James Doyle Case Comes Up Again for Consideration.

In the district court yesterday the attorneys for James Doyle in the suit in which he asks that his judgments against James F. Burns for \$717,000 be made a lien against the stock held by Burns and other stockholders of the Portland Gold Mining company and in which he asks that a receiver be appointed for the company, appeared before Judge Smith and demanded default against all the defendants except Thomas F. Burns. The latter had filed a separate motion asking that Doyle be required to give cost bond and rather than do this the case as against him was dismissed. Attorneys Ross & Ross appeared as friends of the court and suggested want of jurisdiction. On this showing Judge Smith continued the case until this after-

General Breckinridge Finds the Khaki Uniforms Fade Into All Sorts of Colors.

NEW YORK, April 10,-A dispatch from Washington says: A number of recom mendations in the interest of the health and emfort of the American troops in Cuba and Porto Rico have been made by Inspecto General Breckinridge, who has just returned from an inspection trip in those islands. While all the American troops in Porto Rico were found comfortably housed, General Breckinridge discovered that many of the men in Cuba were in tents, though the War department since his report reached it has been making strong efforts to get all the roops into barracks before the rainy season The great fault found by General Breckin ridge was in the matter of clothing. The Khaki uniforms with which most of the men were supplied have turned all shades of color from white to a dirty brown and are not satisfactorily serving their purpose. He has brought to the attention of the depart

the Spaniards. General Breckinridge knew when he left Washington that the War department did no wish him to continue the beef investigation but while visiting a reconcentrado depot in Havana he detected the odor of foul meat and called the attention of the commissary officer to it. Before the general left Havani something like five tons of the beef had been condemned. General Breckinridge has recommended that the ration of vegetables and sugar be increased.

"STOP THIEF!"

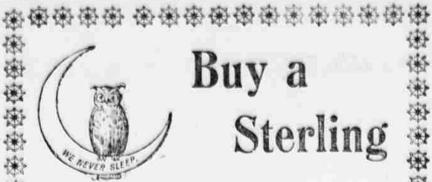

It is an old trick among the lightfingered fraternity to divert attention from themselves by raising the cry of stop thief" and so putting the public

on a false scent. There is a certain kind of advertiser who is expert in similar methods. One of his tricks is to tell women that it's "revolting" to write to a man in con-sultation about disease. "Women should write to a woman." The remainder of the advertisement invites women to write for advice, and is carefully worded to convey the idea that the advice offered is that of a physician. But a close examination shows that there is no physician's advice offered and the whole clamor of "write to a woman" is raised to divert attention from the fact that the woman offering advice is not a doctor, and therefore not competent to give medical advice :

For the advice of an unqualified woman is just as dangerous as the advice of an unqualified man.

Women who are sick can obtain medical advice free by letter, by consulting Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. As an expert in the treatment and cure of female diseases Dr. Pierce takes the highest rank In over thirty years' experience he has treated half-a-million women and of that great number ninety-eight per cent. have been perfectly and permanently cured. Each letter is held as private and its contents guarded as a sacred confidence.

PAINT YOUR HOUSE

And give the job to one who will do it neatly and at a moderate cost. We can suit you both ways. Our reputation is built upon the work done right here at home.

Then after painting let us figure on papering the rooms in your home. We can give you an estimate on both jobs at the same time if you so desire. We have the finest line of wall paper in town.
