THE real heroines of every day are in our homes. Frequently. however, it is a mistaken and useless heroism. Women seem to listen to every call of duty except the supreme one that tells them to guard their health.

[NOTE FROM MRS. PINKHAM'S DIARY.]

As long as they can drag themselves around, women continue to work. They have been led to believe that suffering is necessary because they are women. What a mistake! For proof read this:

"I was so weak and nervous that  ${\bf I}$ thought I could not live. I had falling of the womb and leucorrhona, and thought I was going into consumption. I had dragging pains in my back, burning sensation down to my feet, and so many miserable feelings. I was not able to do my work. People said that I looked like a dead woman. Doctors tried to cure me but failed. I had given up when I heard of Lydia E. Pinkham's Vegetable Compound. I got a bottle. I did not have much faith in it but thought I would try it, and it made a new woman of me. I have been doing my work ever since for a large family. I wish I could get every lady in the land to try it, for it did for me what doctors could not do."-Mrs. SALLIE CRAIG, Baker's Landing, Pa.

If you are ill and need counsel you can secure advice from Mrs. Pinkham's vast experience without cost. Write to her at Lynn, Mass., and tell her the whole truth; you can talk freely to a woman.

### The following is the experience of Mrs. Meier in her own words :

DEAR MRS. PINKHAM:-I feel it my duty to inform you of the benefit I have derived from the use of yourmedicine. I have suffered for two years, and have spent over one hundred dollars for doctors. There was not a

week passed without my doctor being called to my bedside. He said 1 had halling of the womb, and that I must wear a rubber ring. I wore it six months, but I still had these bearcogedowa pains, and pains in my back and side. Menstruations were so painted that I was competited to take to my hed. I have taken four bottles of your medicine, and am guided all those pains, 1. never felt better in my life than I do now. I would recommend it to all who safes i con tomate weakness or womb trouble.
