While it is probable that there is an end to the big engagements in the Philipptnes bringing all to Savannah. between the Americans and the Filtpinos. the war is not over by any means. It is the universal opinion among army men here that it will require the presence of 50,000 American troops to occupy the territhe enemy from town to town. On all sides the rebels are in nightly communication by means of signal fires. They avoid being caught in a trap and are quick to barass the flank.

Aguinaldo is reported to be in San Fernando and still in absolute charge of the defenses of the new capitol, Calumpit. The insurgents cut the telegraph wires and tore up the railway track between Bigna and Bocave at 3 o'clock this morning. In repelling them the Minnesota and Oregon regiments lost five killed and sixteen wounded.
