OTIS WINS A SWEEPING VICTORY

Defeats the Forces of Aguinaldo in a Pitched Battle with Heavy Loss, AMERICANS LOSE ONE HUNDRED KILLED AND WOUNDED

Loss of the Filipinos in the Engagement is Three or Four Hundred.

REBELS MAKE A FINAL STAND AND FIGHT DESPERATELY

Leave Malolos Under a Small Bodyguard for Aguinaldo and Concentrate at Malabon, North of Manila, Where They Stake Everything in Their Attempt to Overthrow the Americans—Uncle Sam's Soldiers Put Up a Good Fight and the Rebels Are Routed.

MANILA, March 24.—(New York World Cablegram—Special Telegram.)—A sweeping victory over Aguinaldo's forces has just been won by the United States troops.

The rebels had been expecting an advance movement for some days. Their spies within our lines usually have kept them advised of the American plans of operation. In this case the Filipinos knew they must make their most stubborn stand, as the American commander meant to wipe them out or disperse them and capture their capital, Malolos.

They moved forward from Malolos, leaving there only a bodyguard for Aguinaldo. It is said, and concentrated in large numbers about Malabon, which lies to the north of Manila on the railway and on the shore of the bay. There they had been excellently active for several days fortifying. They had constructed several lines of trenches and had arranged defenses peculiar to the country, and doubtless felt that they could at least hold the American bay.

So busy had they been in getting ready for a supreme struggle that they had neglected to make their customary attacks by sharpshooters on our outposts. The fighting today was desperate on the part of the Filipinos and determined on the part of the Americans. The result was disastrous to the rebels.

PREPARING FOR THE FIGHT

Filipinos Entrench Themselves in the Hope of Defeating the American Forces. MANILA, March 24.—Noon.—The enemy is extremely active in the vicinity of Malabon in preparing defenses, evidently anticipating an attack. They keep well under cover. A small body of rebels, however, emerged from the jungle on the extreme left yesterday and fired upon the Kansas troops in the trenches, fatally wounding Private Cohen of Company B and Private Muser of Company E.

The Oregon volunteers and the Twenty-second Regulars marched to the front today. The Third and Seventeenth regiments have disembarked from the Sherman. General H. G. Otis' brigade struck its tents this morning and in early move is probable. Sixteen English refugees arrived here yesterday from Dagupan, the railroad terminus, on board the steamer Saturnus. They report that the natives are generally friendly and the officers invariably courteous. Mr. Higgins, manager of the railroad, and about a dozen unarmored men in charge of various business interests, incline to take advantage of the opportunity to leave.

EXCURSION TO TALLAHASSEE

Woodruff, a lawyer, attacked and shot Judge John H. Cochran in chambers, the trouble growing out of the court's refusal to approve a bill of exceptions in a lawsuit. Judge Cochran attempted to defend himself and a bystander named R. P. Watts was shot in the hip. Watts and Judge Cochran are in a critical condition. Woodruff is under \$5,000 bail. Judge Cochran is an ex-speaker of the Texas house and was a candidate for governor in 1894.
