Military Assembly Takes Up the Question of Dishanding and Allowing Members to Do as They Please.

HAVANA, March 21 .- Major F. Martinez of the Cuban forces, who was shot last even ing at the Hotel Inglaterra by Police Lieutenant Emil Cassin, the former trumpeter of the Rough Riders, is not expected to live. Cassin has been placed in Jail. His action is generally condemned as unwarranted and

as due to his excitable temperament. The Cuban army has 13,259 men, all told. This number includes corporals and sergeants, but excludes commissioned officers. The figures are the result of the official inquiry instituted under the direction of the department commanders for the use of the military administration. The reports of the governors of the provinces are as follows: Santiago, none; Puerto Principe, 200; Santa Clara, 4,769; Matanzas, 2,200; Havana province, 2,450, which includes 375 in the city of Havana, and Pinar del Rio, 3,500.

ON BABY'S FACE

Mother Ashamed to Take Him Out. Everything Failed to Cure. CUTICURA Cured in 3 Days.

I have had my baby sick with his face full of ringworm, and tried everything and failed. I was ashamed to take him out, for every one would look at him. I was told to get Curicuna. I get it on Wednesday, and by Saturday his face was all dried up. Now I can take him everywhere. I cannot say enough about Curicura. If people only knew about how his face looked a week ago, and see it to-day, they would never be without it.

WORTH ITS WEIGHT IN GOLD.

For Constitution, Indigestion and Sleepless Nights. I have been troubled for the past 20 years with constipation, indidestion and sleepless nights, but since taking your Dr. Kay's Renovator I can sleep like a child and am not troubled in the least with the above named diseases. Dr. Kay's Renovator EDITOR OF "BRYAN'S PAPER" CURED.

The editor of the Omaha Weekly World-Herald is cured of a complicated stomach trouble after the three best physicians in the state failed: "For years I was troubled with indigestion so severe as to make it impossible to take more than two meals a day without intense suffering. I grew worse gradually until July 1895, I was suddenly attacked with increased pain and soreness over the pit of my stomach and sharp pains in my right side which rapidly increased until I could scarcely get my breath. A physician was called for immediate relief and hypodermic injections of morphine resorted to. I was 4 out in about a week but had a second attack the following August, more intense than before. I lost 22 pounds in 9 days and was left wholly unable to take any nourishment. I lived on lime water and a very little milk for several days after. For one year I carried morphine pellets in my pockets ready for an emergency. All this time my stomach was sore and very sensitive and I was getting nearer and nearer to a final collapse. I tried three of the best physicians in the state but they failed to give me relief. Having litterly failed to obtain relief, I flually made arrangements to go to Chicago to be treated when I chanced to get a sample package of Dr. Kay's Renovator. 1 was induced to try it, not having the least faith in its virtues. The sample relieved me and I purchased a 25-cent box. Before it was all used I had so improved that I was taking three meals a day, which I had not done for years. I then used one package of the large Dr. Kay's Renovator and one more of the small size. It is eight 🚯 months since I commenced using Dr. Kay's Renovator and I now have no symptoms whatever of my old trouble. I have recommended it to many of my friends for stomach trouble and I think all have reported relief." GEO. W. HERVEY.
