THIS IS THE PLAN:

Here is the plan of the contest. The Bee

will give away any standard make wheel

the winner may choose for each 300 orders handed into our office. As soon as the first 300 orders have been received the first con-

test closes and we will award the wheel to the one bringing the most orders out of this 300. Then contest No 1 closes and contest

No. 2 opens on the next 300 orders. We expect to give away dozens of wheels,

for just see how easy this is. If only thirty people start out to get subscribers they will

only have to average ten aplece to make the

total, so that the winner will not have to get very many orders, you see. The way to

at The Bee office as soon as possible

to is to start early and hand in your orders

Now about the orders. Each order must be for an actual new subscriber. Each sub-scriber must take The Bee for at least three

weeks and pay for it in order to be counted. It is better, but not necessary, to pay in ad-

vance. If the subscription is paid for in ad-vance it will count one on your score for each three weeks for which it is prepaid.

For example: If a subscriber pays in ad-vance for six weeks it counts 1: If he pays far iwelve weeks it will count 4: If he pays for one year (i will count 17. On orders which are not oald in advance it will count

nly one on your store, no matter how long

To weak and debilitated men and women I offer a free book if they will only write for it. I could give druge if I wanted to and make a great deal of money by doing so-it does not cost a cent to write a pre-scription; but I could not give you drug treatment and be honest, for I know drugs will not cure-they only temporarily stimu-late. I am the inventor of

this lost Electricity. The only trouble heratofore with electric beits and batteries was that the current did not penetrata the system, but was relained upon the sur-face, which caused frightful burns and bils-tera. I have done away with all that. My Brit has soft, silken, chamols-covered electrodes that render this burning and bilstering a physical impossibility and allows the entire current to penetrate the system as it should. The electrodes on my Belt cost more to manufacture than the entire beit of the old-style makes. When worn out it can be renewed for only 75 cutte No other belt can be renewed for any price and when worn out is worthless. I guarantee my Belt to cure Sexual Im-potency Lost Manhood, Varioocele Sper-matorrhea and all forms of Sexual Waknesses in either sex; restors Shranken and Undeveloped Organs and Vitality; cure Nervous and Gameral Debility Kid-ney, Liver and Bladder Troubles Chronic Constipation.
