

FAMILY TANGLE UNRAVELED

Chase Installs Brother in Hotel and Latter's Wife Clings to Property.

COURT DISMISSES THE CLAIM OF THE WIDOW

Disinterested Act is Not Allowed to Bring Financial Loss Upon the Performer and He Finds a Hotel on His Hands.

CHEYENNE, Wyo., March 9.—(Special.)—An important decree and opinion by Judge Hallett was handed down in the United States court here this afternoon. The decree dismisses the suit of Mary E. Chase, widow of John Chase, against Edward Chase, of Denver. The opinion, in part, being as follows:

Mary E. Chase, as the widow of John Chase, asserts a homestead right to the land in the Ocean hotel property in the city of Cheyenne, and insists that she is entitled to a deed for one-half interest in the property made by John Chase October 15, 1885, to the respondent, Edward Chase.

The bill charges that John and Edward Chase, brothers, bought the property in December, 1881, and paid for it \$16,000, each paying one-half of the purchase price.

The bill charges that John and Edward Chase, brothers, bought the property in December, 1881, and paid for it \$16,000, each paying one-half of the purchase price.

On October 15, 1885, when John conveyed to Edward his interest in the hotel, he had arisen in John Chase's name, was largely in debt and his creditors threatened to collect their dues by process of law.

SETTLEMENT ON INDIAN LANDS

Act of Congress Relieves Homesteaders from Double Payment.

CHAMBERLAIN'S REPORT

(Special.)—The sundry civil bill, passed by congress at the last moment, contained a clause that is of vital interest to this section of the state.

The paragraph referred to here provides that all persons who may have heretofore taken up under the act of 1862 a portion of the great Sioux reservation which was opened up to settlement by virtue of an act passed on March 2, 1885, may secure patents for the lands embraced in their entry upon making the payment of the required section 21 of said act, and that no other payment shall be required of said claimants.

Several years ago the commissioner of the general land office ruled that settlers upon the ceded Sioux lands would have to pay \$1.25 per acre for the land, and the regular homestead fee, in addition to the fee awarded to the Indians for the land, thus making a double charge.

This action of congress waives the payment of the \$1.25 homestead fee declared by the commissioner, and the double charge was due has discouraged settlement and the present action of congress will naturally relieve the whole situation.

THRILLING ESCAPE OF A CAR

Motorman of Halsted Street Car Saves It from a Plunge Into the Chicago River.

CHICAGO, March 9.—Fifty people narrowly escaped death tonight in an accident to a Halsted street electric car at North Halsted street bridge.

Approaching the bridge at a rapid rate of speed, the motorman of the car failed to notice that the bridge was open. Within a few feet of the river he suddenly discovered the danger and put on the reverse electric current. In spite of his efforts the front part of the car ran down upon the abutments of the bridge and hung there.

One foot further and it would have plunged into the river thirty feet below, and as it was jammed with passengers the loss of life must have been frightful. The motorman, thinking the car was doomed, warned the passengers and they jumped into the river. The tipping of the car on the abutment, accompanied by the motorman's warning, caused a panic among the passengers, and they made a wild stampede for the doors. During the escape several of the passengers were injured. They are:

Albert Rose, ankle sprained. Mrs. Mary Farnsworth, prostrated by fright. Charles Richter, ankle sprained. Charles O'Houlahan, cut by falling glass from the windows of the car.

The motorman, after jumping into the river, managed to clutch some piles and keep his head above water until he was dragged out.

WRANGLER DESIRES TO SECEDE Believe Under Canadian Rule the Town Would Be the Center of Trade for the Interior.

SEATTLE, March 9.—The citizens of Fort Wrangel, Alaska, are said by late arrivals from the north to be drawing up a petition asking the joint high commission to cede their town to Canada. This is one of the oldest settlements in Alaska. The town is situated on the coast of the Gulf of Alaska, and is one of the oldest settlements in Alaska and has about 500 population.

The citizens of Fort Wrangel, Alaska, are said by late arrivals from the north to be drawing up a petition asking the joint high commission to cede their town to Canada.

IN A PUZZLING POSITION

England's Lord of Admiralty on the Naval Estimates for the Year.

WILL MODIFY ARMAMENT IF OTHERS DO

United States, Russia, France and Germany are making a race to build the largest battleships.

LONDON, March 9.—In introducing the navy estimates in the House of Commons today the first lord of the admiralty, the Right Hon. George J. Goschen, said never had estimates been submitted under more uncertain circumstances. Ahead was the conference for international disarmament, while behind were the incidents of last November, and while a comparison of the naval strength of the various countries was in everybody's mouth the striking confidence was shown in British preparedness to meet all emergencies.

The continental powers, he said, were disturbed by the allegation that Great Britain was preparing with a particular purpose for aggressive action, but the minister asserted, the idea never entered the mind of the government. He then proceeded to refer to shipbuilding which he said was the war part on the northern coast of the Shantung peninsula—a secondary naval base.

Referring to shipbuilding he said the government proposed to make Wel-Hai-Wei the port of call for the fleet. He said that the cost of the program would be increased 4,250 men, making a total of 110,640, at a cost of \$7,474,000.

Pay of Personnel. Comparing the pay of the personnel Mr. Goschen said that while Great Britain paid \$7,000,000 a year France \$3,000,000 Russia paid only \$445,000. He could not understand how that was, but that was all the estimates revealed.

Referring to shipbuilding he said the government proposed to make Wel-Hai-Wei the port of call for the fleet. He said that the cost of the program would be increased 4,250 men, making a total of 110,640, at a cost of \$7,474,000.

Referring to shipbuilding he said the government proposed to make Wel-Hai-Wei the port of call for the fleet. He said that the cost of the program would be increased 4,250 men, making a total of 110,640, at a cost of \$7,474,000.
