former Employee of a Local Firm, Dies in Havana.

WASHINGTON, Feb. 18.—The following bulletin was posted at the War department today.

ADVANTAGE WITH CANADIAN ROADS

WASHINGTON, Feb. 18.—A statement has been prepared at the Treasury department which shows that in the excitement of the 1898 the number of cars loaded with goods shipped through the United States from one point in Canada to another was 10,966, the contents of which weighed 299,900 tons.

RES-OLVED HOLDERS DISSENT

Among the inhabitants of Manila there is another large class of dissenters, the so-called holders of the Caillan rule. They are natives who have been the grantees and other petty officers before the overthrow of the government. Hoping to hold their positions under the Americans they had an objection to the new government.

NAVY APPROPRIATIONS IN HOUSE

Time is Consumed Principally with Enactment of Amendments. WASHINGTON, Feb. 18.—The house today spent two hours upon the naval appropriation bill without making any progress and devoted the remainder of the session to enacting amendments to the bill.

best for our common good. It will be a big job of cutting and fitting before the garment (I was going to say yoke) has the right cut. The busy part of it is the natives are likely to do some cutting of their own.

There is a rumor on foot that our regiment is to be sent out to occupy the work station about seven miles further from the city than we are at present. While we would deplore trouble with the natives, we are pleased to be in a position where there is anything in the way of active service in view.
