> At the November election the voters of Pottawattamie county will be called upon to vote for a county treasurer, sheriff, county school superintendent and two members of the Board of Supervisors. In addition to these offices they will also be called upon to elect a state senator and two representatives. The present indications are that the campaign promises to be a most lively one and that with the exception of county treasurer the field of candidates will be large one.

William Arnd, the present incumbent of the county treasurer's office has held the position for two terms and so far no oppo sition to his serving a third time has developed. It is generally conceded that he will secure a renomination,

With regard to the office of sheriff it is very different matter and there is already field, all of whom are out redhot after the nomination, John Morgan, the present sheriff, has had two terms and is willing to serve the county for another two years and has declared himself as out for a renomination. Two of his deputies are also after

the nomination and have both for some getting in their work among their friends. Weightman. Cousins is an old soldier and port of his old comrades. Weightman has served four years as a deputy under Sheriff tominent in local politics.

Edward Canning, who held the position o city marshal and chief of police under the late republican administration, has declared himself a candidate for sheriff this fall. After the young man's arrest in Omeha he was brought back here Thursday afternoon, but the fact that he was in custody was kept secret by the policy. When confronted by Mrs. Dawson, a neighbor of the Bloomers, who had seen him leave the house, he broke down and confessed to the robbery. He drew from his stocking the watch that had been stolen and offered to accompany the officers to South Omaha, where he said the booty had been secreted by him. The officers accompanied him there and returned about 11 o'clock with practically all of the stolen goods in their possession. The matter of his arrest was kept secret until he was placed behind the bars and even the sergeant on night duty was not aware that he was in custody. The reason for this, Chief Bixby explained yesterday, was that they believed he had a partner who was implicated in the rob- what of a bitter one. Hon, N. M. Pusey, the bery. Searles Fills the Vacancy. E. P. Searles, president of the Monarch Manufacturing company, has been selected by the democratic city central committee to fill the vacancy on the school board ticket caused by the refusal of L. A. Devine to accept the nomination. The selection was finally arrived at yesterday afternoon after the committee had been in session several hours the night before without being able to make a choice. It was said yesterday that J. J. Stewart and J. K. Coopey, two of the democratic members of the board, informed the committee that they were in favor of the party endorsing the nomination of J. P. Hess, one of the republican candidates. This, however, was opposed by a majority of the committee, with the result that after hunting the city over a candidate they finally induced Mr. Searles to allow his name to be coupled with that of Dr. Macrae on the ticket.

Court Notes.

The trial of John Lawrence and R. B. Tracy on the charge of stealing E. M. Lorenz's chickens was completed in the district court yesterday afternoon shortly after the noon adjournment and the case given to the jury. Up to a late hour last night the jury had failed to arrive at a verdict. During the course of the trial the question of the identity of the stolen fowl had arisen and in his closing argument to the jury the attorney for the defendants laid special stress on this, claiming that it had not been proven by the prosecution that the birds found in their possession were the ones

stolen from Lorenz. Immediately at the close of this case the efendants were again placed on trial, this me on the charge of breaking into a school ouse in the neighborhood of Lorenz's house on the night that his hen coop was raided. It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the socalled cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui.
