Interesting Question Raised in Suit Brought by Mrs. Benner.

The suit of Mrs. Louisa H. Benner against H. O. Ouren, an attorney, and Sheriff Mor-gan, tried yesterday before Judge Smith in the district court, raises an important and interesting question. The plaintiff seeks to enjoin the sale of her homestcad under an execution on a judgment on the grounds that the homestead was purchased with life insurance money.

The plaintiff is the widow of the late M. H. Benner of this city and at his death she received \$3,000 from a policy of life 13tempted to sell to satisfy a judment obtained against Mrs. Benner. The judgment penses during the lifetime of Mrs. Benner's tiusband.

The law exempts pension money and the 'avails' of life insurance policies from attachment under execution on a judgment and the question that arises in this case is whether the homestead purchased with the proceeds of the insurance constitutes an "avail" of life insurance as intended by the law. The case was fully submitted and the court took its decision under advise-
