COUNCIL COMMITTEE SOLVES A PROBLEM

Waiver from Holders of Warrants that They Be Paid in Priority of Presentation is Suggested.

The finance committee of the city council has under consideration a plan which it hopes will result in allowing the city treasurer to pay out most of the cash now lying T. M. successful. The plan is to secure a waiver from holders of current warrants of all claims against the city. In case the warrants are noid in the order of their presentation, which would mean that the holders of warrants issued for current expenses would waive their rights of priority. In view of the unsatisfactory decisions reached in the Phillips against Reed and the Shea cases it is considered very doubtful if the holders of these warrants have any right of priority. This view is taken in the opinion furnished the William Moore, representing the directors of the Grand Hotel company, goes to Kansas City today to complete the deal whereby

In compliance with your request for my written opinion as to the law governing the payment of warrants issued by the city of Council Bluffs and now outstanding, and which will govern the city treasurer of this city ultimately in the payment of such war-rants, and particularly with reference to the order of payment, I beg to report, after due

The receipts in the manager's fund amounted to \$23.39, being \$11.61 below the needs of the week and leaving a deficiency to that amount in the fund.

Change of such contract could be made by the state legislature, it logically follows that these warrants must be paid in the order of their presentation, and such is my opinion of the law. This view of the case applies to all old warrants outstanding.

If the supreme court should ultimately determine the law adversely with these opinions, I do not believe that the city treasurer would be protected by reason of such opinions. While I do not apprehend that the supreme court will ever hold so, yet I would not advise the city treasurer that he and his bondsmen are absolutely pro-tected in following the mere opinion of counsel in a case where an actual contro-versy has arisen which has not been au-

thoritatively determined.
Of course, if the city were in a condition o discharge all of its warrants there would one connected with The Bee will be allowed be no difficulty in disposing of this controversy without litigation, but as its funds are inadequate to do this and the right of payments is of vital importance to the holders of the several classes of warrants, the city and its treasurer are certain front the rightfulness and legality of their payment.

THE BEE WHEEL CONTESTS

The More that Enter the Contests, the Easter the Wheels Will Be Won.

Every boy and girl will want to ride a wheel this spring and The Bee is going to give you a chance to get one in a very simple way. What is more, it is going to let you pick out any make wheel you want. for it knows you all want a certain make, 'which is the only make on earth."

Now let us tell you how The Bee is going to give the wheels away. We want a lot of new subscribers to The Bee in Council Bluffs. As soon as the first 300 orders have been handed into our office the fire court to consider or pass upon the question | test closes and we will award the wheel to the one bringing the most orders out of this 300. Then Contest No. 1 closes and Contest No. 2 opens on the next 300 orders.

Just see how easy this is. Say only thirty not have to get very many orders, you see. girls and boys start out on March 1 to get subscribers. They only have to average ten apiece to make the total, so the winner will You want to start in early and hand in your orders as soon as possible.

Now about the orders. Each order must be for an actual new Council Bluffs subscriber. Each subscriber must take The Bee for at least three weeks and pay for it in order to be counted. It is better, but not advance it will count one on your score for each three weeks for which it is prepaid. that the citizens of Callender subscribe a For example: If a subscriber pays in ad- fund for the purpose of establishing a free vance for six weeks, it counts two; if he pays for twelve weeks, it will count four; if he pays for one year, it will count seventeen. Search for an Erring Husband. Mrs. Flora Clause, who has a 16-months' old baby with her, is being detained at the police station on complaint of Mrs. J. M. Roth of Hamburg, Ia. No formal charge has as yet been made against the woman, as Mrs. Roth is trying to locate her husband with whom she alleges Mrs. Clause has been living at a hotel in this city. Mrs. Roth came here from Hamburg in search of her husband and discovered that he and Mrs. Clause had registered at a hotel on Broadway as man and wife under assumed names. Roth in some manner got wind of his wife being in the city and is said to have skipped agross the river. The police declined to take steps looking toward Roth's arrest until his wife had filed an information against him. So far she has failed to do this, as she believes that if she can see him and talk matters over he will go home with

According to Mrs. Roth's story her hus band left Hamburg two weeks ago. Shortly after he left she heard rumors that Mrs. Clause, who formerly lived in Hamburg, was nishment in the case of the Globe Publish- in the city here with him. #### WILL MAKE BINDING TWINE

State Board of Control Decides to Embark in Its Manufacture.

UTILIZE CONVICTS IN THE PENITENTIARY

Penal Institution at Anamosa-Estimate of Cost for Starting the Project.

DES MOINES, March 21 .- (Special Tele gram.)-That Iowa will soon have a binding twine plant at one of its penitentiaries was developed today. The question of utilization of the labor of the inmates of Iowa institutions was the first to be taken up at the conference between the members of the State Board of Control and state superintendents, which opened at the state house this afternoon.

The subject was brought before the confer ence in a paper by Dr. Gershon H. Hill, to whom this topic was assigned at the close of the last conference. The labor problem is fast becoming one of the most serious that either the Board of Control or the superintendents of institutions are called upon to solve. The work upon the buildings at Anamesa, at which 500 or 600 convicts have been kept employed for a number of years quarrying the rock from the quarries near by, hauling it to the institution and putting it into the buildings, is almost completed. The last building will be finished this year.

To employ the labor which will thereafter be idle it is proposed by the board to establish a twine plant where binding twine will be manufactured from the raw material of sisal or manila and furnished to the farmers of the state at practically cost. The board has adopted this plan on the theory that it will be furnishing a staple article to farmers for which there is always a demand, and will be employing convict labor while not interfering with any other industry in the state. The board intendto visit the large twine manufactory at Stillwater, Minn., in the near future to estimate the cost of establishing the new manufactory at Anamosa and will submit the proposition to the next legislature in its report.

Writs of Injunction Granted.

Applications for temporary writs of inunction were presented to Judge Prouty this morning by the five local fire insurance companies, viz.: Des Moines Capital, State, Hawkeye and Fidelity, asking that F. A. French, assessor, be restrained from listing and assessing for purposes of taxation the property of the companies other than real estate. The injunctions prayed for were granted, and restraining orders issued upon the filing in each case of a bond for \$1,000. The claim made by the companies is that they are assessed by the state and are compelled to pay into the state treasury 1 per cent of their gross receipts, and the state auditor informs them that if they\_refuse to pay this amount in each instance he will revoke their certificates. They further claim that the statute plainly provides that such tax paid to the state shall be in lieu of all city and county taxes except that upon real estate. They therefore contend that they are not liable.

A call was issued today for a state meeting of lown grocers, to be held in this city April 12 and 13, for the purpose of effecting a state organization. The call was sent out to 6,000 grocers. A temporary organization has been arranged as follows: President, A. J. Younkin, Iowa City; vice president. L. S. Peckham, Marshalltown; secretary, S. A. Walcott, Belmond, It is believed that at least 500 or 600 grocers will attend the meeting.

Railroad Valuation.

The state executive council has fixed the assessed value of the railroads of Iowa at \$44,475,807. This is an increase over last year of \$37,025. A gross increase of \$65,590 was made, but decreases of \$28,565 were agreed to.
