#### HUNDREDS OF MEN AT WORK GRADE IS FIXED AT NO.

Sixty Outfits Are Engaged in Grading the Omaha & Fort Dodge Road.

BUSY SCENES ALONG THE ENTIRE LINE

Plans for the Conneil Bluffs Depot Are Completed, Showing a Handsame Structure of Brick and Stone.

Operations connected with the construction of the Fort Dodge & Omaha railroad have been commenced in earnest. Everyday, it is said, at some point along the line a new grading outfit puts in an appearance, until sixty of them, embracing several hundred men, are now engaged in building the road. All the right of way which could be archased through agreement with the own- good service to the government. ers has been secured, but there are a few places where condemnation proceedings must se resorted to. These will receive attention immediately and will cause no delay in the during the past year. If business continues work. Within a month visitors along the as everything indicates that it will, the rerouse will have an opportunity of seeing a sample of modern railroad construction, where grading, track laying, masonry and bridge building are going on simultaneously. The road will be completed and ready for operation by the time cold weather sets in

The passenger depot for this road at Council Bluffs will be built on a tract of ground near the Northwestern city depot. building will be of brick and stone and will face to the south and east. The plans are completed and it is promised that the structure will be the handsomest passenger denot in Council Bluffs. It will be less than a block from the Omaha and Council Bluffs Street Railway line. Work will not be commenced upon it for some time, but it will be

The road also has many other projects in hand which are said to promise more certain returns than the building of a road from Omaha to Sioux City. A few weeks ago a report also came from Sloux City that the Burlington attendance. came from Sloux City that the Burlington attendants. was behind this proposed road, which was promptly denied by the officers of that com-

Cost of the New Vinduct.

At the Union Pacific offices it is said that work on the new Sixteenth street viaduct will be commenced "as soon as possible." This is explained to mean that there is a targe amount of detail and preparation to receive attention before active building opcrations can start. It is also said by the officers of the roads interested that the viaduct will cost nearer \$175,000 than \$100,000. as was stated. The engineers of the roads estimated that the viaduct as plenned by City Engineer Rosewater would cost \$225,000 but with some alterations in the plans agreed upon this amount would be reduced about \$40,000. The assurance is given, too, that the viaduct will be a structure worthy of the city and fitting for the heavy traffic which it will be called upon to sustain dur ing the period of its existence.

Southern Pacific Officers.

SAN FRANCISCO, April 14.-At the annual meeting of the Southern Pacific Railroad company of California the directors elected officers as follows: President, C. P. Huntington; vice president, George Crocker; second vice president, General Thomas H. Hubbard; treasurer, M. T. Smith; secretary, J. L. Willoutt. George Crocker succeeds H. E. Huntington and his former place is taken by General Hubbard.

Railway Notes and Personals. J. A. Kuhn, general agent for the North-western, is in Chicago.

. Francis, general passenger agent for the Burlington, who has been making an ex-tended trip to Pacific coast points, is ex-pected home the first of next week. The Interstate Commerce commission has

issued a call for another meeting of the presidents of western railroads in Washington on May 10 to consider the rate quer tion. The result of the last meeting has not been satisfactory.

R. Buchanan, general passenger agent for the Elkhorn, has returned from his trip to the northwest. He reports the most de-lightful weather in that country during the period of his visit there. He says that at Casper, Wyo, the sheep men are busily

engaged in shearing and that there will be a big business there this season Have you already tried Schlitz's buck?

Fire Drill to Be Revived in Schools The fire drill, which has been neglected lately in Omaha's public schools, will be revived. Superintendent Pearse has is sucd orders that commencing next Mon-day two drills be held each week in all schools in all the buildings over two stories high. The schools that will be affected are lligh, Castellar. Farnam, Leavenworth, Omaha View and Park. The Patterson block fire has been in some degree respon-sible for the issuance of this order. The fire drill has been in vogue in past years in the schools, but it was carelessly discontinued this year for various reasons. In the first place the schools opened so late, and they were in a rather disorganized condition for so long a time as a consequence of the exposition that the drill was not thought of until the winter set in. Then the weather was so severe and long that the drill was not taken up. Since the Patterson block fire, however, Superintendent of Schools Pearse has only been awaiting the moderation of the weather to revive the regular practice.

#### "FOR THE GOOD OF THE ORDER"

Reason Why F. E. Blind Strack Edward Riley\_More Trouble Between Painters.

The strike of the union painters does not em to have been settled yet, as Ed Riley appeared at the police station yesterday nd filed a complaint alleging assault and attery against F. E. Blind, a union painter llind entered a plea of not guilty and his ase was set for hearing April 20 at 10 'clock in the morning.

Riley is a member of union 104, while Blind belongs to the original union, No 109. Riley is employed by Beard Brothers and was at work in the flats at 2580 Harney street. Two boys saw three men watching the flats and notified their parents, who in officer came Riley emerged from the house and crossed the street to where one of the en was standing. The man asked him it was working for Beard Brothers and he sald that he was. At this Riley says Blind ran up and struck him on top of the head. The officer arrived in time to prevent any

urther trouble and arrested Blind. Blind says that an effort had been made o induce Riley to leave the work and assist. in forcing his firm to sign the contract for in increase in the scale of wages. At first Riley said he was working for himself. As the officer approached, however, he acknowledged that he was employed by Beard Brothers. His refusal to leave the work made Blind angry, and as Riley had a large pair of shears in his hand which he was flourishing, Blind said he struck him once for the good of the order.
