

CRUCIAL TEST THIS WEEK

Something Definite Likely to Happen in the Senatorial Struggle.

CANDIDATES AND MEMBERS GROW WEARY

Course of the Hayward Managers is Believed to be to Push the Caucus Petition as Vigorously as Possible.

LINCOLN, Feb. 19.—(Special.)—In the opinion of many the coming week is to be the crucial time in the senatorial struggle. The long-drawn-out contest has wearied the individual members and the candidates themselves are in the way of a decisive process.

The exact plans of the contending forces are not known, but it is believed that the course of the Hayward managers will be to push the caucus petition as vigorously as possible and at the same time to gain as many votes as possible from members now supporting the scattering candidates.

The Hayward people have another good reason to desire all possible votes to bunch up for their candidate before the caucus is held. The optional ballot now proposed would allow each member to vote openly or deposited a secret ballot when his name was called.

This condition of affairs makes the Hayward men favor the optional ballot compromise, believing that it will result in effect to an open ballot. The Thompson men have all along contended for a secret ballot and detecting the trap into which they were about to be led decline to accept the compromise.

The petition for a caucus is still twelve names short of the required number under the rules adopted and it remains to be seen whether the necessary ones can be secured.

DAMAGE TO THE WHEAT CROP. COLUMBUS, Neb., Feb. 19.—(Special.)—Reports have been received from several parts of the county to the effect that the winter wheat in some localities has been greatly damaged by the recent long cold.

Some places have been reported as total failures. Those who have examined the fields say that if there had been even a slight covering of snow the germ would have withstood the extreme cold.

An enthusiastic convention of stockmen was held in this city last evening, some fifteen Nebraska counties being represented by delegates. Several papers were read on stock feeding and best culture and some good addresses were also made.

FOR LAFAYETTE MONUMENT

Meeting Under Auspices of Sons of American Revolution Remembers the Early Friend of America.

WASHINGTON, Feb. 19.—Columbia theater was well filled tonight at a meeting held under the auspices of the society of the Sons of the American Revolution in aid of the fund for the proposed statue of Lafayette to be erected by Americans in Paris during the exposition year.

The "final response of a foreign friend to the black-bordered appeal to God and man issued by our ancestors in the year 1774," considered the condition of the colonies at that portentous moment in the world's history.

It is the erection of a monument to our own ideals; it is a challenge to the world which we have met in the years that have followed.

It is an answer to the prayer of him to whom it shall be dedicated. The opening of the twentieth century shall be heralded to the world as a promised era of good fellowship and brotherly love upon a broader basis than ever before.

And France! Let us not forget in these crises of the world the memory of the great republic, a lasting emblem of the gratitude of the world to her for her part in the struggle for freedom.

Let us not forget in these crises of the world the memory of the great republic, a lasting emblem of the gratitude of the world to her for her part in the struggle for freedom.

Let us not forget in these crises of the world the memory of the great republic, a lasting emblem of the gratitude of the world to her for her part in the struggle for freedom.

PENDING ARMY LEGISLATION

Most Important Subject Before Congress Dissected by War Department.

ALGER EXPLAINS "ALLEGED LAMENESS"

Says Criticism Heaped on Department is Due to Lack of Trained Staff Officers—Advantages of the Bills.

WASHINGTON, Feb. 19.—The following statement from the War department on pending army legislation and the needs of the service was issued today:

"On Monday the senate will take up what is conceded to be the most important subject before congress for consideration of the regular army. The military committee has submitted two bills for its consideration. One of these, the Hull—Hull bill, is reported with but few amendments by its chairman, Senator Hawley, an expert in matters relating to military organization. It has been perfected by the committee, including the democratic members, in several particulars, the most noteworthy and valuable being, perhaps, the provision increasing the corps of cadets by 100 and insuring an adequate source of recruits for vacant second lieutenancies. The measure preserves the present organization and slightly strengthens the cavalry, augments the artillery and organizes that arm on a scientific basis, suited to our conditions, gives to the infantry the most complete organization and makes only such additions to the staff as are absolutely indispensable. Under its provisions entrance to all branches of the army cannot be obtained until the candidate for a commission has demonstrated his fitness for it to the satisfaction of a competent examining board. There is a clause empowering the president to extend or contract the enlisted strength according to the necessities of the country, providing for the first time a scheme adopted long since for all modern European military systems.

"The other bill is brought forward by Senator Cockrell, its first section directing the disbandment of the volunteer army within a specified period after the peace treaty shall have been ratified by Spain. Sections 2 and 3 contain its principal provisions. By the former authority is conferred for continuing the regular army at its war strength until July 1, 1901, while the latter section authorizes the president to raise military forces to the number of 35,000 in Cuba, Porto Rico and the islands of the Pacific, to be known respectively as the Army of Cuba, the Army of Porto Rico and the Army of the Islands, and one general officer for each of the inhabitants of such islands. No organization is provided in the bill for this force nor does it determine what relation it shall sustain toward the permanent military establishment of the United States, and no professional, educational or other test is prescribed for the general officer for each of the islands. The bill does not provide for any additional general officers greatly needed in the administration of affairs in Cuba, Porto Rico and the Philippines. It would leave the army as now organized, but with three major generals and six brigadier generals, which allows but one general officer for each of the military departments in the United States and one for commanding general of the army.

"Cuba now constitutes a military division commanded by a major general and more or less comprising six brigades, all commanded by general officers of volunteers. In Porto Rico there is a necessity for at least one general officer and in the Philippines for the general officers required for an army corps, so that if Senator Cockrell's bill should become a law it would leave the army deficient, not only in enlisted force, but without general officers to administer the important duties now devolving upon the government. Moreover, the bill falls far short of the necessities of the situation in our new possessions.

"The criticism that has been heaped upon the department has been caused by the absence of sufficiently trained staff officers. This alleged lameness, however, is due to the fact that the department has not had time to train a sufficient number of staff officers. The department is now endeavoring to remedy this defect by the appointment of a sufficient number of staff officers. The department is now endeavoring to remedy this defect by the appointment of a sufficient number of staff officers.

"The department is now endeavoring to remedy this defect by the appointment of a sufficient number of staff officers. The department is now endeavoring to remedy this defect by the appointment of a sufficient number of staff officers.

AMUSEMENTS

"My Friend from India," DuSoushe's three-act farce comedy, kept a large Sunday night audience at Boyd's theater in an uproar of laughter during almost its entire progress. It is one of this popular author's best pieces and is a comedy of bright and humorous dialogue that abounds in situations so extremely funny that they can hardly be put to make even the most hardened theater goer laugh convulsively. The theme is a somewhat novel one, being that of theosophy. The author has, however, not lost sight of the novel-dramatist's favorite theme and through the work and wit of his humorous lines he has woven a couple of bright love stories, the plot and the incidents of a capable company throughout. George Mack, who has been seen here often before with Henshaw & Ten Broeck, plays the title role in a very clever manner; Ethel and Mabel Strickland, who will be remembered here having been with the John Stapleton company, each has congenial roles; Charles Bradshaw injects lots of comedy into the part of a retired pork packer; Louise Arnot handles the part of a widow looking for her third husband in a natural way, while Ada Gilman makes a great deal out of the small part of a German servant girl. The piece continues for three more nights, with a special Washington's birthday matinee Wednesday.

BEFORE THE WOMEN'S COUNCIL

Mrs. Adams of Iowa Delivers an Address on the Work of St. Hilda of Whitby.

WASHINGTON, Feb. 19.—There was a large audience at the annual public meeting today at the church of Our Father of the triennial session of the National Council of Women. Several interesting papers were read. The business of the council will be closed at a secret session tomorrow.

"The message of the Madonna," by Mary Newbury Adams of Iowa entitled, "St. Hilda of Whitby; How Abbesses Were Educators and Civilizers."

BLAZE AT BEETLECE.

BEAUCHE, Neb., Feb. 19.—(Special Telegram.)—A barn on the premises occupied by Henry Stoll on Bell street was destroyed by fire last night, together with one horse, buggy, grain and household goods stored in the building. Adjoining buildings were also damaged. Total loss about \$1,000. Stoll carried about \$200 insurance in the Home. Owing to the inability of anyone to rouse the central telephone station, over twenty minutes' delay was occasioned in making an alarm.

DEATH RECORD.

WALTHY KANAS MINER. GALENA, Kan., Feb. 19.—J. S. Graham, a wealthy miner, died here today after a brief illness. Although he had an ample fortune in the lead mines in this vicinity, Graham never revealed his antecedents. As far as can be learned Graham came here five years ago from Colorado, where he was an interested partner in a silver mine and had been in the lumber business.

LUTHER CHAPIN, FOUNDER OF U. A. M. PHILADELPHIA, Feb. 19.—Luther Chapin, senior founder of the order of United American Mechanics, died at his home in this city today. He was 83 years old. His death was due to general debility. His organization of the first lodge followed the native American riots of 1844.

Mrs. ZACHARIAH CHANDLER. DETROIT, Mich., Feb. 19.—Mrs. Zachariah Chandler, wife of the famous Michigan statesman, died this afternoon. She had been a sufferer for several months from various infirmities incident to old age, to which she finally succumbed.

OLD RESIDENT OF FALLS CITY. FALLS CITY, Neb., Feb. 19.—(Special Telegram.)—John N. Hanna died in this city Friday night, aged 73 years. Mr. Hanna was an old resident of this city. The funeral occurred Saturday afternoon.

FISHING VESSELS CARRIED OUT TO SEA. BALTIMORE, Feb. 19.—A special dispatch from Cape Charles, Va., to the Herald says: Fifty oyster boats and their crews have been carried out to sea by drifting ice from Magothy's bay. It is believed many are manned and the crews may suffer. Tugs will be sent to overhaul the vessels. Five bodies, two white and three colored, floated ashore on Smith's island today.

COULD NOT SLEEP. Mrs. PINKHAM Relieved Her of All Her Troubles.

Mrs. MADGE BARCOCK, 176 Second St., Grand Rapids, Mich., had ovarian trouble with its attendant aches and pains, now she is well. Here are her own words: "I am your Vegetable Compound man. I have made me feel like a new person. Before I began taking it I was all run down, felt tired and sleepy most of the time. I had pains in my back and side, and such terrible headaches all the time, and could not sleep well nights. I felt so had ovarian trouble. Through the advice of a friend I began the use of Lydia E. Pinkham's Vegetable Compound, and since taking it all troubles have gone. My monthly sickness used to be so painful, but have not had the slightest pain since taking your medicine. I cannot praise your Vegetable Compound too much. My husband and friends see such a change in me. I look so much better and have some color in my face."

Therefore, if power can be transmitted at a loss of only 10 or even 20 per cent it would seem a practical proposition for Omaha.

It was intended at one time to spend \$1,500,000 to develop 16,000 horse power for Omaha by building the Platte river canal. The project today is impracticable. All the waters of the Loup and Platte rivers are appropriated. It is safe to say that
